

## Electrolux chooses BizView

Electrolux is the global leading manufacturer of household appliances and appliances for professional use, selling more than 50 million products to customers in 150 countries every year. The company focuses on innovations that are thoughtfully designed, based on extensive consumer insight, to meet the real needs of consumers and professionals.

It is with great pleasure that we can announce that Electrolux has chosen the system BizView from the NCG Group as a tool to support their forecasting process involving over 100 individuals across all regions.

BizView is used to support the forecasting process providing users with Excel-like forms that are partially prefilled and have functionalities that facilitate users in their forecasting task. Completed forecasts are automatically stored in a central database and collected data can be accessed through BI tools. BizView's web-based technology, offer the possibility for users to work both online and offline, and Excel-like feature rich forms were crucial in the decision to choose this solution.

*Anders Päänder, Global BI&S Tool Director at Electrolux AB, says "BizView is an important part of our efforts to lead and simplify the market forecasting process. The forecasting result is crucial for long term plans and decisions."*
