

New date for publication of year-end results and updated financial calendar.

The publication of Brighter's year-end report 2017 is moved from February 23 to March 23 due to implementation of a new accounting principle (IFRS). The change is being made in order to prepare the company for a transfer to a regulated marketplace.

– Our ambition is to become a leading player in the global market, and we intend to strengthen the company in all ways necessary to achieve this. Switching to the IFRS accounting principle is a part of our preparations to meet the requirements for transferring from Nasdaq First North to a regulated market such as Nasdaq's main list. A list change to a regulated market opens up for new types of investors, such as institutional investors and international stakeholders, while also strengthening the stock's liquidity, says Truls Sjöstedt, Brighter's CEO and founder.

Additionally, the company is moving the publication of the Interim Report January-March 2018 from April 20 to May 15, 2018.

Financial calendar 2017/2018:

March 23, 2018	Year-end report 2017
May 15, 2018	Interim report January-March 2018
August 24, 2018	Half-year report January-June 2018
November 15, 2018	Interim report January-September 2018

About Brighter

Brighter is a Swedish-based company that, from a unique IP portfolio, creates smart solutions for one of the most serious healthcare problems: changing patient behavior. Chronic diseases such as diabetes are rapidly increasing and account for an increasing share of healthcare costs globally. Brighter's Business Model and Multi-Sided Market Platform - The Benefit Loop™ - is based on the fact that many special interests create value for each other. By increasing access to valid health data, Brighter creates value for all stakeholders in the care chain: patients and close associates, healthcare providers, research, pharmaceutical industry and society. www.brighter.se

The Company's shares are listed on [NASDAQOMX First North/BRIG](https://www.nasdaq.com/markets/first-north).
