

Gaming Corps & Mail.ru Group sign digital distribution agreement for The Descendant

Gaming Corps AB has signed a digital distribution agreement with Mail.ru Group for The Descendant to be available on Game Mail.ru's portal. The Descendant is an episodic adventure game series with 4 of its 5 episodes already out for MAC and PC. The final episode will release before the end of the year.

Mail.ru Group is a leading Internet company and is the 1st largest Internet business globally, based on the average minutes per visitor (comScore, top 100 properties, April 2016, worldwide). Mail.ru Group is the foremost Russian Internet portal and provider of online games in Russia and Eastern Europe.

“We are excited to have signed an agreement with Mail.ru Group, the biggest provider of online games in Russia. We believe it will give the visibility The Descendant deserves in Russia and other Eastern European countries.” - Magnus Kolaas, CEO, Gaming Corps.

About The Descendant:

The Descendant is a five-part episodic adventure game series where the end of the world is only the start.

After climate change wrecked the planet, a man-made extinction event wiped humankind off the face of the Earth. Only a few thousand ‘descendants of humanity’ were hand-picked to survive the apocalypse, cryogenically suspended in underground bunkers known as Arks. Centuries passed. The world recovered from the nuclear holocaust, and all the Arks reopened, except one — Ark-01.

Key features:

- An episodic adventure spreading across multiple story-rich timelines
- Investigative gameplay, challenging puzzles, tense action sequences
- Meaningful and difficult choices with branching dialogue
- A tailored experience, full of tension and drama
- Every player choice can influence the future of mankind
