

New cooperation with distributor in Algeria

The cooperation with Diafer, which will be the company's distributor in the Algerian market now starts.

Algeria with its long Mediterranean coastline needs equipment and preparedness for both lifesaving activities and natural disaster operations. Diafer has for many years been an expert and is also very well established in the safety and security industry. Diafer imports & distributes a wide range of products for professional rescue operations in all its forms. The products Diafer distribute are up-to-date and reliable. Their goal is to establish good business relationships with their partners who operates in various industries: Marine and offshore platforms, Professional dive, Safety of sports competitions, Public security, Defence and Military, Firefighters, Local communities, Oil and gas.

Their team is motivated by their passion for safety and quality. Diafer strive to build partnerships with the best global brands in the field and this means that rescue personnel can work under good safety conditions and with high efficiency.

"We are very pleased to start our cooperation with Diafer, and we are excited to take the step into the Algerian market," says Henrik Hartman, CEO of Safe at Sea AB.

In connection with this agreement, Diafer invests in a SafeRunner system that will be used as a demo boat.

The boat will be delivered in Q1 2022.

Order value: approximately SEK 213.000
