

Pharmacolog brings forward publication of half-yearly report

Pharmacolog i Uppsala AB (publ) announces that the publication of the interim report for the second quarter is brought forward and will be published on 12 August 2021.

The advance is because the subscription period for the outstanding warrants takes place during the mandatory silent period that exists 30 days before the publication of the half-year report. This means that insiders on the board and management are prevented from exercising their warrants. As there is great interest among the Board and management to exercise their warrants, the company has decided to bring forward the publication of the half-year report. It will be published on Thursday, August 12, 2021. The previously announced date of publication was August 27, 2021.
