

Safe at Sea receives order from NATO country

Safe at Sea has today signed an agreement with an international customer

Safe at Sea has today signed an agreement with an international customer

The company expects an additional order to be placed before the start of production.

“We are both proud and pleased to have won this contract,” says Kaj Lehtovaara, CEO.

Delivery is scheduled for Q3 2026.

The order value is approximately SEK 2,500,000.

Safe at Sea AB designs, manufactures and sells light, flexible och cost effecient Search-and Rescue SAR systems. These systems contribute to saving lives and optimizing SAR operations around the world and are likely to be the most effecient systems in the world when it comes to rescuing casualties out of the water. The systems involve personal equipment, operating methods, launch-and recovery solutions as well as training. The fundament of Safe at Seas product portfolio is the RescueRunner, SafeRunner, SeaRanger and GuardRunner. The company is based in Göteborg, Sweden and listed on the Spotlight stockmarket since the 10th January 2008.
