

## Curious to see who we at Parans are?

There is a curiosity from Parans growing network of partners, agents and installers to see and understand Parans as a company. To show this a video has been produced, named "Meet Parans and the People".

- Our sales network of partners grows, as the interest for the Parans system and the company Parans, says Anders Koritz, CEO at Parans. Some of the organizations that we work with are huge and we do not have the possibility to meet everyone in person. To avoid becoming totally anonymous behind a product we have produced this video to let the curious ones see who we are and also which values we represent before we have the chance to meet them in person. The video is equally valuable to use towards potential partners and investors.
