Parx Casino selects Evolution for Pennsylvania and New Jersey online Live Casino launch

Evolution Gaming, leading provider of Live Casino solutions, has announced that it has signed an agreement to power Parx Casino's launch of online Live Dealer Casino services in two US states. Parx customers will be able to choose from a wide range of online streamed live dealer table games from Evolution's existing New Jersey studio and Evolution's planned Pennsylvania studio.

Players on desktop, tablet and smartphone in both states will be able to play live traditional casino favourites such as Roulette, Blackjack and poker variants, as well as exclusive titles and innovative, award-winning games from the full Evolution live games portfolio.

Parx Casino is owned and operated by Greenwood Racing Inc. and is the number one revenue-generating casino property in Pennsylvania. The land-based venue, located just north of Philadelphia city centre, offers 150,000 square foot of gaming with 132 live table games.

Matthew Cullen, Senior Vice President of iGaming & Sports at Parx Casino, said: "Parx was the first Pennsylvania casino to offer RNG Blackjack games online, so extending our online offering to include world-leading Live Casino from Evolution is a natural next step. Our online Blackjack player base in particular will love Evolution's Live Blackjack offering, which includes Infinite Blackjack, with no limit on the number of seats available at the table, as well several other Blackjack variants. Overall, we are very confident that all players types will be very excited by the rollout of Parx Live Casino in Pennsylvania and New Jersey."

Sebastian Johannsson, Chief Commercial Officer at Evolution, commented: "We are delighted to be working with Parx and look forward very much to delivering their online Live Casino service. With table games subject to lower tax, our Live Casino is a very attractive proposition for operators too, as well as its wide appeal to players – both familiar with online and those having played in the bricks and mortar casino – offering a very important and significant contribution to operator revenues."
