LKAB is an international and high-tech mining- and minerals group that mines and upgrades the unique iron ore of northern Sweden for the global steel market. Sustainability is core to our business and our ambition is to be one of the industry's most innovative, resource-efficient and responsible companies. The group had sales of more than SEK 23 billion in 2017 and employs about 4,100 people in 13 countries. Other group business include industrial minerals, drilling systems, rail transport rockwork services and property management.
