

Cline Scientific receives Decision to Grant for StemCART in Europe

Cline Scientific has received a Decision to Grant from the European Patent Office (EPO) related to the StemCART patent.

The patent application is titled "A method for providing a cartilage implant with chondrocytes". The decision will take effect from the 14th of June 2023.

The notice of allowance for this patent was received from EPO and a press release was sent out in April.

More about StemCART

StemCART is a preclinical Advanced Therapy Medicinal Product (ATMP) that aims to revolutionize the treatment of cartilage damage for patients worldwide.

About Cline Scientific

Cline Scientific develops advanced cancer diagnostics and regenerative medicine treatments. Cline's unique patented surface nanotechnology provides solutions to critical challenges for cell-based products and process in Life Science. Cline is driving two projects through to a clinical stage, StemCART - a stem cell therapy for joint repair, and CellRACE- a cancer diagnostic to predict metastasis.
