

Cleantech Invest Oyj

Company release

11.09.2017, 08:30 (EEST)

## Cleantech Invest opens Stockholm Office

Cleantech Invest has opened an office in Stockholm. The purpose of the office, headed by Cleantech Invest partner Timo Linnainmaa, is to support the portfolio companies' funding rounds and upcoming IPO's in Sweden, as well as raise awareness of Cleantech Invest as a stock listed opportunity to invest into high growth companies with a positive environmental impact, among private and institutional investors.

The purpose of the office, headed up by Timo Linnainmaa, is to support our portfolio companies' funding rounds and upcoming IPO's in Sweden, as well as to raise awareness among private and institutional investors, of Cleantech Invest as a stock-listed opportunity to invest into growth companies in the cleantech sector.

CEO Bigge Lidgren:

*"We have been so well received in Sweden after our IPO that setting up the Stockholm office was an easy decision. Our portfolio is a rare combination of high revenue growth and high positive environmental impact. There is a notable appetite for this not only in Sweden, but everywhere, as both private and institutional investors are increasingly looking at the societal impact of their investment decisions. I am confident that having Timo full time in Stockholm will increase our shareholder base of private and institutional investors even further."*

Cleantech Invest partner Timo Linnainmaa:

*"Since our listing in Stockholm we already have many private Swedish investors on board our companies. They tend to be successful businesspeople with know-how and networks that can help accelerate our companies' development. I am excited to be here and look forward to working together with our Swedish partners."*
