

Nel ASA: Receives purchase order for H2Station® fueling station solution for taxis in Copenhagen

(Oslo, 27 December 2019) Nel Hydrogen A/S, a subsidiary of Nel ASA (Nel, OSE:NEL), has received a purchase order from Everfuel Europe A/S (Everfuel) for the delivery of a H2Station® fueling solution for a fleet of taxis in Copenhagen, Denmark.

“We are excited to enter into this first contract with Everfuel on providing our H2Station® fueling solution to help support the deployment and use of hydrogen powered zero emission taxis in Copenhagen,” says Jens Egholt Rasmussen, Global Sales Director for Nel Hydrogen Fueling.

“For Everfuel this initiative marks the start in offering competitive zero emission hydrogen fuel for vehicle fleets operators throughout Europe, without compromising cost and performance compared to conventional vehicles. This will also be one of the first high capacity, dual fill 700bar stations in Europe, ready for the planned scale up of green taxis in Copenhagen,” says Jacob Krogsgaard, CEO of Everfuel.

The H2Station® fueling solution will be installed during 2020 and is supported by the European Hydrogen program “Fuel Cells and Hydrogen Joint Undertaking” under the “Hydrogen Mobility Europe” project. The parties have decided to not disclose the value of the contract.

About Nel Hydrogen | www.nelhydrogen.com

Nel is a global, dedicated hydrogen company, delivering optimal solutions to produce, store and distribute hydrogen from renewable energy. We serve industries, energy and gas companies with leading hydrogen technology. Since its origins in 1927, Nel has a proud history of development and continual improvement of hydrogen plants. Our hydrogen solutions cover the entire value chain from hydrogen production technologies to manufacturing of hydrogen fueling stations, providing all fuel cell electric vehicles with the same fast fueling and long range as conventional vehicles today.

About Everfuel | www.everfuel.com

Everfuel is the new green fuel company in Europe - providing green hydrogen for larger vehicle fleets like buses, trucks and taxis. Everfuel is partner, owner and operator of PtX plants, hydrogen distribution & hydrogen fueling stations.
