

## **The Swedish Medical Association (Sveriges läkarförbund) chooses BizView for reporting, budget/forecast management and business intelligence**

It is with great pleasure that we can announce that the Swedish Medical Association has chosen BizView as a solution for their performance management. BizView will interact with the Swedish Medical Association's business systems within the processes of budgeting, forecasting, reporting and analysis.

For more information contact [peter.winkler@ncg-group.com](mailto:peter.winkler@ncg-group.com)

### **About BizView and NCG Group**

BizView is one of the leading systems for forecasting, budgeting and reporting in the Nordic countries. The software provides a web-based Excel-like user interface combined with powerful workflow management. BizView is an open solution that also fits well with QlikView's and Microsoft's business intelligence offerings. BizView is developed and marketed by NCG Group with offices in Scandinavia and is marketed outside Scandinavia by partners. NCG Group has more 1000 companies that use our solutions.

For more information, see [www.ncg-group.com](http://www.ncg-group.com)

### **About Swedish Medical Association (Sveriges läkarförbund)**

The Swedish Medical Association is the union and professional organisation for doctors. Patient safety, the work environment, salaries, working hours, training and research are some of the issues that are of great importance for the organisation.
