

Vaimo wins Akeneo Excellence Award at Akeneo Unlock 2026

Stockholm, April 15, 2026 – Vaimo, a global expert in digital commerce and customer experience, has been awarded the Excellence Award at the Akeneo Unlock 2026 event in Chicago, as part of the annual Akeneo Partner Awards.

The award recognizes Vaimo’s continued commitment to delivering high-impact Product Information Management (PIM) solutions, as well as its long-standing partnership with Akeneo.

Vaimo has been an Akeneo partner since 2017 and has consistently expanded its capabilities and global footprint within the PIM space. Vaimo achieved Gold Partner status in 2018 and was elevated to Diamond Partner status in 2024, reflecting both the scale and quality of its delivery.

To date, Vaimo has delivered a significant number of Akeneo projects globally, supporting brands and retailers in centralizing product data and creating consistent, high-quality product experiences across channels.

This latest recognition builds on Vaimo’s earlier success at the Akeneo Partner Awards, where it received the Global Growth Award in 2022.

“Winning the Excellence Award is a proud moment for our team and a testament to the strength of our partnership with Akeneo,” said Tommy Essenholm, Head of PIM at Vaimo. *“This recognition reflects the impact of that work and the trust our clients place in us.”*

Vaimo continues to invest in its PIM capabilities, supporting organizations in navigating increasingly complex digital commerce landscapes with flexible, future-ready architectures.
