

Nel ASA: Receives purchase order from Shell for two additional heavy duty H2Station[®] fueling stations

(Oslo, 12 April 2019) Nel Hydrogen Inc., a subsidiary of Nel ASA (Nel, OSE:NEL), has received a purchase order for the delivery of two additional H2Station[®] units for fueling of heavy duty fuel cell electric trucks in California from EQUILON Enterprises LLC (d/b/a/ Shell Oil Products US). The purchase order is issued under the previously announced framework agreement between Nel and Shell Global Solutions International B.V.

“We are happy to support Shell with two additional H2Station[®] fueling stations for heavy-duty trucks in California. We look forward to assist with expansion of the hydrogen fueling coverage in the Greater Los Angeles area which can help a transition to renewable and zero emission trucking.” says Jon André Løkke.

The purchase order has a total value exceeding \$7 million. The stations will be located in the Greater Los Angeles area and expand the fueling coverage for hydrogen powered heavy duty fuel cell electric trucks.
