Evolution's Lightning Roulette wins Game of the Year at the EGR Operator Awards

Evolution Gaming, leading provider of Live Casino solutions, has announced that its Lightning Roulette game has been named Game of the Year at the EGR Operator Awards.

Evolution beat ten other shortlisted companies to win the prestigious award, which recognises the game studio or operator that has produced the stand-alone game that has made the biggest impact during 2018. Evolution received its award at the EGR Operator Awards 2018 Ceremony at Grosvenor House Hotel in London.

Evolution's Lightning Roulette is a unique extended online Live Roulette game that has proved to be immensely popular with players across Evolution's operator network.

After collecting the award, Evolution's Chief Product Officer Todd Haushalter said: "We were particularly nervous with such tough competition in this category of Game of the Year and we are honoured that our peers in the industry and our customers have voted Lightning Roulette the Game of the Year for 2018. This is the second award for Lightning Roulette in just a few weeks, and we are very happy with the reception among both our customers and their end users."

The Game of the year category winner was voted for by operators shortlisted for one of the Operator Awards and the voting process was officiated by Deloitte.
