Press Release: Status update regarding incident at Kjørbo

(Oslo, June 12, 2019) Nel ASA (Nel, OSE:NEL) has published a dedicated status update and Q&A site to address the incident at the Kjørbo hydrogen station.

Nel received a report of an incident involving a fire at the Kjørbo hydrogen station at 17:40 CEST on June 10, 2019. The fire was contained just after 20:00 CEST. Immediately upon receiving notification, Nel mobilized its crisis response team in Norway and Denmark.

Safety is Nel's main priority and the company is working intensively to identify the root cause of the incident. Expert personnel are currently on the scene and actively contributing to the ongoing formal investigation. In addition, Nel has engaged fire and explosion safety consultants from Gexcon, who are on site and taking an active role to provide an independent incident report.

The status update as well as a Q&A can be accessed on www.nelhydrogen.com, and will be updated as new information becomes available.

In addition updates on the website, Nel anticipates providing an investor update on its investigation and further process during next week.

- ENDS-
