Nel ASA: Receives purchase order from Biproraf for hydrogen fueling equipment in Poland

(Oslo, April 1, 2022) Nel Hydrogen Fueling, a subsidiary of Nel ASA (Nel, OSE:NEL) has received a purchase order from Biproraf, belonging to Grupa Technologiczna ASE, for one H2Station™ hydrogen fueling station. The unit will be used to fuel both light- and heavy-duty vehicles (FCEV) and forklifts in Poland.

Biproraf, who provides safe technologies and solutions for industry and economic infrastructure, and specializes in the design, supervision and construction of installations and facilities, will perform all the EPC work related to the project.

"We are pleased to be chosen by Biproraf to be the supplier of their first H2Station™ and we look forward to support Biproraf with this project " says Lis Gammelgaard, Regional Sales Manager at Nel Hydrogen Fueling.

The H2Station™ module, consisting of one station module and two dispensers, is a robust and state-of-the-art hydrogen fueling station which allows to refuel light-duty vehicles in less than five minutes and heavy-duty vehicles in less than twenty minutes in a safe, fast, and reliable way.

ENDS

About Nel ASA | www.nelhydrogen.com

Nel is a global, dedicated hydrogen company, delivering optimal solutions to produce, store, and distribute hydrogen from renewable energy. We serve industries, energy, and gas companies with leading hydrogen technology. Our roots date back to 1927, and since then, we have had a proud history of development and continuous improvement of hydrogen technologies. Today, our solutions cover the entire value chain: from hydrogen production technologies to hydrogen fueling stations, enabling industries to transition to green hydrogen, and providing fuel cell electric vehicles with the same fast fueling and long range as fossil-fueled vehicles - without the emissions.
