

Ahlsell strengthens its offering in Norway through the acquisition of Skogheim Profil & Yrkesklær

Ahlsell has entered into an agreement to purchase all shares in Skogheim Profil & Yrkesklær. The company has an annual turnover of just over NOK 29 million.

Skogheim Profil & Yrkesklær is a well-known operator in Østfold with a wide range of high-quality work wear and personal protection equipment for professional customers.

The acquisition strengthens Ahlsell's position in the region and broadens the offering for both Ahlsell's and Skogheim's customers. Ahlsell's entire product range and logistics offering will now be available to Skogheim's customers, while Skogheim, with specialist expertise in its segment, will help strengthen Ahlsell's business opportunities.

The acquisition is expected to be completed in early March.
