

## Ahlseil acquires distributor within ventilation and sheet metal with a strong foothold in Stockholm

Ahlseil AB has signed an agreement to acquire Bahab Vent & Plåt AB (Bahab), a Swedish distributor within ventilation and sheet metal. The company has 16 employees and annual sales of approximately MSEK 140.

Since 2008, Bahab offers a quality assortment within ventilation and sheet metal for customers in the Stockholm region. Bahab has two facilities; one in Sättra and one in Lunda.

For the customers, the acquisition leads to an even wider range of products and services. For example, Bahab's current offering will be complemented by products such as temporary electricity, tools, supplies and personal protective equipment.

The acquisition is planned to be completed in April and the acquisition is expected to have a marginal positive impact on the Group's earnings.
