“Double Bond Pharmaceutical provides unique investment opportunity: our ambitious team made a huge work in the development of SI-053 as a game-changer for treatment of malignancies in the brain; now I need to explain the potential to the investment community and EIT Health Catapult 2020 is a very good opportunity for that”, - comments Igor Lokot, CEO of Double Bond Pharmaceutical.

More about EIT Health Catapult 2020: EIT Health Catapult is a leading program sourcing and accelerating the best healthcare start-ups in Europe.

The banner features the EIT Health Catapult logo on the left, a central circular image of a panel discussion with participants at a table, and the text 'EIT Health Catapult 2020 semi-finals' in large white and green font. Below this, a dark blue box contains the dates '21,22 and 23 October'. At the bottom right, it states 'EIT Health is supported by the EIT, a body of the European Union' next to the European Union flag.
