Operational Review

Figures in brackets refer to the corresponding period the year before, unless otherwise stated

Rental Income

Rental income decreased 0.7% to SEK 3,989 million (4,017). The slight decrease in rental income is due to the privatisation programme and portfolio sales. Residential rents were 91.9% (92%) or SEK 3,666 million (3,684) of total rental income with the remaining 8.1% consisting of commercial, garage/parking, and other rents.

Service Charges

Service charges paid by tenants for the quarter

increased to SEK 433 million (340). Service charges include property expenses that are paid by Heimstaden and recharged to the tenants. The majority relate to utilities (about 73%) followed by direct property costs (about 23%). Seasonality impacts margins in countries where landlords carry utility costs. For example, Germany and Czechia have limited NOI impact due to recharging to tenants, whereas Sweden has full NOI impact since utilities are paid by the landlord.

RENTAL INCOME DEVELOPMENT FOR THE QUARTER

SEK million

Like-for-like Development

Like-for-like rental income growth amounted to 4.5% (6.3%) and the comparable portfolio reflected in the like-for-like development comprised 97.4% of total rental income. Key drivers of the quarterly development stem from indexations which contributed 3.1% of the 4.5% quarterly increase, with the remainder being tenant improvements (0.5%), occupancy improvements (0.6%), and rent reversion covering the residual (0.3%).

Like-for-like rental income growth continues to exceed the blended core CPI which stood at 2.7% for the quarter. This further demonstrates the ability of Heimstaden to capture rental growth above CPI over time.

Real Economic Occupancy

Real economic occupancy development was neutral at 98.6% (98.7%). Compared to the previous quarter, the real economic occupancy increased slightly from 98.5%. This QoQ

development is due to the continued stabilisation of the 464 units that were delivered in the UK in Q4 2024 (growing the portfolio by 50%). Heimstaden's three largest markets achieved an average occupancy rate of 99.6% for the quarter.

Property Expenses

On a quarterly basis, total property expenses net of service income decreased by 9.2% to SEK 984 million (1,083), driven by cost control measures, digitalisation in the management companies and seasonality in utilities.

On an LTM basis, property expenses net of service income decreased by 7.1% to SEK 4,483 million as compared to the LTM Q3 2024 figure of SEK

4,825 million. The drivers of the LTM development mirrored the quarterly trend.

Net Operating Income

Net operating income, for the quarter, improved to SEK 3,005 million (2,934), resulting in a quarterly net operating income margin of 75.3% (73.0%). The improvement continues to be predicated upon strong rental growth and reduced expenditures. On an LTM basis, the net operating income margin increased to 72.1% (69.2%).

Asset Management

Efficient Capital Allocation

Heimstaden allocates capital expenditure to non-recurring projects aimed at upgrading, extending, or improving the quality and lifetime of existing assets across four pillars: maintenance, sustainability, tenant improvements, and value-add. Our focus on active asset management has been crucial in navigating changing market conditions. By continuously evaluating and optimising our portfolio through strategic disposals, and considerate property enhancements, we have ensured that capital is allocated where it returns the most shareholder value. Our approach involves rigorous market analysis, tenant engagement, and adaptive property management.

CAPITAL EXPENDITURES

Investment properties under construction	61	274	552	1,557
Capital expenditures	960	2,745	1,297	3,804

On a quarterly basis, total capital expenditures reflecting our four pillars were SEK 900 million (746). The year-over-year increase is largely due to increased spending in both maintenance and sustainability which together amounted to SEK 582 million (400). The drivers of the changes include an updated maintenance schedule for the portfolio and timing effects of completions of sustainability investments into the portfolio primarily from Germany.

Looking ahead, we see continued potential for deployment of value-accretive projects within our portfolio and we expect to see increased investments.

Outstanding Commitments

For the quarter, Heimstaden has not made any new commitments for new development and construction. No new units were delivered in the quarter.

Looking ahead, we expect to receive 187 units in Denmark, and our subsidiary Heimstaden Bostad expects to receive 533 units in Sweden, 182 units in Czechia, and 84 units in Germany accounting for a total estimated fair value of SEK 2,895 million and an estimated NOI of SEK 117 million (on an annualised basis). The majority of these deliveries are expected to occur beginning Q4 2025 and continuing through 2027.

Realised Gains/Losses from Divestment of Properties

Since the launch of the privatisation programme, SEK 16,561 million in total sales value has been divested in eight countries reflecting 3,644 residential units at a 27.2% premium to book value. Net proceeds, which represent the total revenue generated from sold units after deducting transaction costs, repayment of secured asset-level debt, and taxes payable or deferred upon sale, is SEK 9,465 million since programme inception.

For Q3 standalone, 615 (516) residential units were sold across eight countries for a total sales value of SEK 2,865 million at an average premium to book value of 28.2% (24.6%) . Sold units include assets held for sale. Net proceeds, for the quarter, was SEK 1,680 (1,621) million. Further splits detailing estimated proceeds are presented in the waterfall. Realised gains from divestment of properties were SEK 642 (474) million for the quarter.

Assets held for sale only include units that were signed as of the balance sheet date but not transferred. Per the balance sheet date, a total of SEK 1,424 million (1,371) was held for sale in Denmark, the Netherlands, Poland, and Norway.

On the balance sheet date, 144 units valued at SEK 611 million were conditionally signed for sale. These units are expected to close in Q4 and will be reflected in the Q4 figures.

Investment Properties

Change in Fair Value of Investment Properties

Change in fair value of investment properties were SEK 792 million (2,600) corresponding to 0.2% of fair value. Overall, fair value during the quarter remained flat, with the positive movements in the Netherlands and Czechia being offset by moderate decreases in Denmark and Norway.

The average valuation yield was 3.71% (3.67). On a quarter-over-quarter basis this is stable compared to 3.70% in Q2.

Values were flat for Sweden and Germany with yields stable for the quarter. Finland saw a decrease in value due to non-value-add capital expenditure, which was netted against fair value change. Despite continued strong momentum in the Danish residential market, values in Denmark observed a marginal decline as transaction comparables indicated increased discount to vacant possession values for privatisation cases. Values in United Kingdom fell moderately due to expanding yields over the quarter. Norway observed a moderate fall in value due to a combination of capital expenditure and reduction in commercial rents. The Netherlands continued to

see increased values, primarily driven by strengthening vacant possession values. Poland saw values increase on the back of rental growth momentum. Values in Czechia experienced strong momentum, supported by continuous improvements in operating performance and completion of value-add capital expenditure projects.

The entire portfolio is valued by external valuers each quarter.

Funding

Interest Expenses

For the quarter, interest expenses were SEK 1,663 million (1,680). On a quarter-over-quarter basis, the average interest rate increased to 3.46% from 3.36%, which was driven by a combination of factors such as increased long-term base rates in combination with recent refinancings taken. On an LTM basis, interest expenses increased to SEK 6,669 million compared to SEK 6,370 million from Q3 2024.

For Heimstaden's subsidiary Heimstaden Bostad to effectively manage and mitigate interest rate exposure, fixed rate debt and interest rate swaps are employed according to the Financial Policy. Although the policy requires an interest hedge ratio above 75%, Heimstaden Bostad has proactively increased its hedge position above this threshold to safeguard the ICR. By end of quarter, the interest hedge ratio was 88%, slightly down from 89% in the same quarter last year.

Liability Management

In the quarter, Heimstaden issued one senior unsecured bond consisting of a 5NC2.5 EUR 400 million fixed rate note. The EUR note carries a coupon of 7.361%. The proceeds from the new issues were used exclusively to refinance outstanding debt as part of a tender offer exercise that was contingent upon issuance of the new notes.

In the quarter, Heimstaden's subsidiary Heimstaden Bostad issued one EUR-denominated senior unsecured bond of EUR 500 million. The September issuance carried a maturity of 5.5 years with a fixed coupon of 3.75%. The September bond was issued under the Green and Sustainability-Linked Financing Framework which outlines the criteria for Heimstaden Bostad to issue green bonds to finance energy-efficient buildings. The framework has been reviewed by Morningstar Sustainalytics, which has provided a positive Second-Party Opinion.

Heimstaden Bostad's track record of access to capital markets is complemented by alternative funding options, including bank financing. Operating across nine countries, the portfolio's geographic diversity enables competitive asset-backed funding at attractive terms characterized by long tenors and substantial volumes.

Liability management is further supported by the privatisation programme which continues to perform in line with expectations. The net release of proceeds, which includes repayment of secured debt, is a key support for Heimstaden Bostad's deleveraging objective.

In combination, access to a diverse array of competitive funding sources and the ongoing deleveraging through disposals set a clear path to grow the ICR in Heimstaden Bostad while maintaining a strong liquidity position to manage upcoming maturities in a prudent way by using available cash reserves, either independently or combined with other funding sources.

Liquidity Management

Heimstaden's subsidiary, Heimstaden Bostad, ended the quarter with SEK 17,912 million of unutilised credit facilities.

Explanation of Standalone Earnings

Operating income captures the group management agreement that includes 0.2% p.a. of Heimstaden Bostad’s gross asset value measured and paid quarterly at 0.05%. Additional operating income stems from ancillary services provided.

Operating costs refer to salaries, premises, and expenses related to services provided.

Dividends from Heimstaden Bostad refer to dividends received from Heimstaden Bostad as regulated by Heimstaden Bostad’s Articles of Association and Shareholder Agreement.

Other profit distribution is a general line item that captures one-off profit distributions (proceeds from sale of assets and/or sale of shares), currently this line includes the sale of the Icelandic portfolio (Q4 2023 and H1 2024) and the sale of Danish development assets (Q1 2025).

Payments on hybrid securities refer to cash coupons paid on the SEK and EUR hybrid bonds, the cash coupons paid are currently deferred per the SEK deferral notice (Q1 2024) and EUR deferral notice (Q4 2024).

Heimstaden Bostad AB Dividend Policy

Heimstaden Bostad has three share classes with economic rights, Share Class A, Share Class B and Common shares. Share Class A shares accrue quarterly dividends of 0.05% of the market value of Heimstaden Bostad’s investment properties. Dividends on the Share Class B shares are dependent on the Loan-to-Value and Return on Equity of Heimstaden Bostad. Owners of Common Shares are entitled to all additional possible dividend payments, to be decided by the general assembly, after owners of Share Class A and Share Class B shares have received their parts in full. More information on the dividend policy can be found in Heimstaden Bostad’s Articles of Association.

Notes to the Condensed Consolidated Financial Statements

1. Accounting Policies

Corporate Information

Heimstaden AB (publ), Corp. ID No. 556670-0455, is a limited liability company registered in Sweden with its registered office at Carl Gustafs Väg 1, SE-217 42 Malmö, Sweden. Heimstaden’s operations consist of owning, developing and managing residential properties.

Basis for Preparation

Heimstaden’s interim condensed consolidated statements have been prepared in accordance with IAS 34 Interim Financial Reporting. The Parent Company applies RFR 2 Accounting for Legal Entities and the Swedish Annual Accounts Act. The financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the 2024 annual financial statements. The accounting policies and methods of computation followed are consistent with those of the previous financial year.

Due to rounding, numbers presented in these financial statements may not add up precisely to the totals provided. Figures in brackets refer to the corresponding period the year before, unless otherwise stated.

Recently Issued Accounting Standards, Interpretations and Amendments

New standards, interpretations and amendments effective in 2025, where applicable to the Group, had no material impact on recognition, measurement, presentation or disclosures.

Furthermore, the Group has not adopted any standards, interpretations, or amendments effective after the reporting date, as disclosed in Note 1.6 of the Annual Report 2024.

Change in presentation of property expense categories

During the current interim period, the Group revised its presentation of property expense categories. Costs previously categorised under “Other”, “Property Management”, and “Repairs and Maintenance” are now presented as “Direct Property Costs”.

Property expenses are classified as follows:

- Utilities: electricity, heating, water, and waste
- Direct property costs: repairs and maintenance, facility management, insurance, homeowner association fees, bad debt, and other direct operating costs
- Property tax
- Property management: indirect and administrative costs such as customer service, property administration, letting, marketing, and general management services

Comparative figures for the three- and nine-month periods ended 30 September have been reclassified. The change affects presentation only, with no impact on total property expenses. See [Note 3](#) for the revised presentation.

2. Related Parties

Transactions with related parties are conducted on terms equivalent to those that prevail in arm’s length transactions.

During the first quarter of 2025, Heimstaden divested shares in certain Danish development projects to Fredensborg 32 AS for SEK 937 million.

Other than the transaction noted above, there have been no material changes in the nature or volume of related party transactions since the last annual reporting period. For further details on related party relationships and transactions, please refer to the Group’s most recent annual financial statements.

3. Segment Reporting

Heimstaden organises its operations by geography, with nine reportable segments: Sweden, Germany, Denmark, the Netherlands, Czechia, Norway, United Kingdom, Poland, and Finland. Management monitors net operating income and investment property values; other profit and loss items are not allocated. From January 2025, Denmark and the Netherlands present service charges on a gross basis for comparability. See [Note 8](#) for fair value of investment properties per segment.

Realised gain/loss from divestment of assets held for sale is calculated at the contractually agreed upon sale price and the most recent carrying value at the latest financial statement prior to sale. Realised gains/losses from divestment of property only include direct transaction cost related to sale of a specific unit. Realised gains/losses from assets held for sale at balance sheet date includes reversal of gains from completed transactions showed as divestments. Other indirect cost directly linked to the privatisation business unit was SEK 26 million (17) during the quarter. Privatisation cost is included in other administrative expenses. Refer to [Note 8](#) for further details.

7. Income Taxes

EFFECTIVE TAX RATE

SEK million	Q3 2025	Q3 2024	YTD 2025	YTD 2024

Income tax expense/income	1,103	-919	-2,011	-2,127
Effective tax rate, %	-41.1	27.5	13.7	28.4

Heimstaden recognised a tax expense of SEK -1,103 million (919) in the third quarter, corresponding to an effective tax rate of -41.1%. During the quarter, Germany enacted an approximately 5% gradual reduction in the corporate income tax rate by 2032. Deferred tax balances have been remeasured to reflect the lower future rates, resulting in a reduction of deferred tax liabilities by SEK 1,676 million and recognised as tax income in the period. The remaining difference between the effective tax rate for the quarter and the tax expense based on the Swedish tax rate of 20.6% is mainly driven by utilisation of tax loss carryforwards, fair value changes of investment properties previously valued below initial recognition, non-deductible interest expenses, and effect of different statutory tax rates between the jurisdictions Heimstaden operates in. Profit/loss from associated companies are reported net after tax which also impacts the effective tax rate. The underlying tax rates in the countries in operation are in the range of 19% to 30.2%.

8. Investment Properties

Property Value per Segment

The fair value of investment properties is based on external valuation, and there have been no changes in the valuation method since the Annual Report. For more information, see Annual Report Note 3.1. Heimstaden divested investment properties with a carrying value of SEK 2,710 million within the quarter. Assets held for sale are measured at fair value which is the contractually agreed upon sales price. The total investment properties value per operating segment is shown below.

9. Goodwill and Intangible Assets

As of 30 September 2025, the carrying amount of goodwill is SEK 15,633 million (15,861), of which SEK 15,545 million (15,771) is goodwill identified in the acquisition of Akelius Lägenheter Aktiebolag, Akelius Bolig Holding ApS and Akelius GmbH.

Goodwill identified in a business combination is allocated to the Group’s cash generating units (CGUs) and tested for impairment annually or when impairment indicators are present. The Group has not identified impairment indicators for any of the CGU’s which goodwill is allocated to at the balance sheet date.

Intangible assets comprise of software and are expected to have a useful life of 3–15 years.

For more information of assumptions regarding the methodology for calculating recoverable amount and WACC, see Note 3.2 in Annual Report 2024.

11. Financial Assets and Liabilities

Financial risk is regulated by the Financial Policy which prioritises the maintenance of a strong liquidity position and a proactive approach to liability management. Underpinned by strong fundamentals and helped by the strategic plan to reduce leverage through the privatisation program, Heimstaden has access to both competitive secured bank financing and attractive financing from the capital markets. Refer to pages 36–37 of the 2024 Annual Report for a detailed description of risk management and internal control.

The Company's hybrid bonds are classified as equity, see page 153 in the 2024 Annual Report for more information regarding the hybrid bonds. At the balance sheet date, Heimstaden was in compliance with its financial covenants.

The carrying amount of all financial assets and liabilities equates to their fair value except for non-current interest-bearing liabilities which have a carrying value of SEK 172,891 million (182,254) and a fair value of SEK 174,868 million (174,952). The difference between carrying value and fair value is due to bonds trading below nominal value.

There were no changes in the Group’s valuation processes, valuation techniques, and types of inputs used in the fair value measurements during the period. There were no transfers between Level 1 and Level 2 fair value measurements during the period, and no transfers into or out of Level 3 fair value measurements during the three months ending 30 September 2025.

12. Equity

Hybrid Bonds

In Q1 2025, as part of the Q4 2024 EUR 500 million hybrid call/replace transaction, Heimstaden subsidiary, Heimstaden Bostad bought back hybrid bonds amounting to SEK 935 million at their nominal value, incurring a currency translation loss of SEK 50 million. This repurchase was due to the difference of the EUR 500 million benchmark transaction and the total outstanding amount of EUR 589 million. The repurchase was within S&P’s 10% hybrid buyback threshold.

Non-Controlling Interests

Non-controlling interests consist of external ownership interests in subsidiaries and their subsidiaries. Heimstaden ABs shareholders only control hybrid bonds in Heimstaden AB, all other hybrid bonds are classified as non-controlling interests.

13. Commitments and Contingencies

Investment Obligations and Capital Expenditures

Heimstaden has entered into contracts with sellers of investment property under construction placed in a corporate wrapper. Heimstaden will acquire 100% of the outstanding shares in the corporate wrapper at a future date. The contract is valued at fixed price (forward purchase) based on the equity in the corporate wrapper, where investment property is measured at fair value. The arrangements are recognised as financial instruments under IFRS 9 at fair value through the Statement of Comprehensive Income.

As of 30 September 2025, Heimstaden had total investment obligations of SEK 194 million (263). The forward funding contracts with third parties are committed to future capital expenditure in respect of investment properties under construction similar to own developments, which combined amount to SEK 960 million (1,404).
