

B. Braun Spain to install DrugLog™ at Hospital San Pedro de Alcantara

A DrugLog™ system will be installed by B. Braun Spain at Hospital San Pedro de Alcantara. The order is a result of the collaboration between B. Braun Spain and Pharmacolog.

Several DrugLog™ systems are now installed and in use on the Spanish market. Hospital San Pedro de Alcantara will use DrugLog™ for verification of compounded oncohematological treatments and other hazardous drugs prepared at the pharmacy department.

Erik Hedlund, acting CEO of Pharmacolog comments: "Another DrugLog™ order from B. Braun demonstrates that our long-term collaboration focused on patient safety is moving forward. We are very pleased that Hospital San Pedro de Alcantara has chosen to implement DrugLog™ for quality control of compounded medicines."

About Pharmacolog

Pharmacolog provides solutions and products that enhance work efficiency and safety when preparing injectable medication. Our goal is to help prevent medication errors and ensure maximum medication efficacy when treating patients with powerful yet potentially harmful injectable drugs. Pharmacolog's products help staff at pharmacies and hospital wards minimize the risk of errors in the compounding process. Furthermore, by verifying that drugs and narcotics used in surgery have not been tampered with, our solutions also make a vital contribution to preventing drug diversion.

The following trademarks are owned and protected by Pharmacolog i Uppsala AB: Pharmacolog™-logo, [DrugLog™](#), [WasteLog™](#), [PrepLog™](#) and [Pharmacolog Dashboard™](#).
