

## Enersize selects Sedermera Fondkommission as advisor for planned listing on Nasdaq Stockholm First North during 2017

**As announced previously Enersize Oy ("Enersize"), of which Cleantech Invest Oyj ("Cleantech Invest") holds 42.7%, has been investigating a listing of Enersize on Nasdaq Stockholm First North. Sedermera Fondkommission has now been selected to handle this process. The timing of the listing is estimated to be during 2017.**

The listing process starts directly and exact information will follow in an investor memorandum to be published later. Enersize recently added one large Chinese glass manufacturer to its project list after previously announcing orders in both the Chinese vehicle and electronics sector.

Christian Merheim, Chairman of the Board Enersize, comments:

*"With an attractive case we had a large selection of advisors to choose from. We are very happy to announce that we choose Sedermera. We had our initial discussions with them over a year ago and we have been impressed with their thoroughness, professionalism and integrity all along the way. Enersize team is really looking forward working together with Sedermera for the 2017 IPO."*

Sami Mykkänen, Enersize CEO, comments:

*"The timing to start our IPO process could not have been better. During the last year, we have more than tripled the size of our sales pipeline and closed several significant customers. The upcoming IPO gives us the possibility to take on even more projects"*

Cleantech Invest, the largest owner of Enersize, CEO Alexander Lidgren comments:

*"We are happy to be one step closer to offering a listed share in what we think is a carbon cutting champion. After hard and systematic efforts building a big customer pipeline, Enersize is now delivering what can only be labelled drastic energy savings to the Chinese manufacturing industry."*

Sedermera Fondkommission's Head of Corporate Finance, Andreas Sandgren, comments:

*"We are delighted to have been appointed Enersize's advisor and look forward to initiating the listing process of the company."*

### **About Sedermera Fondkommission:**

Sedermera Fondkommission offers services for listed companies or companies with the target of being listed at a trading platform. Sedermera's services includes corporate finance, certified adviser, M&A's, financial communications, issue management and market making. ### **Enersize in brief**

*With their own software for data-gathering and analysis, Enersize manages to save an average of 30% in industrial compressed air systems. 90% of manufacturing industry uses compressed air, and it makes up approximately 5% of the world's electricity consumption. In Enersize's largest market, China, compressed air systems consume a whopping 10% of all electricity used. Enersize shares the energy saving revenues with the customers, who do not need to pay for the service but only share parts of the profits. Amongst existing users is the world's largest producer of flatscreens, known car manufacturers and steel plants. [www.enersize.com](http://www.enersize.com)*

### **Cleantech Invest in brief**

*Cleantech Invest is a Nordic accelerator with investments in growth companies that solve global challenges. The portfolio companies are active in energy- and resource efficiency as well as decentralized renewable energy and are based in Finland, Sweden and Germany. The company management consists of company builders and investors who have been active within the cleantech space for over a decade. The company is listed on First North Finland under the ticker CLEAN and on First North Stockholm under the ticker CLEAN A.*
