**About CybAero**

CybAero develops and manufactures Remotely Piloted Aircraft Systems (RPAS) for safer and more effective aerial operations in various environments, including those hazardous in nature. The company has made a great international impact with its APID One helicopter, which can be adapted for both military and civilian applications such as coastal and border surveillance, search and rescue missions, and mapping. CybAero's head office is located in the Mjärdevi Science Park in Linköping, Sweden. The company has around 45 employees and has been listed on the Nasdaq First North since 2007. FNCA Sweden AB is the company's certified adviser.
