

CLS signs agreement with ROSE Urology for treatment of prostate cancer patients with TRANBERG Thermal Therapy System

Lund, Sweden – Clinical Laserthermia Systems AB (publ) (“CLS” or “the company”) announces today that their US subsidiary CLS Americas has signed an agreement with ROSE Urology, LLC, in Florida, the US, that will use TRANBERG Thermal Therapy system for treatment of prostate cancer patients.

Under CLS's Mobile Services Provider, CLS provides its FDA 510(k) cleared TRANBERG Thermal Therapy System with consumable accessories, training, and on-site clinical and technical support to ROSE Urology physicians and staff during treatment of prostate cancer patients.

ROSE Urology is focused on providing its patients with premier urologic care using state-of-the-art technology to create the best outcomes and patient experience possible.

“Our Mobile Service Provider model enables ROSE Urology and other leading clinics to gain quick access to the TRANBERG Thermal Therapy System with no capex requirements. Being able to choose from different services and pay on a fee per procedure basis, is a cost efficient and flexible alternative for clients wanting to provide their patients with minimal invasive and precise laser ablation treatments of prostate cancer,” says Dan J. Mogren, CEO, CLS.
