EFN is a Swedish nationwide financial media company and is operated by an independent editorial board. EFN Ekonomikanalen AB is owned by a subsidiary of Svenska Handelsbanken AB and has been selected Sweden's best financial channel three years in a row.

“I am very happy and proud that an independent and award-winning financial channel like EFN has made a news feature on OptiFreeze AB and our unique technology. This is another example that OptiFreeze is getting more interest as the demand for technology that can contribute to a more sustainable society is increasing”, says Eda Demir Westman, CEO of OptiFreeze.
