## **Correction: Eagle Filters receives orders totaling EUR 2.8 million**

Loudspring Oyj

Company announcement, inside information

8 November 2022 at 12:45

Correction refers to this announcement to be considered inside information and an reference has been added.

As communicated in Loudsprings Q3 summary, Eagle Filters offer pipeline has had several large cases under final negotiations. Eagle Filters has now secured orders for gas turbine inlet air filters totaling EUR 2.8 million. The orders are booked into Eagle Filters' fourth quarter 2022 order intake with deliveries planned to commence during Q4 2022 and completed during 2023. These large orders result in increased working capital needs.

Eagle Filters has developed a high-performance air filtration technology that significantly reduces energy consumption and emissions of gas turbines. Eagle's technology delivers up to millions of euros annual savings (per turbine) to the customer.
