

## Pharmacolog appoints new development manager

**Pharmacolog appoints Markku Matkoski as Development Manager. Markku has extensive experience in product development and project management and will take up his position on 17/9 2020. Markku most recently came from Elekta AB, where he had the role of Manager Adaptive Dose Software.**

As development manager, Markku will be responsible for the Company's development projects together with a team of qualified engineers and programmers. Markku has studied computer science and numerical analysis at Uppsala University and previous experience includes a number of positions at Helax AB, Nucletron AB and Elekta AB, including as Manager Treatment Planning Software. Markku replaces the current development manager Lars Gusch.

CEO Mats Högberg comments. "We are very pleased that Markku has chosen to accept the role of Development Manager. As we are facing an exciting phase with a number of exciting collaborative projects, we need an experienced development manager. I would also like to take this opportunity to thank Lars for an exceptionally good collaboration. Lars has been instrumental in streamlining and documenting our internal processes and leading the project with our ISO certification. I wish Lars good luck with his continued career."
