

## Pharmacolog signs agreement with Capstone Health Alliance regarding sales in the United States

Pharmacolog AB has signed an agreement with Capstone Health Alliance to enter a long-term cooperation with sales in the United States. Capstone Health Alliance is one of the nation's largest regional Group Purchasing Organizations (GPO).

The agreement states that both parties will work together and promote the WasteLog device for drug diversion prevention in the United States for Capstone Members. Capstone represents over 300 hospitals across 23 states and has over 25,000 non-acute health care members nationwide. Capstone has over 800 contracts representing more than 400 supplier partners. Their extensive portfolio provides significant savings. Having WasteLog added into their portfolio adds a critical step in helping their members find the solution they need to help combat drug diversion.

Jeffrey Marton, Sales Manager of the North America Market comments "Since being on board with Pharmacolog, I've networked and targeted potential companies that can help position the WasteLog device as an important tool to help combat drug diversion here in the United States. I am very pleased to have signed an agreement with Capstone Health Alliance and to have the WasteLog device be a part of their network GPO portfolio. This will open new business opportunities for Pharmacolog as we center ourselves and grow here in the United States."

### About Pharmacolog AB

Pharmacolog is specialized in developing systems and solutions for more effective and safer use of intravenous drugs. The company's first product, DrugLog®, enables a nurse or pharmacist to quickly and easily verify that an injectable drug has the right identity and concentration. Pharmacolog's long-term vision is an individually optimized medication for each individual patient, considering all available parameters in the control and distribution of the drug. Further information regarding the company is available at [www.pharmacolog.com](http://www.pharmacolog.com). The company's Certified Adviser is Mangold Fondkommission AB, which can be reached on telephone number +46 8-5030 15 50 or through CA@mangold.se.
