About this report

Accounting policies and key estimates and assumptions regarding business activities are presented together with the relevant note. The aim is to present how operating result was formed, what assets were used to achieve the business profits and how business and asset transactions were financed.

The accounting policies have been marked with a grey background.

Information on the key estimates and assumptions have been marked with a beige background.

CFO Hilik Attias comments on significant items during the reporting period.

Information to shareholders

Listing of Citycon's shares

Citycon Oyj's shares are listed on the Nasdaq Helsinki Ltd. Mid Cap list under the trading code CTY1S. Citycon has one series of shares, and each share entitles its holder to one vote at the General Meeting of shareholders and to an equal dividend.

Annual General Meeting

Citycon Oyj's Annual General Meeting will be held on 20 April 2026 at 14:00. The notice, topics discussed in the meeting, proposals made for the Annual General Meeting, as well as the instructions on how to register will be found on Citycon's website.

Changes of address

Shareholders are requested to notify their book-entry account operator or Euroclear Finland Ltd., whichever holds the shareholder's book-entry account, of any changes to their name or address.

Publication of financial information

Citycon publishes financial information in English and Finnish. All materials are available on Citycon's website.

Subscription to publications

Citycon's financial reports, stock exchange releases and press releases can be ordered by registering an e-mail address on Citycon's website at citycon.com/newsroom.

Investor relations contacts

Citycon's Investor Relations function assists in all investor relations related questions. The primary contact is Anni Torkko, Director, Group Corporate Analysis & IR (ir@citycon.com).

Asset distribution

The Board of Directors proposes to the Annual General Meeting that no equity repayment will be distributed from the invested unrestricted equity fund from the financial period ending 31 December 2025, and that the result for the period is booked to the retained earnings. The Board of Directors will reassess the proposal in connection with the publication of the notice to the Annual General Meeting, which will be issued no later than three weeks before the meeting.

We create cities full of life. For people. For communities. For development. For growth.

Citycon is the leading owner and developer of urban hubs in the Nordics and Baltics. Our 28 mixed-use, necessity-based centres are located in the major cities in Finland, Sweden, Norway, Denmark and Estonia. We transform unique locations into sustainable communities and cities full of life, serving 127 million people each year and delivering long-term share value.

CEO's interview

How would you summarize the year 2025?

Citycon delivered another year of solid performance in 2025, underscoring the resilience of our strategy and the continued strength of our necessity based retail portfolio in the Nordics. Our centres remain increasingly attractive for both tenants and visitors. The strong demand for our centres from tenants resulted in an increase in the retail economic occupancy rate, which improved by 20 bps from the previous year-end to 95.5% in Q4/2025. While the growing like-for-like footfall highlights the continued interest towards our centres from visitors. The strong demand for our centres supported the increase of average retail rent which grew by EUR 0.9 per square meter, compared with year 2024 and measured at comparable exchange rates. Altogether these factors supported us achieving a strong like for like net rental income growth of 5.4% in year 2025.

Throughout the year, we secured several notable new leases with long term, high quality tenants. These new leases include well-known brands such as McDonald's,

Burger King, CCC and Rusta as well as several groceries like ICA, Coop Mega and Rema. Similarly, these signings reflect the continued demand for well located, mixed use centers anchored by necessity-based retail. Overall, we see positive momentum towards necessity-based assets and this momentum gives us a strong platform heading into 2026.

These strong operational achievements during the year were further reflected in our asset valuations. For year 2025 we booked a fair value gain of EUR 51.1 million. In line with company's policy our portfolio was externally appraised in Q4.

During the year, we continued to focus our portfolio through a strategic divestment, completing the sale of the three Lippulaiva housing companies for a total gross price of EUR 61.5 million. The price was at the latest book value of the assets. This transaction supports our long term direction of concentrating on our retail centers with necessity based retail as the core. We see positive signs in the transaction market. We believe the continued strength of the secured lending market will likely bolster transaction volumes in the year ahead.

2025 was also a year of significant progress in strengthening our balance sheet. We used proceeds from previous divestments to reduce debt and derisk the balance sheet. We extended our average debt maturity through the successful issuance of a 6.25 year EUR 450 million bond which was several times oversubscribed. The proceeds from the new bond were used to repay existing debt. Altogether, we repaid over EUR 870 million debt during the year, resulting in a notable 240 bps reduction in the IFRS LTV which was 44.9% at the end of 2025.

At the beginning of 2025, we announced an organisational transformation toward country level operating models, increasing accountability, enhancing efficiency, and reducing costs. The implementation of this change was successfully finalised in Q4/2025. As a result, property operating expenses decreased by 14% compared to 2024.

What are Citycon's areas of focus 2026?

Looking ahead to 2026, we remain focused on strengthening the commercial performance of our

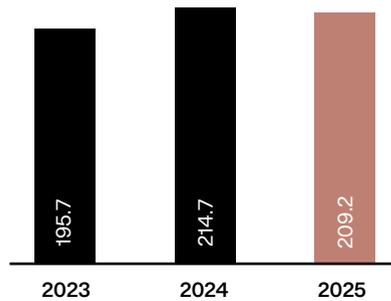

assets, driving rental income growth, and investing selectively in energy and sustainability projects that improve efficiency and drive long term value creation. We have set ambitious goals for the year, and we are well positioned to continue delivering stable results. We will also continue to focus on optimising our portfolio by identifying and carrying out potential non-core asset divestments in the amount of approximately EUR 1 billion in the next 24 months. In line with this we present EUR 510 million assets in assets held for sale in the 2025 full year results.

Finally, I want to express my gratitude to all Citycon employees for the achievements during 2025, thank you for your good work.

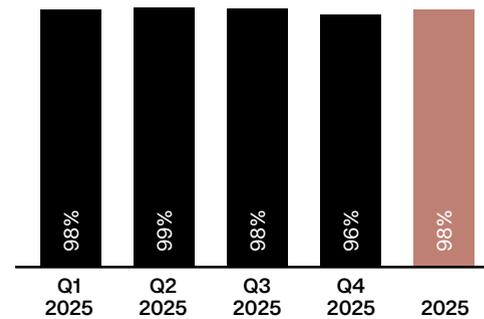

Eshel Pesti
Chief Executive Officer

Key figures

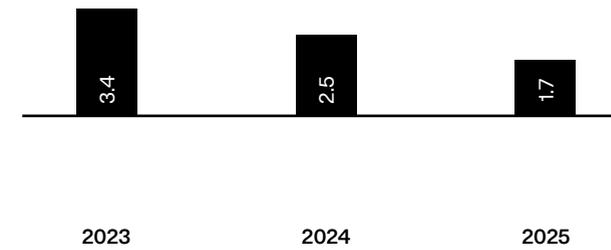

Net rental income development
MEUR

Rent collection rate
%

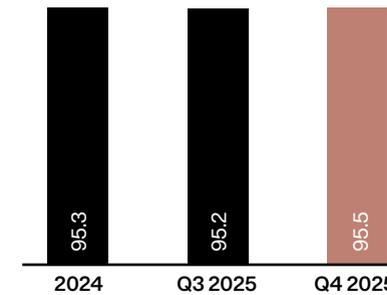

Tenant sales development¹
%

◆ Like-for-like

¹ Sales figures include estimates. Sales figures exclude VAT and the change has been calculated using comparable exchange rates. Including Kista Galleria 100% in 2024 and in 2025. Kista Galleria 50% not included in 2023.

Retail economic occupancy rate
%

Key figures	2025	2024
Net rental income, MEUR	209.2	214.7
Like-for-like net rental income growth	5.4%	4.6%
EPRA Earnings per share (basic) ¹	0.430	0.504
EPRA NRV per share	8.45	7.87
Average interest rate	4.11%	3.60%
LTV (IFRS)	44.9%	47.3%

¹ From the beginning of 2025 the key figure includes hybrid bond interests and excludes reorganisation and one-time costs. The information for the year 2024 has been restated to correspond to the new reporting recommendations.

Citycon – urban convenience in the heart of communities

We bring value to communities by developing urban hubs for living, working, socialising and shopping. We have extensive experience as an urban developer and use our expertise when we create mixed-use centres that include retail, offices, hotels, housing, food & beverage as well as healthcare, culture and leisure services.

Citycon uses BREEAM In-Use to assess and develop the sustainable management of its shopping centres. 89% of Citycon's shopping centres, measured by fair value, had acquired the certification at period-end.

Focusing on prime assets that we...

...own,

- Strong portfolio of 28 convenience based centres
- Located in growing urban areas in Nordic and Baltic cities
- Long-term investor

...manage,

- In-house real estate expertise throughout the centre value chain
- Retail experts in 5 countries
- Pan-Nordic approach with synergies and a cross-border leasing team

...develop.

- Area development – creating attractive places for living, working and socializing
- Improved commercial attractiveness and competitiveness and better places for our tenants to operate

How we create value?

Assets in Nordic prime locations

- Top 2 cities in each country with strong urbanisation
- Connection to public transportation

Necessity-based tenant mix

- Grocery anchored centres, a large share of necessity tenants
- Mixed-use hubs with growing share of municipalities

Proven asset management

- Long lasting relationship with municipalities
- Continued dialogue with surrounding communities
- Sustainability embedded in the operating model

Active capital recycling

- Proceeds used to repay debt
- Strengthen investment grade balance sheet

EPRA performance measures

EPRA (European Public Real Estate Association) is a common interest group for listed real estate companies in Europe. Citycon is an active member of EPRA. EPRA's objective is to encourage greater investment in European listed real estate companies and strive for 'best practices' in accounting, financial reporting and corporate governance in order to provide high-quality information to investors and to increase the comparability of different companies. The best practices also create a framework for discussion and decision-making on the issues that determine the future of the sector. In addition, EPRA publishes the FTSE EPRA/NAREIT index in association with FTSE, which tracks the performance of the largest European and North-American listed real estate companies. Citycon is included in the FTSE EPRA index, which increases international interest towards Citycon as an investment.

Citycon applies the best practices policy recommendations of EPRA for financial reporting and also for sustainability reporting. This section in Citycon's financial statements presents the EPRA performance measures and their calculations. For more information about EPRA and EPRA's best practice policies please visit EPRA's web page: www.epra.com.

On the 1st of October 2024, EPRA published updated EPRA Best Practices Recommendations (BPR) that Citycon will follow in its reporting starting from the 1st of January 2025. The new recommendations affect the following previously presented performance measures:

EPRA Earnings, EPRA EPS (basic), Adjusted EPRA Earnings and Adjusted EPRA EPS (basic).

Hybrid bond interests are included in EPRA Earnings and EPRA Earnings per share (basic), and reorganisation and one-time costs are excluded. Adjusted EPRA Earnings and Adjusted EPRA Earnings per share (basic) are no longer presented. New performance measures are EPRA Earnings excl. hybrid bond interests and EPRA Earnings per share excl. hybrid bond interests (basic). Hybrid bond amortized fees are no longer included in EPRA performance measures.

The information for 2024 has been restated to correspond to the new reporting recommendations. Figures for 2021-2023 have not been restated. These tables include actual FX rates.

¹ From the beginning of 2025 the key figure includes hybrid bond interests and excludes reorganisation and one-time costs. The information for the year 2024 has been restated to correspond to the new reporting recommendations. Figures for 2021-2023 have not been restated.

² A new key figure introduced at the beginning of 2025. The key figure excludes hybrid bond interests, and reorganisation and one-time costs.

³ The figure for 2024 includes the acquisition of the remaining 50% interest of Kista Galleria.

1. EPRA earnings and EPRA earnings per share (basic)

EPRA Earnings presents the underlying operating performance of a real estate company excluding all so called non-recurring items such as net fair value gains/losses on investment properties, profit/loss on disposals and other non-recurring items. EPRA Earnings is especially important for investors who want to assess the extent to which dividends are supported by recurring income.

	2025			2024		
	MEUR	Average number of shares (1,000)	per share, EUR	MEUR	Average number of shares (1,000)	per share, EUR
Earnings in IFRS Consolidated Income Statement	95.0	183,905	0.516	-37.9	182,316	-0.208
+/- Net fair value losses/gains on investment property	-51.1	183,905	-0.278	74.6	182,316	0.409
-/+ Net gains/losses on disposal of investment property	1.4	183,905	0.008	79.3	182,316	0.435
+/- Indirect other operating expenses	6.4	183,905	0.035	-0.1	182,316	-0.001
+ Early close-out costs of debt and financial instruments	-2.9	183,905	-0.016	-0.8	182,316	-0.004
-/+ Fair value gains/losses of financial instruments	32.3	183,905	0.176	8.9	182,316	0.049
+/- Indirect losses/gains of joint ventures and associated companies	-	183,905	-	0.0	182,316	0.000
-/+ Change in deferred taxes arising from the items above	30.0	183,905	0.163	-11.1	182,316	-0.061
-/+ Hybrid bond interests	-34.3	183,905	-0.186	-30.7	182,316	-0.168
-/+ Reorganisation and one-time costs	2.2	183,905	0.012	9.6	182,316	0.053
EPRA Earnings (basic)	79.0	183,905	0.430	91.9	182,316	0.504
-/+ Hybrid bond interests	34.3	183,905	0.186	30.7	182,316	0.168
EPRA Earnings excl. hybrid bond interests (basic)	113.3	183,905	0.616	122.6	182,316	0.673

EPRA Earnings can also be calculated from the statement of comprehensive income from top to bottom. The EPRA Earnings calculation is presented in the next table with this different method, which also presents the Direct Operating profit.

EPRA Earnings was EUR 79.0 million and EPRA EPS was EUR 0.430.

EPRA Earnings decreased due to lower NRI driven by divestments as well as higher hybrid bond interests and direct net financial expenses.

	2025			2024		
	MEUR	Average number of shares (1,000)	per share, EUR	MEUR	Average number of shares (1,000)	per share, EUR
Net rental income (NRI)	209.2	183,905	1.137	214.7	182,316	1.178

+ Reorganisation and one-time costs	2.2	183,905	0.012	9.6	182,316	0.053
EPRA Earnings (basic)	79.0	183,905	0.430	91.9	182,316	0.504
+ Hybrid bond interests	34.3	183,905	0.186	30.7	182,316	0.168
EPRA Earnings excl. hybrid bond interests (basic)	113.3	183,905	0.616	122.6	182,316	0.673

2. EPRA net asset value metrics

EPRA NAV metrics present the fair value of net assets of a real estate company.

The EPRA NRV scenario, aims to represent the value required to rebuild the entity and assumes that no selling of assets takes place. EPRA NRV intends to reflect the fair value of a business on a going-concern basis, all items arising from future disposals (e.g. deferred taxes on disposals), the fair value of financial instruments are excluded from EPRA NRV. The transfer tax cost to rebuild the portfolio increases EPRA NRV.

The EPRA NTA is focused on reflecting a company's tangible assets and assumes that entities buy and sell assets, thereby crystallising certain levels of unavoidable deferred tax liability.

EPRA NDV aims to represent the shareholders' value under an orderly sale of business, where deferred tax, financial instruments and certain other adjustments are calculated to the full extent of their liability, net of any resulting tax. EPRA NDV is a measure of the real estate company's "spot" fair value at the balance sheet date. Spot fair value means that EPRA NDV reflects the fair value of net assets of the company at a particular day as opposed to EPRA NRV, which reflects the fair value of net assets on a going-concern basis. However, EPRA NDV is not a liquidation NAV as the fair values of assets and liabilities are not based on a liquidation scenario.

Citycon considers EPRA NRV to be the most relevant measure for its business and hence presents it as the primary net asset metric.

Closing share price of Citycon was 3.99 EUR per share on 31 December 2025.

The next tables present calculation of the three EPRA net asset value measures NRV, NTA and NDV.

EPRA NRV per share increased by EUR 0.58 to EUR 8.45 (7.87) mainly due to investment property fair value gains.

31 December 2025	EPRA Net Asset Value measures		
	EPRA NRV	EPRA NTA	EPRA NDV
Equity attributable to parent company shareholders	1,336.4	1,336.4	1,336.4
Deferred taxes from the difference of fair value and fiscal value of investment properties ³	236.3	118.2	-
Fair value of financial instruments	-	-	-
Goodwill as a result of deferred taxes	-44.5	-	-
Goodwill as per the consolidated balance sheet	-	-89.7	-89.7
Intangible assets as per the consolidated balance sheet	-	-7.6	-
The difference between the secondary market price and carrying value of bonds ¹	-	-	50.9
Real estate transfer taxes ²	23.5	-	-
TOTAL	1,551.8	1,357.2	1,297.6
Number of ordinary shares at balance sheet date, million	183.6	183.6	183.6
Net Asset Value per share	8.45	7.39	7.07
31 December 2024			
Equity attributable to parent company shareholders	1,265.7	1,265.7	1,265.7
Deferred taxes from the difference of fair value and fiscal value of investment properties ³	203.8	101.9	-
Fair value of financial instruments	1.3	1.3	-
Goodwill as a result of deferred taxes	-44.7	-	-
Goodwill as per the consolidated balance sheet	-	-89.9	-89.9
Intangible assets as per the consolidated balance sheet	-	-9.7	-
The difference between the secondary market price and carrying value of bonds ¹	-	-	22.2
Real estate transfer taxes ²	23.5	-	-
TOTAL	1,449.6	1,269.3	1,198.0
Number of ordinary shares at balance sheet date, million	184.2	184.2	184.2
Net Asset Value per share	7.87	6.89	6.50

¹ When calculating the EPRA NDV in accordance with EPRA's recommendations, the shareholders' equity is adjusted using EPRA's guidelines so that bonds are valued based on secondary market prices. The difference between the secondary market price and the carrying value of the bonds was EUR 50.9 million (secondary market price lower) as of 31 December 2025. In the comparison period 31 December 2024, the difference was EUR 22.2 million (secondary market price lower).

² The real estate transfer tax adjustment in EPRA NRV calculation is based on the transfer tax cost for the buyer for share deal in Finland. Share deals are not subject to transfer tax in other group operating countries.

³ In the EPRA NTA formula, 50% of the deferred tax liability related to investment property fair value is added back, according to EPRA guidelines.

3. EPRA cost ratios

EPRA Cost Ratios reflect the relevant overhead and operating costs of the business and provide a recognized and understood reference point for analysis of a company's costs. The EPRA Cost Ratio (including direct vacancy costs) includes all administrative and operating expenses in the IFRS statements including the share of joint ventures' overheads and operating expenses (net of any service fees). The EPRA Cost Ratio (excluding direct vacancy costs) is calculated as above, but with an adjustment to exclude vacancy costs. Both EPRA Cost Ratios are calculated as a percentage of Gross Rental Income less ground rent costs, including a share of joint venture Gross Rental Income less ground rent costs.

MEUR	2025	2024
Include:		
Administrative expenses ¹⁾	25.9	33.2
Property operating expenses and other expenses from leasing operations less service charge costs	70.3	74.8
Net service charge costs/fees	13.6	17.9
Management fees less actual/estimated profit element	0.3	0.4
Other operating income/recharges intended to cover costs less any related profit	-6.6	-7.5
Share of joint venture expenses	0.0	0.0
Exclude:		
Ground rent costs	-7.1	-6.7
Service charge costs recovered through rents but not separately invoiced	-66.5	-67.7
Share of joint venture investment property depreciation, ground rent costs and service charge costs recovered through rents but not separately invoiced	0.0	0.0
EPRA Costs (including direct vacancy costs) (A)	29.8	44.6
Direct vacancy costs	-5.1	-6.1
EPRA Costs (excluding direct vacancy costs) (B)	24.7	38.5
Gross rental income less ground rent costs	216.0	228.7
Add: share of joint ventures (Gross rental income less ground rent costs less service fees in GRI)	0.0	0.0
Gross Rental Income (C)	216.0	228.7
EPRA Cost Ratio (including direct vacancy costs) (A/C, %)	13.8	19.5
EPRA Cost Ratio (excluding direct vacancy costs) (B/C, %)	11.4	16.8

¹⁾ Administrative expenses are net of costs capitalised of EUR 1.0 million in 2025 and EUR 1.5 million in 2024. Citycon's policy is to capitalise, for example, expenses related to property development projects and major software development projects.

4. EPRA net initial yield (NIY), % and EPRA 'topped-up' NIY, %

EPRA initial yields present property portfolio's ability to generate rent.

EPRA NIY, % is calculated by dividing the net rental income for the completed property portfolio, based on the valid lease portfolio on the balance sheet date, by the gross market value of the completed property portfolio.

In EPRA 'topped-up' NIY, the net rental income is 'topped-up' to reflect rent after the expiry of lease incentives such as rent free periods and rental discounts.

MEUR	31 December 2025	31 December 2024
Fair value of investment properties determined by the external appraiser	3,709.7	3,643.2
Less (re)development properties, unused building rights and properties which valuation is based on the value of the building right	-60.4	-64.7
Completed property portfolio	3,649.3	3,578.5
Plus the estimated purchasers' transaction costs	58.8	58.8
Gross value of completed property portfolio (A)	3,708.1	3,637.3
Annualised gross rents for completed property portfolio	290.6	278.9
Property portfolio's operating expenses	-75.1	-79.5
Annualised net rents (B)	215.6	199.4
Plus the notional rent expiration of rent free periods or other lease incentives	3.1	2.2
Topped-up annualised net rents (C)	218.7	201.6
EPRA Net Initial Yield (NIY), % (B/A)	5.8	5.5
EPRA 'topped-up' NIY, % (C/A)	5.9	5.5

EPRA NIY and EPRA 'TOPPED-UP' NIY increased

EPRA initial yields increased during the year mainly due to changes in net rental income.

5. EPRA vacancy rate, %

The EPRA vacancy rate presents how much out of the full potential rental income is not received because of vacancy.

The EPRA vacancy rate is calculated by dividing the estimated rental value of vacant premises by the estimated rental value of the whole property portfolio if all premises were fully leased. The EPRA vacancy rate is calculated using the same principles as the economic occupancy rate, which Citycon also discloses.

MEUR	31 December 2025	31 December 2024
Annualised potential rental value of vacant premises	16.1	16.5
÷ Annualised potential rental value for the whole property portfolio	281.8	278.4
EPRA vacancy rate, %	5.7	5.9

EPRA vacancy rate remained low and decreased from last year's level

The EPRA vacancy rate at the end of 2025 for the entire property portfolio was 5.7%.

6. Property related capex

	2025	2024
Acquisitions ¹	-	341.0
(Re)development	3.5	14.2
Investment properties		
No incremental lettable space	4.5	1.5
Tenant incentives	14.7	24.1
Capitalised interest	0.4	0.4
Total capital expenditure²	23.0	381.2
Conversion from accrual to cash basis	1.1	-271.1
Total capital expenditure on cash basis²	24.1	110.1

¹ Acquisition of properties in 2024 comprise of acquisition of the remaining 50% interest of Kista Galleria and residential property in Sweden. Acquisition of properties takes into account deduction in the purchase price calculations and FX rate changes.

² Include only investment properties and investment properties classified as held for sale related capex.

Investments include both income-producing and maintenance capex.

7. EPRA LTV

31 December 2025 MEUR	Citycon group as reported MEUR	Share of Joint Ventures MEUR	Share of Material Associates MEUR	Non-controlling Interests MEUR	Combined MEUR
Include					
Borrowings from Financial Institutions	92.1	-	-	-	92.1
Commercial paper	-	-	-	-	-
Hybrids	562.9	-	-	-	562.9
Bond loans	1,679.6	-	-	-	1,679.6

LTV (a/b)	58.1%				58.1%

Most significant difference between EPRA LTV and IFRS LTV is the classification of hybrid bonds. In EPRA LTV hybrid bonds are presented as 100% debt whereas in IFRS LTV hybrid bonds are presented as 100% equity. Credit agencies classify hybrid bonds as 50% debt and 50% equity.

In addition, EPRA LTV includes company's share of joint venture's selected assets and liabilities whereas IFRS LTV excludes them.

8. EPRA earnings for five years

Due to EPRA's new reporting recommendations, the EPRA earnings of previous years are not fully comparable with the 2025 figures. The 2024 figures have been restated accordingly, and thus the figures for 2024 and 2025 follow the new recommendations, while the figures for 2021–2023 follow EPRA's previous recommendations.

MEUR	2025	2024
Earnings in IFRS Consolidated Income Statement	95.0	-37.9
+/- Net fair value losses/gains on investment property	-51.1	74.6
-/+ Net gains/losses on disposal of investment property	1.4	79.3

Report by the Board of Directors 2025

Main events in 2025

General:

- Citycon continued to demonstrate strong operational performance.
- Citycon continued divesting non-core assets by divesting Lippulaiva housing companies for EUR 61.5 million.

Operational performance:

- Q1–Q4/2025 like-for-like tenant sales 1.7%.
- Q1–Q4/2025 LFL footfall 2.0%.
- Q4/2025 retail economic occupancy 95.5%, +20 bps vs. Q4/2024.
- Q1–Q4/2025 collection was 98%.
- Q1–Q4/2025 average retail rent per sqm increased EUR 0.9 to EUR 27.7 (comparable FX).
- Q4/2025 9.2% LFL occupancy cost ratio.

Financial performance:

- Like-for-like net rental income in Q1–Q4/2025 increased 5.4%.
- Total net rental income was EUR 209.2 million (Q1–Q4/2024: EUR 214.7 million).
- EPRA Earnings was EUR 79.0 million (Q1–Q4/2024: EUR 91.9 million). EPRA Earnings per share (basic) was EUR 0.430 (Q1–Q4/2024: EUR 0.504).
- EPRA earnings excl. hybrid bond interests was EUR 113.3 million (Q1–Q4/2024: EUR 122.6 million).
- IFRS earnings per share was EUR 0.29 (Q1–Q4/2024: EUR -0.40).

- The Board of Directors proposes to the Annual General Meeting that no equity repayment will be distributed from the invested unrestricted equity fund from the financial period ending 31 December 2025, and that the result for the period is booked to the retained earnings. The Board of Directors will reassess the proposal in connection with the publication of the notice to the Annual General Meeting, which will be issued no later than three weeks before the meeting.

Balance sheet:

- In February, Citycon used the proceeds from the bond issued in December 2024 to repay EUR 150 million of its secured debt originally maturing in April 2027. Following the repayment, EUR 100 million of the loan's nominal amount remained outstanding. After the transaction, the company launched a tender offer for its EUR 349.5 million bond maturing in September 2026. As a result of the offer, Citycon repurchased bonds with total nominal amount of EUR 100 million at discount below par.
- In April, Citycon issued a 6.25-year EUR 450 million green bond with a fixed coupon of 5.375%. Following the bond issuance, the company prepaid the remaining EUR 100 million secured loan maturing in April 2027. In addition, Citycon tendered EUR 100 million of the 2026 notes at a discount below a par.
- In May, Citycon prepaid the EUR 186 million secured term loan of Kista Galleria, which was originally due in May 2029.
- In October, Citycon refinanced and extended its secured and committed Revolving credit facility. The

¹ Change from previous year (comparable exchange rates). Change-% is calculated from exact figures.

² Citycon presents alternative performance measures according to the European Securities and Markets Authority (ESMA) guidelines. More information is presented in Basis of Preparation and Accounting Policies in the notes to the accounts.

³ The key figure includes hybrid bond interests, amortized fees and gains/losses and expenses on hybrid bond repayments.

⁴ From the beginning of 2025 the key figure includes hybrid bond interests and excludes reorganisation and one-time costs. The information for the comparison period has been restated to correspond to the new reporting recommendations.

⁵ A new key figure introduced at the beginning of 2025. The key figure excludes hybrid bond interests and reorganisation and one-time costs.

⁶ The numbers include the impact of divestments executed during 2024.

⁷ Excludes properties classified as held for sale.

⁸ Net rental income growth of like-for-like assets calculated with comparable FX.

Outlook for 2026

Like-for-like net rental income will grow compared to the previous year.

The outlook assumes that there are no major changes in macroeconomic factors. These estimates are based on comparable EUR–SEK and EUR–NOK exchange rates

sustainability-linked facility matures in October 2029 and it carries a one year extension option to October 2030. The facility size was increased from EUR 200 million to EUR 250 million.

- In December, the company repurchased a total of EUR 40 million of its bonds maturing in 2026 and 2027 at discount below par.

Business environment

The Nordic economies, like the rest of the global economy, are impacted by the uncertainty related mainly to politics and structural forces challenging the economies. The common denominator for the Nordic countries is their strong financial position, thanks to high personal savings, strong public finances and robust job creation, which continue to persist. This provides these economies a buffer and some degree of resilience.

The tenant mix of Citycon’s assets, consisting mainly of grocery and service-oriented tenants, is less reliant on consumer discretionary spending and the strategy has already demonstrated its strength and resilience throughout a variety of market conditions. In addition, 95% of the Company’s leases are tied to indexation.

Net rental income

The like-for-like net rental income in Q1–Q4/2025 increased by 5.4% compared to Q1–Q4/2024. Total net rental income in Q1–Q4/2025 decreased by 2.6% to EUR 209.2 million (Q1–Q4/2024: EUR 214.7 million) and with comparable FX rates by 3.1%.

Divestments decreased total net rental income by EUR 18.4 million as per the table below, while Kista Galleria increased total net rental income by EUR 1.2 million.

Like-for-like net rental income from the Finnish & Estonian operations increased by 7.7% in Q1–Q4/2025. Like-for-like net rental income from Norwegian operations increased by 3.2%. Like-for-like net rental income from the Swedish & Danish operations increased by 3.7%.

¹ Like-for-like properties are properties held by Citycon throughout two full preceding periods and exclude properties under (re)development or extension.

Like-for-like and total net rental income development, 2025 vs. 2024

Occupancy, Sales and Footfall

The economical retail occupancy rate was 95.5% in Q4/2025 and was 20 bps higher versus the same time last year (Q4/2024: 95.3%). Economic occupancy for Q4/2025 was 94.3% (Q4/2024: 94.1%). With comparable FX rates, average retail rent per sq.m increased by 0.9 EUR to EUR 27.7 in Q1–Q4/2025.

Like-for-like tenant sales increased 2.1% in Q4/2025 and 1.7% for Q1–Q4/2025 compared to the same time last year.

Like-for-like footfall increased by 1.1% in Q4/2025 and 2.0% in Q1–Q4/2025 compared to the same period last year.

Financial result Q1–Q4/2025 vs. Q1–Q4/2024

Operating profit (IFRS) was EUR 226.6 million (Q1–Q4/2024: EUR 29.8 million).

Administrative expenses were EUR 25.9 million (Q1–Q4/2024: EUR 33.2 million) and included EUR 2.2 million of reorganisation and one-time costs. At the end of the reporting period, Citycon Group employed a total of 156 (31 December 2024: 164) full-time employees (FTEs) of whom 44 worked in Finland & Estonia 45 in Norway, 22 in Sweden & Denmark and 45 in Group functions.

Personnel key figures

	2025	2024	2023
FTE at the end of the reporting period	156	164	234
Wages and salaries, EUR million	15.7	19.3	19.1

Net financial expenses (IFRS) increased to EUR 100.5 million (Q1–Q4/2024: EUR 76.1 million). EUR 11.4 million increase relates to higher interest expenses on refinanced debt and lower net interest income from hedging derivatives, which was partially offset by lower interest expenses on commercial paper and negative cash balances. In addition, an amount of EUR 32.3 million indirect net losses (Q1–Q4/2024: EUR 8.9 million loss) was booked related to fair value changes of derivatives not under hedge accounting, EUR 23.4 million more than during the comparison period. The company also recorded EUR 2.9 million gain on early redemption of debt (Q1–Q4/2024: EUR 0.8 million gain), EUR 2.1 million more than in the corresponding period. In addition, EUR 6.3 million more gain was recorded from closed equity FX hedges than in the comparison period.

Share of profit/loss of joint ventures and associated companies totalled EUR 0.0 million (Q1–Q4/2024: EUR -0.7 million) mainly due to the completion of the transaction to acquire the remaining interest in Kista Galleria at the end of February 2024 after which Kista has no longer been treated as a joint venture.

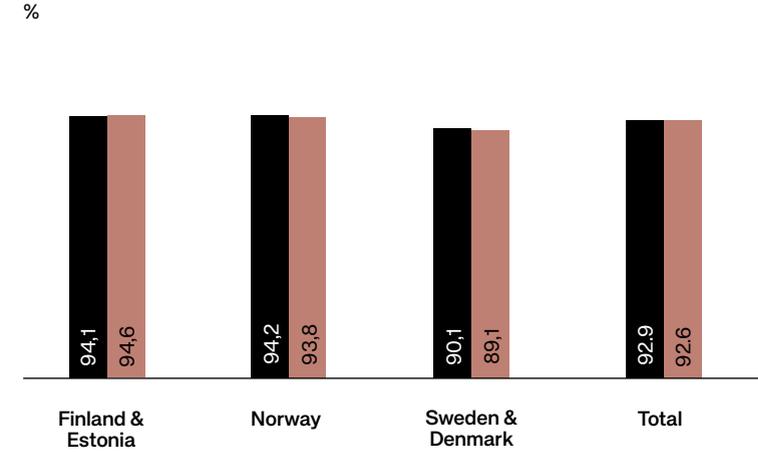

Result for the period was EUR 95.0 million (Q1–Q4/2024: EUR -37.9 million).

Lease portfolio summary

		31 December 2025	31 December 2024
Number of leases ¹	pcs	3,607	3,575
Average rent ²	EUR/sq.m./ month	26.0	25.1
Retail average rent ²	EUR/sq.m./ month	27,7	26,8
Office & Storage average rent ²	EUR/sq.m./ month	18,6	17,9
Residential & Hotel average rent ²	EUR/sq.m./ month	17,7	18,6
Average remaining length of lease portfolio	years	3.6	3.3

¹ Excluding divested assets.

² Comparison periods with comparable FX-rate.

At period-end, Citycon had a total of 3,607 (3,575) leases, of which the average remaining length was 3.6 years (3.3).

Property portfolio value development

From year-end, the fair value of investment properties decreased by EUR 361.9 million to EUR 3,265.9 million (31 December 2024: EUR 3,627.8 million). Net investments, including both acquisitions and disposals and development projects increased the fair value by EUR 23.0 million. In addition, changes in right-of-use – assets increased the value of investment properties by an additional EUR 4.9 million. Fair value gains increased the value of investment properties by EUR 51.1 million, exchange differences by EUR 49.7 million and transfers into assets held for sale by EUR -490.6 million.

Q1–Q4/2025 fair value change of investment properties amounted to EUR 51.1 million (Q1–Q4/2024: EUR -74.6 million) mainly due to improved cash flows. The application of IFRS 16 standard had an impact of EUR -7.7 million (Q1–Q4/2024: EUR -7.4 million) to the fair value change of investment properties during the January-December reporting period.

External appraisers, CBRE (in Denmark, Estonia and Norway) and JLL (in Finland and Sweden) measure the fair values for half-yearly report and annual financial statements. Citycon measures the fair values of the properties internally in the Q1 and Q3. All internal valuation periods are subject to yield and market commentary from Citycon's current external appraisers in its respective markets.

CBRE's and JLL's valuation statements are available on Citycon's website below Investors.

Divestments			
Lippulaiva housing companies	Residentials	Espoo, Finland	12,920
Divestments, total			12,920

Financing

In February, Citycon used proceeds from its December 2024 bond issuance to partially repay EUR 150 million of its EUR 250 million term loan maturing in April 2027, leaving a remaining nominal balance of EUR 100 million. Following the debt prepayment, Citycon launched a tender offer of its EUR 349.5 million outstanding notes due in September 2026. As a result, the company successfully tendered EUR 100 million of the 2026 notes at a discount below par. Both actions strengthen the company's capital structure and aligns with our ongoing efforts to optimize the balance sheet.

In March, S&P Global Rating published that it has decided to downgrade Citycon Oyj's issuer credit rating from BBB- (negative) to BB+ (stable) but to maintain the issue rating on Citycon's unsecured notes (bonds) at the investment grade rating of BBB-.

In April, Citycon successfully placed a EUR 450 million green bond. The 6.25-year senior unsecured fixed rate EURdenominated Bond matures on 8 July 2031 and pays a fixed coupon of 5.375%. Following the bond issuance Citycon tendered EUR 100 million of the 2026 notes at a discount below par and prepaid the remaining EUR 100 million nominal of term loan maturing in April 2027.

In May, Citycon fully prepaid Kista Galleria's term loan approx. EUR 186 million which had maturity in May 2029. In June, Citycon downsized the Revolving credit facility from EUR 400 million to EUR 200 million to optimize costs of annual commitment fees and tendered EUR 100 million of the 2027 notes at a discount below par. In addition, Citycon purchased EUR 1.9 million of its hybrid bond issued in 2019, reducing the outstanding nominal to 24.2 million.

In August, Citycon successfully tendered EUR 34.7 million of its hybrid bonds. The amount tendered was previously considered as 100% debt under S&P's methodology, which limits hybrid capital interim equity recognition to 15% of total capitalization.

In September, S&P Global Rating published that it has decided to downgrade Citycon Oyj's issuer credit rating from BB+ (stable) to BB (stable) and the issue rating on Citycon's unsecured notes (bonds) from BBB- to BB+.

In October, Citycon refinanced and extended its secured and committed Revolving credit facility. The sustainability-linked facility matures in October 2029 and it carries a one year extension option to October 2030. The facility size was increased from EUR 200 million to EUR 250 million. The facility includes customary terms and conditions for a secured revolving credit facility instrument. The terms and conditions include a change of control clause which limits G City's ownership of the voting rights of Citycon to maximum 60%. Following the announced Mandatory tender offer Citycon has been proactively improving its liquidity position to have a back-up liquidity facility availability in case the Revolving Credit Facility's covenant is breached as a result of the mandatory tender offer. Post the reporting period, in January 2026, Citycon announced that it has signed a EUR 520 million secured loan of which EUR 270 million is signed and EUR 250 million is available under an accordion option.

In November, S&P Global Rating published that it has decided to downgrade Citycon Oyj's issuer credit rating from BB (stable) to B+ (negative) and the issue rating on Citycon's unsecured notes (bonds) from BB+ to BB-. The downgrade resulted from Citycon's main owner's, G City's, ownership in Citycon increasing over 50% on 3 November 2025.

¹ Including EUR 32.8 million (Q4/2023: EUR 38.8 million) IFRS 16 lease liabilities

² Hybrid bond treated as equity as according to IFRS. Excluding both right-of-use assets recognized as part of investment properties, as well as lease liabilities pertaining to these right-of-use assets, which are based on IFRS 16 requirements.

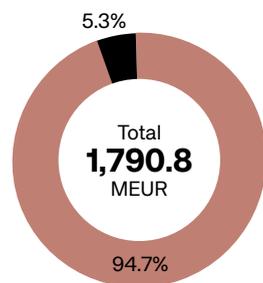

In December, the company repurchased EUR 40 million of its 2026 and 2027 notes in the open market below par.

The General Meeting decided that no dividend is distributed by a resolution of the AGM and authorised the Board of Directors to decide in its discretion on the distribution of assets from the invested unrestricted equity fund. Based on the authorisation, the maximum amount of equity repayment to be distributed from the invested unrestricted equity fund shall not exceed EUR 0.30 per share. The authorisation is valid until the opening of the next AGM.

As the Company announced on 15 November 2024, the Board did not use the authorization before the end of 2025. As disclosed on 13 January 2026, Citycon's Board of Directors resolved on a one-time equity repayment of EUR 0.20 per share. Based on the current total number of shares (183,569,011), the total amount of the equity repayment is EUR 36.7 million. The repayment of equity was paid to shareholders on 27 January 2026.

Breakdown of loans

%

Bank loans 94.3
Bonds 1,696.5

Interest-bearing debt

The outstanding amount of interest-bearing debt decreased by EUR 325.5 million during the year, totalling EUR 1,790.8 million at year-end. The reduction was primarily driven by debt repayments. During the year, the company settled two term loans prior to maturity (EUR 250 million and EUR 178 million) and repaid bonds totalling approximately EUR 344 million. In addition, all commercial papers, amounting to EUR 10 million, were fully repaid. These repayments were partially offset by the issuance of a new EUR 450 million bond in April. The carrying amount of interest-bearing liabilities in the balance sheet was EUR 1,804.5 million including EUR 32.8 million of IFRS 16 liabilities.

The weighted average loan maturity increased to 3.5 years over the year.

LTV (IFRS) decreased during the year to 44.9% as a result of lower net debt and increased property values.

Financial expenses

The direct net financial expenses (ERPA) Q1-Q4/2025 increased to EUR 71.0 million (Q1-Q4/2024: EUR 68.0 million). The increase was mainly driven by higher interest expenses on loans, which were partially offset by gains from closed equity currency hedges and interest income on bank accounts.

Net financial expenses (IFRS) increased to EUR 100.5 million (Q1-Q4/2024: EUR 76.1 million). EUR 11.4 million increase relates to higher interest expenses on refinanced debt and lower net interest income from hedging derivatives, which was partially offset by lower interest expenses on commercial paper and negative cash balances. In addition, an amount of EUR

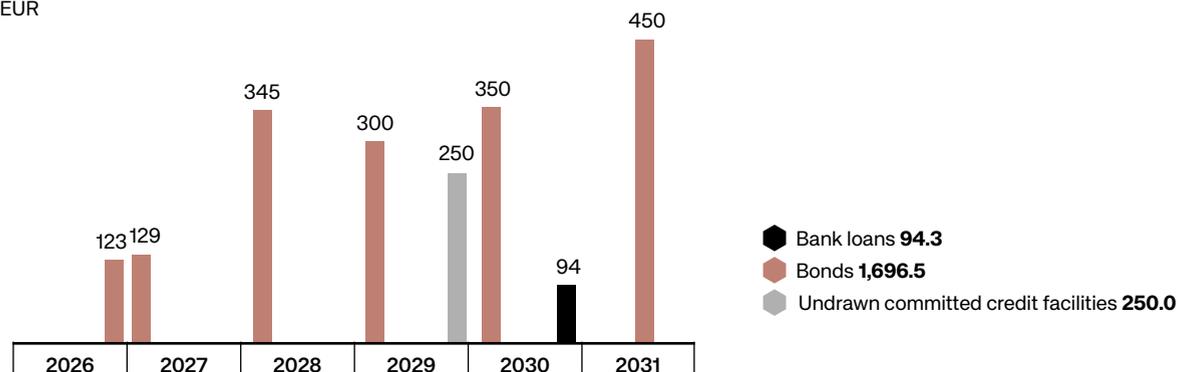

32.3 million indirect net losses (Q1-Q4/2024: EUR 8.9 million loss) was booked related to fair value changes of derivatives not under hedge accounting, EUR 23.4 million more than during the comparison period. The company also recorded EUR 2.9 million gain on early redemption of debt (Q1-Q4/2024: EUR 0.8 million gain), EUR 2.1 million more than in the corresponding period. In addition, EUR 6.3 million more gain was recorded from closed equity FX hedges than in the comparison period.

Financial income mainly consisted of gains from the repurchase of bonds, fair value gains on derivatives, and interest income on cash.

The period-end weighted average interest rate was 4,11%.

Year-to-date weighted average interest rate ¹	%	3.87	3.17

¹ Including interest rate swaps, cross-currency swaps and interest rate options

Financial risk management

Citycon uses interest rate swaps to hedge the floating interest rate risk exposure. According to the company's treasury policy, the currency net transaction risk exposure with profit and loss impact is fully hedged through currency forwards and cross-currency swaps that convert EUR debt into SEK and NOK. During 2024, the company also started to hedge its SEK- and NOK-denominated equity with currency forwards.

Changes in corporate management

On 26 February 2025 Citycon announced that Erik Lennhammar, Chief Development Officer and member of the Corporate Management Committee, will depart Citycon to pursue new opportunities. Mr. Lennhammar stepped down from the corporate Management Committee as of 26 February 2025.

In March 2025 Oleg Zaslavsky started as the new Chief Executive Officer of Citycon. As agreed, the interim Chief Executive Officer F. Scott Ball stepped down from his role while he continues as the Vice Chairman of the Company's Board of Directors.

On 7 September 2025, Citycon announced that Mr. Zaslavsky steps down from his position as the Chief Executive Officer and member of the Corporate Management Committee of Citycon. Simultaneously Citycon announced that the company's Board of Directors has resolved to appoint Eshel Pesti to become the new Chief Executive Officer and member of the Corporate Management Committee of Citycon.

On 26 September 2025 Citycon announced that Helen Metsvaht, Chief Operating Officer and member of the Corporate Management Committee, will depart Citycon to pursue new opportunities. Ms. Metsvaht stepped

down from the Corporate Management Committee as of 1 October 2025.

On 30 October 2025 Citycon announced that Hilik Attias has started as the new Chief Financial Officer and member of the Corporate Management Committee of the company. Eero Sihvonen simultaneously stepped down from his position as the Chief Financial Officer and member of the Corporate Management Committee. Sihvonen is a former long-term Chief Financial Officer of Citycon and he stepped in as a Chief Financial Officer during the company's transition period. Sihvonen continues as a member of the Board of Directors of Citycon and he will support the Corporate Management Committee as an advisor until the end of March 2026.

Sustainability

Citycon's strategy is to focus on the environmental themes where the company can have a genuine impact. Citycon's sustainability strategy was updated in 2025 and Citycon has set ambitious targets that extend to 2030.

In its sustainability reporting, Citycon applies the GRI Standards, European Public Real Estate Association (EPRA) Best Practice Recommendations on Sustainability Reporting and Citycon's own internal reporting principles. Citycon's sustainability strategy, targets and measures are described in detail in the upcoming Sustainability Accounts 2025.

Citycon's Annual and Sustainability Report 2024 was awarded as one of the best within the industry. Citycon received the EPRA Gold Award in the Sustainability Best Practices series for the twelfth year in a row.

Disclosure according to the Taxonomy Regulation Delegated Act:

Citycon's sustainability and finance teams have classified the company's activities by mapping Citycon group's consolidated IFRS income statement accounts based on whether they are covered by a NACE code included in the Taxonomy. Based on this classification 98% of Citycon's total turnover, 95% of capital expenditure and 73% of operational expenditure is derived from Taxonomy-eligible activities.

Citycon is not obliged to report information according to the taxonomy regulation, and for that reason Citycon does not report on the taxonomy alignment of the company's operations for the year 2024.

Risks and uncertainties

The most significant near-term risks and uncertainties in Citycon's business operations are associated with the general development of the economy and consumer confidence in the Nordic countries and Estonia, and how this affects fair values, occupancy rates and rental levels of the shopping centres and, thereby, Citycon's financial results. Increased competition locally or from e-commerce might affect demand for retail premises, which could lead to lower rental levels or increased vacancy, especially outside capital city regions. Costs of development projects could increase due to rising construction costs or projects could be delayed due to unforeseeable challenges. Rising interest rates could also put pressure on investment yields, which could potentially impact fair values. The war in Ukraine continue to pose risks to economic health in Europe as well.

The main risks that can materially affect Citycon's business and financial results, along with the main risk management actions, are presented in detail on

pages 67-70 in the Financial Statements 2025, in Note 3.5 A) as well as on Citycon's website in the Corporate Governance section.

Legal proceedings

Certain lawsuits, claims and legal disputes based on various grounds are pending against Citycon relating to the company's business operations. In the company's view, it is improbable that the outcome of these lawsuits, claims and legal disputes will have a material impact on the company's financial position.

General meeting

Annual General Meeting 2025

Citycon's Annual General Meeting 2025 (AGM) was held on 3 April 2025. The Annual General Meeting was held without a meeting venue using remote connection in real time, in accordance with Section 11 of the Articles of Association of the Company and Chapter 5, Section 16 Subsection 3 of the Finnish Limited Liability Companies Act. A total of 253 shareholders were presented in the meeting either having voted in advance or via remote connection in person, or by statutory representative or by proxy, representing 64.5% of shares and votes in the company.

The General Meeting approved all the proposals made by the Board of Directors to the General Meeting. The AGM adopted the company's Financial Statements and discharged the members of the Board of Directors and the CEOs from liability for the financial year 2024 and decided to adopt the Remuneration Policy and the Remuneration Report for the governing bodies.

The General Meeting decided that no dividend is distributed by a resolution of the AGM and authorised the Board of Directors to decide in its discretion on the distribution of assets from the invested unrestricted

equity fund. Based on the authorisation, the maximum amount of equity repayment to be distributed from the invested unrestricted equity fund shall not exceed EUR 0.30 per share. The authorisation is valid until the opening of the next AGM. As announced by the Company on 15 November 2024, the Board of Directors does not intend to use the authorization until year end 2025.

Deloitte Oy, a firm of authorised public accountants, was elected as the auditor of the company for 2025.

The AGM decisions and the minutes of the AGM are available on the company’s website at citycon.com/agm2025.

Board of Directors

Under the Articles of Association, the Board of Directors of the company consists of a minimum of five and a maximum of ten members, elected by the General Meeting for a term of one year that will end at the close of the following Annual General Meeting.

The AGM resolved the number of members of the Board of Directors to be ten. Chaim Katzman, Yehuda (Judah) L. Angster, F. Scott Ball, Adi Jemini, Alexandre (Sandy) Koifman, David Lukes, Per-Anders Ovin, Ljudmila Popova and Eero Sihvonen were re-elected to the Board of Directors. Ms Keren Kalifa was elected as new member of the Board of Directors.

Chaim Katzman was the Chairman of the Board of Directors in 2025. Alexandre (Sandy) Koifman and F. Scott Ball were Vice Chairmen of the Board of Directors.

Auditor

Since 2024, the company’s auditor has been Deloitte Oy, a firm of authorised public accountants, which had designated Authorized Public Accountant Anu Servo to act as the responsible auditor of Citycon in 2025.

Chief Executive Officer (CEO)

From 7 September 2025 onwards, Eshel Pesti has been the company’s CEO. Mr Pesti’s personal details, career histories and positions of trust can be found on the company’s website at citycon.com/management. Information on the CEO’s executive contract and its terms and conditions are available on pages 52–54 of the Financial Statements.

Corporate governance statement

Citycon has published Citycon Group’s Corporate Governance Statement 2025 as a separate report, distinct from the Report by the Board of Directors. The statement is prepared in accordance with the recommendations of the Finnish Corporate Governance Code 2025 and is available on the company’s website at citycon.com/corporate-governance.

Shares, share capital and shareholders

The company has a single series of shares, with each share entitling to one vote at a General Meeting of shareholders. At the end of reporting period, the total number of shares outstanding in the company was 183,569,011. The shares have no nominal value.

On 23 June 2025, Citycon launched a share buyback program. According to the Board decision, the maximum number of shares to be repurchased was 12,000,000 and the maximum amount to be used for the repurchases was EUR 45,6 million. The share repurchases started on 23 June 2025 and ended on 11 July 2025. Citycon repurchased a total of 694,801

own shares corresponding to approximately 0.4% of the total number of shares in Citycon. The shares were purchased at an average price of approximately EUR 3.8 per share. The total amount used for the repurchase was approximately EUR 2.6 million. The shares were repurchased in public trading on Nasdaq Helsinki Ltd at the market price prevailing at the time of purchase, provided, however, that the maximum price was EUR 3.80 per share. The shares were cancelled on 14 July 2025. In addition, Citycon issued and transferred a total of 32,517 new shares during January–December 2025 as part of the remuneration paid under its long term incentive plans.

At the end of December 2025, Citycon had a total of 18,878 registered shareholders (Q4/2024: 25,660 shareholders), of which 9 were account managers of nominee-registered shares. Holders of the nominee-registered shares held approximately 141.6 million (Q4/2024: 124.7 million) shares, or 77.1% of shares and voting rights in the company (Q4/2024: 67.7%). The most significant registered shareholders can be found on company’s website citycon.com/major-shareholders.

Further information of the company’s stock listing, trading volume, share price, market cap, share capital, most significant registered shareholders, of the distribution of ownership and of the issue-adjusted average number of shares can be found on pages 36–37 of the Financial Review.

Public tender offer for Citycon shares

On 3 November 2025, G City Ltd announced that it would launch a mandatory public cash tender offer for all outstanding shares and option rights in Citycon Oyj on 2 January 2026.

Board authorisations

In addition to the above explained asset distribution authorisation of the Board of Directors, the Board of Directors of the company had two valid authorisations at the period-end granted by the AGM held on 3 April 2025:

- The Board of Directors may decide on an issuance of a maximum of 16 million shares or special rights entitling to shares referred to in Chapter 10 Section 1 of the Finnish Companies Act, which corresponded to approximately 8.7% of all the shares in the company at the period-end. The authorisation is valid until the close of the next AGM, however, no longer than until 30 June 2026.
- The Board of Directors may decide on the repurchase and/or on the acceptance as pledge of the company’s own shares in one or several tranches. The amount of own shares to be repurchased and/or accepted as pledge shall not exceed 30 million shares, which corresponded to approximately 16.3% of all the shares in the company at the period-end. The authorisation is valid until the close of the next AGM, however, no longer than until 30 June 2026.

During January – December 2025, the Board of Directors used its authorisation as follows:

Share issue for the deliveries of rewards of long-term incentive plans

On 3 April 2025, the Board of Directors of Citycon resolved on a directed share issue without consideration to pay rewards relating to the Restricted Share Plan 2020–2022 (7,000 shares), Restricted Share Plan 2024–2027 (12 500 shares), Matching Share Plan 2022–2024 (8 017 shares) and Performance Share Plan 2020–2022 (5 000 shares). In the share issue, total 32,517 new shares in the company were issued without consideration to the management and key personnel of the company in accordance with the terms and conditions of the plan. The shares were delivered on 11 April 2025.

Share buy-back program

On 23 June 2025, Citycon launched a share buyback program. According to the Board decision, the maximum number of shares to be repurchased was 12,000,000 and the maximum amount to be used for the repurchases was EUR 45.6 million. The share repurchases started on 23 June 2025 and ended on 11 July 2025. Citycon repurchased a total of 694,801 own shares corresponding to approximately 0.4% of the total number of shares in Citycon. The shares were purchased at an average price of approximately EUR 3.8 per share. The total amount used for the repurchase was approximately EUR 2.6 million. The shares were repurchased in public trading on Nasdaq Helsinki Ltd at the market price prevailing at the time of purchase, provided, however, that the maximum price was EUR 3.80 per share. The shares were cancelled on 14 July 2025.

Own shares

During the reporting period, the company held a total of 694,801 of the company's own shares. The shares

were cancelled on 14 July 2025. At the end of the period, the company or its subsidiaries held no shares in the company.

Flagging notices

- Citycon received one flagging notification on 28 January 2025 according to which Phoenix Financial Ltd.'s holding of shares in Citycon has increased over five (5) percent on 24 January 2025.
- Citycon received one flagging notification on 3 November 2025 according to which G City Ltd. holding of shares in Citycon has increased over fifty (50) percent on 3 November 2025.
- Citycon received one flagging notification on 4 November 2025 according to which Phoenix Financial Ltd.'s holding of shares in Citycon has decreased below five (5) percent on 3 November 2025.

Incentive plans

Long-term Share-based Incentive Plans

Citycon has nine long-term share-based incentive plans for the Group key employees:

- Option Plan 2025 D–F,
- CFO Restricted Share Unit Plan 2025–2028, and
- Restricted Share Plan 2023–2025 (Key employees, excl. Corporate Management Committee).

In April 2025, the company made the final reward payments under the following plans: 1) CEO Restricted Share Plan 2024–2027, 2) Performance Share Plan 2020–2022, 3) Matching Share Plan 2022–2024 and 4) Restricted Share Plan 2020–2022.

Following the reward payments all allocated shares were delivered from those plans. Additionally, CFO Performance Share Plan 2024–2026 expired in January 2025 in line with the CFO termination agreement.

In April 2025, the Board of Directors established the Option Plan 2025A–C and Restricted Share Unit Plan 2025–2028 for the new CEO. Following the change of CEO and based on the CEO termination agreement the Option Plan 2024 A–C (CEO) and the Restricted Share Unit Plan 2025–2028 (CEO) were discontinued in September 2025. Furthermore, the Option Plan 2024 (Corporate Management Committee) was discontinued in September 2025 in accordance with the terms and conditions of the plan, as there are no longer any participants.

Shares held by members of the board of directors and by the company management

The members of the Board of Directors of Citycon, the CEO, the other Corporate Management Committee members held a total of 656 720 company shares on 31 December 2024. These shareholdings represented 0.4% of the company's total shares and total voting rights.

Details of the shareholdings of the members of the Board of Directors, the CEO and the other members of the Corporate Management Committee are available on the company's website at www.citycon.com/managers-holdings-shares.

Events after the reporting period

The mandatory public cash tender offer published by G City Ltd for all shares and stock options issued by Citycon commenced on 2 January 2026.

As announced on 13 January 2026, Citycon's Board of Directors resolved on a one time equity repayment of EUR 0.20 per share. Based on the current total number of shares (183,569,011), the total amount of equity

repayment is EUR 36.7 million. The repayment was paid to shareholders on 27 January 2026.

On 16 January 2026, Citycon announced that the Company's Board of Directors had issued its statement regarding the mandatory public cash tender offer made by G City Ltd. In its statement, the Board recommended that shareholders accept the offer.

On 23 January 2026, Citycon announced that it had signed a new financing arrangement consisting of a EUR 270 million secured loan and an additional EUR 250 million accordion option.

Risk and risk management

The objective of Citycon’s risk management is to ensure that the business targets are achieved by identifying, assessing and monitoring key risks which may threaten these targets, and to the extent possible, avoid, transfer or mitigate these risks.

Risk management principles

Citycon is exposed to various risks through the normal course of its activities. No business can be conducted without accepting a certain risk level, and expected gains are to be assessed against the involved risks. Successful risk management implemented in the business processes decreases the likelihood of risk realization and mitigates the negative effects of realised risk. Many of the risks and threats have not only potential negative effects, but could also develop in a favourable manner, or if effective proactive measures are taken, be turned into opportunities for Citycon.

The Board of Directors determines Citycon’s strategic direction and is jointly with the Management Committee responsible for the long term and overall management of strategic risks. The operational risks, financial risks and hazard risks are managed in the various functions as a part of operational management. Each function has a dedicated person who is the owner of the risks in that area and also responsible for the reporting of the risks, the mitigation plans and the follow-up on their implementation.

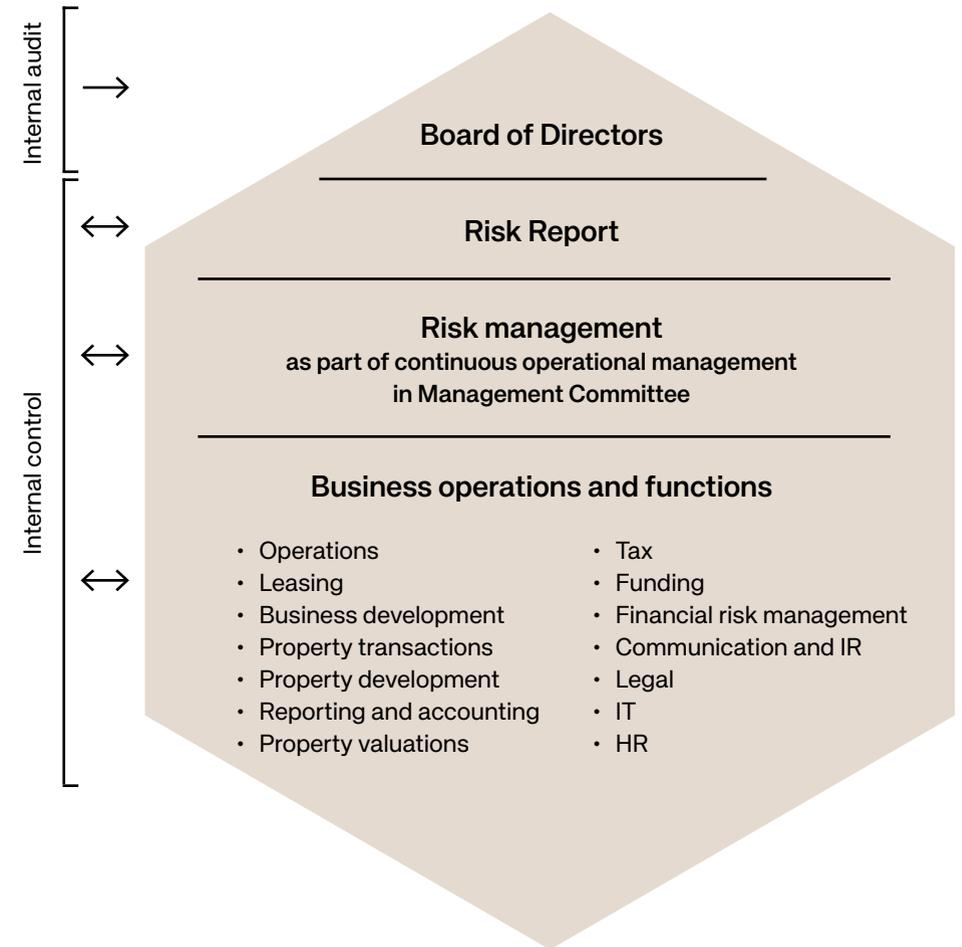

Risk reporting

The risk management and reporting process involves identifying, assessing, quantifying, mitigating and monitoring risks in all main business operations and processes. The process also includes evaluation of existing, and the planning of new, risk mitigation plans for the identified risks in order to continuously improve risk management processes.

The risk reporting process gathers data on risks and the respective mitigation plans into one group-wide risk register. The CFO is responsible for the risk reporting process and evaluates which risks to present

to Citycon’s Board of Directors to facilitate discussion and inform about the major risks in the company. This is done during the budgeting process so that the risks are linked to the annual targets. In order to evaluate the importance of each risk and to improve the comparativeness, an estimate of the loss associated with each risk is determined together with the probability of risk realization. The realised risks during the previous year are also estimated and reported.

Insurances

To transfer certain operational and hazard risks, Citycon maintains a comprehensive insurance coverage to cover damages, claims and liabilities potentially arising from the Group’s business. The properties are insured under the property damage policy to their full reconstruction value, including business interruption insurance and third-party liability insurance. Citycon also have other customary insurance policies.

Risk and impact	Risk management measures
<p>Leasing</p> <ul style="list-style-type: none"> • The economic development in Citycon’s operating countries impacts consumer confidence which could affect demand for retail premises. This may lead to lower rental levels or increased vacancy. It could also increase the risks for credit losses or decrease turnover based rental income. • Continued high inflation environment and increased energy costs could affect negatively to consumer purchase power and increase the risk of tenant bankruptcies and weaken tenant’s capability to pay rent which could increase Citycon’s vacancy and weaken results. • The growing online retailing that affects customer behavior, or increased local competition may affect demand for retail premises and put pressure on rental levels or increase vacancy, especially in less urban locations. 	<ul style="list-style-type: none"> • Citycon’s strategy to focus on grocery anchored, urban shopping centres connected to public transportation with necessity-driven retail has proven its stability in various market conditions with steady cash flows, occupancy and low credit losses also during a downturn. This strategy also decreases the negative effects of the increasing online retailing. • The fact that most of the company’s assets are in AAA/AA+ rated countries decreases the risk of a major downturn affecting the retail sector. • Citycon is continuously following and analysing tenants to identify risk tenants, and requires a rent collateral. • Tenant diversification has improved considerably through focused leasing efforts and through pan-Nordic strategy and the share of risk tenants has actively been decreased.
<p>Tenant concentration risk</p> <ul style="list-style-type: none"> • A material share of leased area and GRI comes from a small number of major tenants. Any negative developments, like store closures or lease changes, could disproportionately affect income, occupancy, cash flow, and asset values. High tenant concentration increases exposure to tenant-specific risks. 	<ul style="list-style-type: none"> • The risk is mitigated through active monitoring of major tenants, including regular reviews of financial performance and/or annual meetings with tenants to discuss financial outlooks and strategic developments. • Active leasing efforts help ensure a diversified tenant mix, reducing dependency on individual tenants and strengthening the portfolio’s overall resilience.
<p>Property Development & transactions</p> <ul style="list-style-type: none"> • The planned divestments of centers may be delayed due to the weak market conditions and the low liquidity of secondary assets. • Increased costs in development projects due to rising construction costs or delays due to unforeseeable challenges. • Reduced demand for new retail space could result in a low occupancy rate or lower than planned rent levels in new premises. 	<ul style="list-style-type: none"> • Maintaining relatively low level of development exposure and keeping no landbank. • Construction costs are managed through competitive tendering, careful project monitoring of costs and by entering into contracts with price caps when appropriate. • Leasing risks are minimised by having strict pre-leasing requirements prior to project start, by signing agreements with key anchor tenants at an early stage and by carrying out developments in proven retail locations with strong and growing demographics.
<p>Operations</p> <ul style="list-style-type: none"> • A major accident, system failure, or terrorist incident could threaten the safety of shoppers and retailers, leading to loss of consumer confidence and thereby loss of income and extra costs. • Risk of increased operating cost for e.g. maintenance, energy or security. In some lease agreements the rent paid by the lessee is not affected by changed operating expenses, and a rise in operating expenses higher than inflation would decrease the profitability. Also, when the higher costs can be passed to tenants, rising operating expenses may reduce tenants’ rental payment capacity. • Governmental restrictions due to new pandemic could threaten footfall and tenants’ ability to conduct business. 	<ul style="list-style-type: none"> • Risk of accidents and incidents mitigated by adequate security plans and incident procedures supported by crisis case exercises for personnel. • Comprehensive insurance coverage. • Citycon tries to minimize the impact of rising operating expenses by lease contracts with specified rent components when possible and charging tenants based on actual operating costs. • Efficient centralized procurement, frame contracts with service providers and suppliers, cost monitoring and cost benchmarking between shopping centres. • To mitigate the risk of energy price hikes, electricity prices are fixed according to a hedging policy, and energy efficiency actions have been implemented.
<p>Property values</p> <ul style="list-style-type: none"> • The value of the properties can decrease for a number of reasons: a weaker economic environment impacting consumer purchase power, changes in -competition and consumer behaviour towards internet shopping, reduced availability and higher cost of financing and the relative attractiveness of other asset classes. The changes may lead to higher yield requirements, decreased market rents and increased vacancy rates. 	<ul style="list-style-type: none"> • While many of the factors affecting property values cannot be influenced, Citycon seeks to impact the fair market value through active shopping centre management and optimising the profitability of its centres. • Citycon’s strategy to focus on urban mixed-use centres with necessity-driven retail and services in strong and growing locations results in relatively stable property valuations throughout the economic cycle. • Citycon’s presence in five highly rated countries gives country risk diversification and decreases the volatility of the total property values.
<p>Environment</p> <ul style="list-style-type: none"> • Environmental concerns, customer expectations or legislation might restrict or impact Citycon’s business, land use and construction. • Risks associated with e.g. climate change might affect Citycon’s business environment. For example, extreme weather conditions and regulation implemented to mitigate and adapt to climate change can increase energy, maintenance and construction costs. 	<ul style="list-style-type: none"> • Environmental impact assessments are conducted in connection with major projects. • Ensuring the environmental compliance of our buildings through energy investments, internal management practices, green energy purchase and production as well as external standards and certifications. • A sustainability strategy with clear short-term and long-term goals.
<p>People</p> <ul style="list-style-type: none"> • An expert organisation of Citycon’s nature relies heavily on its personnel for success, and therefore it is crucial to attract and retain the right people, develop competencies and ensure clear roles and targets. 	<ul style="list-style-type: none"> • Citycon sees good leadership as essential to reduce personnel related risks and places great emphasis on target-setting and performance management, competence development, career advancement, and commitment of key employees.
<p>Financing</p> <ul style="list-style-type: none"> • Both bank and bond financing have been available for Citycon, but willingness to lend at competitive terms could decline due to credit rating downgrades, turmoil in financial markets, tightening regulation or other reasons, which could affect the availability or cost of debt financing. • If interest rates continue to be at high level, it will inevitably increase Citycon’s financial expenses over time. 	<ul style="list-style-type: none"> • Citycon has a conservative but active financing policy, with a focus on long-term financing, a solid balance sheet and keeping 70–90% of debt tied to fixed interest rates to reduce the effects of increased interest rates. • Actively investigating different funding sources and proactively refinancing and extending debt maturities to limit repricing risk and ensure cost stability. • Maintaining a credible credit profile and sufficient liquidity.

Operating profit increased in 2025

Operating profit was EUR 226.6 million positive and increased in 2025 due to fair value gains. Net rental income decreased slightly in 2025 mainly due to divestments executed in 2024.

Result for the period in 2025 was impacted by higher financial expenses

Overall financial performance was impacted by the net fair value gain from investment properties of EUR 51.1 million together with increased financial expenses.

Basic company data

As a real estate investment company specialising in retail properties, Citycon operates in Finland, Norway, Sweden, Estonia and Denmark. Citycon is a Finnish public limited liability company established under Finnish law and domiciled in Helsinki, the address of its registered office being Piispansilta 9 A 1, 02230 Espoo. The official name of the company is Citycon Oyj.

The Board of Directors has approved the financial statements of the company on 26th February 2026. In accordance with the Finnish Limited Liability Companies Act, Annual General Meeting has the right to not approve the financial statements approved by the Board of Directors and return the financial statements back to the Board of Directors for a correction.

A copy of Citycon's consolidated financial statements is available on the corporate website at www.citycon.com and from the Group's headquarters at the address Piispansilta 9 A FI-02230 Espoo, Finland.

Basis of preparation

Citycon has prepared its consolidated financial statements in accordance with the International Financial Reporting Standards (IFRS) and applied the International Accounting Standards (IAS) and IFRS as well as Standing Interpretations Committee (SIC) and International Financial Reporting Interpretations Committee (IFRIC) interpretations effective as of 31 December 2025. International financial reporting standards refer to the approved applicable standards and their interpretations under Finnish accounting legislation and the following rules on European Union Regulation No. 1606/2002. Notes to the consolidated financial statements are also in compliance with Finnish accounting legislation and community legislation.

Financial assets and liabilities are classified either as financial assets or liabilities at amortised cost or financial assets or liabilities at fair value through profit or loss. Financial assets held at amortised cost include rent and trade receivables, interest receivables and cash and cash equivalents. Financial liabilities at amortised cost include loans, trade payables and interest payables. Financial assets and liabilities at fair value through profit or loss include foreign exchange derivative contracts, cross currency swaps and interest rate options. In addition, investment properties are measured at fair value following their initial recognition. In other respects, the consolidated financial statements are prepared at historical cost.

XBRL tags in the ESEF financial statement are audited.

The financial statements are shown in millions of euros and rounded in hundred thousands of euros.

Key estimates and assumptions and accounting policies requiring judgment

Preparing the financial statements under IFRS requires that the company's management make certain accounting estimates and assumptions, which have an effect on the application of the accounting policies and the reported amounts of assets, liabilities, income and expenses, as well as notes to the accounts. These estimates and associated assumptions are based on historical experience and various other factors deemed reasonable under the circumstances, the results of which form the basis of management judgements about the carrying values of assets and liabilities that are not readily apparent from other sources. Although these estimates are based on the best knowledge and current information available, the actual results may differ from the estimates due to uncertainty related to these assumptions and estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised for the period in which the estimate is revised if the revision affects only that period, or in the current and future periods if the revision affects both current and future periods.

Key estimates and assumptions and accounting policies requiring judgment regarding business activities are presented together with the relevant note.

Note	Key estimates and assumptions
2.1. Investment properties and related liabilities	Measuring the fair value of investment properties
2.2. Assets held for sale	Classification of investment properties
2.3. Right-of-use assets	Assessing the probability of exercising extension options
4.1. Income Taxes	Estimates and assumptions related to tax calculations
4.2. Deferred tax assets and liabilities	Recoverability of deferred tax assets
4.4. Trade and other receivables	Estimation of expected credit losses
5.1. Acquisitions and disposals	Classification of business and asset acquisitions
5.2. Goodwill	Impairment testing of goodwill

1. Operating performance

1.1. Segment information

The geographical segments of Citycon are Finland & Estonia, Norway and Sweden & Denmark. The segment Other mainly includes administrative expenses arising from the Group's functions. Citycon changed its operating segments and segment reporting starting from 1 January 2025. Previously the segments were Finland, Norway, Sweden and Denmark & Estonia. The comparison period figures have been updated to correspond with the new segments.

Citycon's Board of directors assess the business units' performance on the basis of Net Rental Income and Direct Operating Profit. Fair value changes are also reported to Citycon's Board of directors by business unit.

Segment assets and liabilities consist of operating items which the segment uses in its operations or which can be allocated to the segment on a reasonable basis. Unallocated items include tax and financial items, as well as corporate items. No internal sales take place between segments.

Capital expenditure includes additions to the investment properties, associated companies, joint ventures, property, plant and equipment and intangible assets in the statement of financial position.

General description of Citycon's lease agreements

In the majority, i.e. in 88% (88) of Citycon's lease agreements the rent is divided into base rent and maintenance rent. Base rent is typically tied to a yearly rent revision which is based on an index, such as cost-of-living index, or percentual minimum increase. Maintenance rent, charged separately from the lessee, are used for covering operating expenses incurred by the property owner due to property maintenance.

Part of Citycon's lease agreements also contain a turnover-linked component in addition to base rent. In addition, Citycon also has some lease agreements which are fully tied to tenant's turnover. At the end of 2025 approximately 62% (62) of lease agreements in Citycon's lease portfolio had turnover based components.

Because the majority of the lease portfolio is tied to indexation, a predetermined minimum rent increase and/or the tenant's turnover, Citycon's leases are mainly leases with contingent rent payments in accordance with IFRS 16.

In accordance with the below table, Citycon had 3 607 (3 831) lease agreements on 31 December 2025. The decrease in the number of lease agreements was mainly due to divestment assets.

Number of leases	31 December 2025	31 December 2024
Finland & Estonia	1,241	1,485
Norway	881	862
Sweden & Denmark	1,485	1,484
Total	3,607	3,831

In accordance with the table presented below, the average remaining length of Citycon's lease portfolio was 3,6 (3,3) years on 31 December 2025. The duration of a new lease depends on the type of premises to be leased and the tenant. With larger anchor tenants, Citycon typically concludes long-term leases of 10-15 or even 20 years while leases for smaller retail premises are mainly agreed for a term of 3 to 5 years.

Average remaining length of lease portfolio, years	31 December 2025	31 December 2024
Finland & Estonia	4.5	4.1
Norway	3.4	2.9
Sweden & Denmark	2.3	2.4
Average	3.6	3.3

Citycon mainly seeks to sign fixed-term leases with the exception of apartment, storage and individual parking space leases. At the year end 2025, fixed-term leases represented around 91% (90), initially fixed-term leases

3% (4) and leases in effect until further notice 6% (6) of Citycon's lease portfolio.

The table below presents the future minimum lease payments by first possible termination dates based on the valid rent roll at the end of the year 2025 and 2024.

Future minimum lease payments receivable under non-cancellable leases^{1,2}

EUR million	31 December 2025	31 December 2024
Not later than 1 year	59.5	76.0
1-5 years	152.4	140.0
Over 5 years	60.9	51.2
Total	272.7	267.2

¹ Non-cancellable leases include fixed-term and initially fixed-term leases until the end of their terms. Leases in effect until further notice are assumed as non-cancellable leases for the equivalent of their notice period.

² Share of annual lease payments

Accounting policy

The investment properties leases, in which Citycon is a lessor, are classified under operating leases, since Citycon retains a significant share of risks and rewards of ownership. Rental income from operating leases is spread evenly over the lease term.

Lease incentives, such as rent-free periods or rental discounts, that have been agreed at the start of the lease agreement are recognised on a straight-line basis over the lease term. The accounting treatment for lease incentives given during the lease agreement are recognized differently depending whether the lease incentive is based on the original lease agreement or not. If the discounts given during the lease term are not based on the original lease agreement but, the leaseholder has requested a rental discount due to the market situation or the property's (re)development project, the discounts will

be, according to IFRS 16, considered to form a new lease agreement, which means that the discounts are to be recognized on a straight-line basis during the remaining lease term. However, if the discounts given during the lease term are based on original lease agreement, then they are not lease modification. Therefore, they are treated as variable lease payments under operating leases and the impacts are recognised in the period when they are granted.

On behalf of the lessee, Citycon may perform alteration work on the premises rented by the lessee and charge the lessee for the resulting costs, in the form of a rent increase. Citycon recognises the alteration-related rent increase as rental income over the lease term. The rent increase and expenses arising from the alteration work are taken into account when measuring the fair value of the investment property.

1.3. Revenue from contracts with customers

Contacts with customers

In the business operations of Citycon Group, the guidance provided in the IFRS 15 Revenue from Contracts with Customers standard applies to the following sales revenues: Service charges, utility charges, other service income as well as management fees.

Service charges

The sales revenues linked to service charges consist of the repair, maintenance and administration services for the business premises and common areas of Citycon's shopping centre properties that Citycon provides for its customers on the basis of the contracts made with the customers (lease agreement).

Utility charges

The sales revenues linked to utility charges comprise fees charged from customers to cover, e.g. the costs arising from the energy consumption, heating and waste management of the business premises of the shopping centre properties in accordance with the customer contract (lease agreement).

Other service income

The sales revenues linked to other service income consist mainly of fees charged from customers to cover the costs arising from the planning and implementation of the marketing of Citycon Group's shopping centres.

Managements fees

Sales revenues related to management fees consists of the administrative services provided by Citycon Group to shopping centres owned by joint ventures or third parties.

Breakdown of revenues 1 January–31 December 2025

¹ Is included in the line item Service charge income in the Consolidated income statement.

² Is included in the line item Other operating income and expenses in the Consolidated income statement.

Accounting policy - revenue from contracts with customers

Citycon Group's lease agreements and management contracts typically include a clear description of the obligations of the service provider and the customer purchasing the service as well as a break down of the price of the service provided. As a result, the service obligations as well as the basis for the transaction prices of each performance obligation in accordance with the IFRS 15 standard connected to Citycon Group's customer contracts have been clearly defined.

The transaction prices of all sales revenue groups primarily consist of variable considerations based on, e.g. the amount of services used by the customer or the changing prices of goods. Hence, Citycon estimates the amount of sales revenues recorded from the contracts on the basis of the expected value of sales revenues from the reporting period.

With regard to all customer contracts, the sales revenues are recorded over time, as the customer simultaneously receives and uses the financial benefit resulting from the maintenance and service operations related to the business premises owned by Citycon Group or the management service provided for shopping centres owned by joint ventures or third parties when Citycon provides the customer with the service.

The service charges are presented in Citycon's reporting as gross because in its view, Citycon acts as the principal in accordance with the definition in the IFRS 15 standard when providing services.

For example, Citycon selects the maintenance and cleaning service providers for its properties, makes a contract with the providers and carries the credit risk pertaining to the provision of the service. This being the case, the customer may not choose the service provider or influence the service provider's pricing.

The services provided by Citycon Group do not include a significant financial component because the payments based on customer contracts typically become due before the start of the lease period or immediately upon its beginning. Citycon Group will not become subject to costs of obtaining a contract in accordance with the IFRS 15 standard. When it comes to the leases for business premises included in Citycon's core business, the accounting treatment of costs resulting from obtaining the contract and the expenses treated in accordance with the instructions in the IAS 40 standard, such as alteration works or commissions of the leased property, is described in detail in Note 1.2.

Contract balances

MEUR	2025	2024
Contract assets	2.2	2.1
Contract liabilities	1.8	2.2

Accounting policy - contract balances

The contract assets on customer contracts are open sales receivables related to service charges, and the contract liabilities based on the contract are advance payments received for service charges. The contract assets based on customer contracts are expected to be received within three (3) months and the contract liabilities based on the contract are expected to be recognised as income within the next twelve (12) months.

1.4. Property operating expenses

MEUR	2025	2024
Heating and electricity	-21.4	-29.2
Maintenance expenses	-33.2	-34.9
Property personnel expenses	-7.2	-9.6

Total	976,672	2,040,051

F. Scott Ball served as the interim CEO of Citycon Oyj from October 8, 2024 to February 28, 2025. Subsequently, Oleg Zaslavsky served as the company's CEO from March 1 to September 7, 2025. From September 7, 2025 onwards Eshel Pesti has served as the CEO of the company. In 2025, the total combined remuneration of Citycon's respective CEOs was EUR 976,672 (in 2024 EUR 2,040,051). 41 % of the CEO's total remuneration was in the form of variable pay.

The variable remuneration components include short-term and long-term incentive plans in addition to the potential other financial benefits and potential other one-time payments. A pay-for-performance principle is based on the concept that the CEO's compensation reflects the performance of the company. Citycon's Board will evaluate the achievement of the CEO's performance targets and decide on the CEO's performance bonus amount payable for each financial year, typically during the first quarter of the following calendar year.

With respect to long-term incentive schemes, Oleg Zaslavsky was included in the CEO Restricted Share Plan 2025–2028 and in the CEO Stock Option Plan 2025 A-C and Eshel Pesti was included in Stock Option Plan 2025 D-F. F. Scott Ball was included in the CEO Stock Option Plan 2022–2025.

¹ Transactions with The Board Members are presented in Note 5.4.B Related party transactions.

During 2025, the travel expenses of the Board members amounted to EUR 0.1 million (2024: EUR 0.3 million).

Board members do not participate in the company's share-based incentive schemes.

D) Long-term share-based incentive plans

Citycon has currently the following long-term share-based incentive plans for the Group key employees:

- Option Plan 2025 D–F (CEO and CFO, decided on 30 October 2025)
- CFO Restricted Share Unit Plan 2025-2028 (decided on 30 October 2025)
- Restricted Share Plan 2023–2025 (Key employees, excl. Corporate Management Committee, decided on 16.2.2023)

The aim of the share-based incentive plans is to combine the objectives of the shareholders and the key employees to increase the value of the company in the long-term, to retain the key employees in the service of the company, and to offer them competitive reward plans based on earning and accumulating the company's shares.

In 2025, expenses from long-term share-based incentive plans recognised in consolidated financial statements amounted to EUR 0.1 million (0.3).

Option Plan 2025 D–F

Option Plan 2025 D–F is directed to CEO and CFO. The maximum total number of stock options to be issued is 894,924 and they entitle their owners to subscribe for up to an equivalent number of new shares in total in the company or existing shares held by the company. The stock options are issued gratuitously. Of the stock options, 298,308 are marked with the symbol 2025D, 298,308 are marked with the symbol 2025E and 298,308 are marked with the symbol 2025F.

The shares subscribed for with the stock options to be issued will account for a total maximum of 0.49 % of all the company's shares and votes after possible share subscriptions if new shares are issued in the

subscription. As a result of the share subscriptions made with the stock options, the number of shares in the company may increase by a total maximum of 894,924 shares if new shares are issued in the subscription. The share subscription price for stock options 2025D–F is EUR 3.62 per share. The share subscription price will be credited to the company's reserve for invested unrestricted equity.

The share subscription period for stock options is:

- for stock options 2025D, 7 September 2026 – 6 September 2029
- for stock options 2025E, 7 September 2027 – 6 September 2029
- for stock options 2025F, 7 September 2028 – 6 September 2029

CFO Restricted Share Unit Plan 2025-2028 The Board of Directors may allocate rewards from the plan during the financial year 2025. The value of the rewards to be paid on the basis of the plan corresponds to a maximum total of 45,000 shares of Citycon Oyj, including also the proportion to be paid in cash.

The rewards will be paid in three equal instalments in September 2026, September 2027 and September 2028. The reward is based on a valid director contract and on the continuity of service.

The reward will be paid partly in Citycon's shares and partly in cash. The cash proportion of the reward is intended to cover taxes and statutory social security contributions arising from the reward. As a rule, no reward will be paid if the director's contract terminates before the reward payment.

The rewards allocated in 2025 correspond to the total value of 45,000 shares, including any cash proportion to cover taxes and tax-related costs.

Restricted Share Plan 2023–2025

The Restricted Share Plan 2023–2025 is directed to selected key employees, excluding the CEO and other members of the Corporate Management Committee.

The rewards from the plan may be allocated in 2023–2025. The reward will be based on a valid employment or service contract of a key employee upon the reward payment, and it may be paid partly in the company's shares and partly in cash, to be used for taxes and tax-related costs, after the end of a vesting period of 24 to 36 months.

The rewards to be paid on the basis of the plan in total correspond to a maximum total value of 60,000 shares, including any cash proportion for taxes and tax-related costs.

In 2025, no new rewards were allocated, and no payments were made based on this plan.

Long-term Incentive Plans expired / terminated during 2025

The following incentive plans were terminated / expired during 2025:

- Option Plan 2025 A-C (CEO, decided on 3 April 2025),
- Restricted Share Unit Plan 2025-2028 (CEO, decided on 3 April 2025)
- Option Plan 2024 A-C (CEO, decided on 15 April 2024),
- CEO Restricted Share Plan 2024-2027 (decided on 15 April 2024),

- CFO Performance Share Plan 2024–2026 (decided 15 February 2024)
- Performance Share Plan 2020–2022 (CMC, decided on 17 March 2020)
- Matching Share Plan 2022–2024 (CMC, decided on 22 March 2022)
- Restricted Share Plan 2020—2022 (key employees, decided on 11 December 2019)
- Option Plan 2024 (CMC, decided on 19 March 2024)
- CEO Stock Option Plan 2022–2025 (decided on 12 January 2022)

Option Plan 2025 A-C

The Option Plan 2025 A-C was directed to Citycon's former CEO Oleg Zaslavsky. The total number of stock options issued is 1,210,677 and they entitled their owners to subscribe for up to an equivalent number of new shares in total in the company or existing shares held by the company. The stock options were issued gratuitously. Of the stock options, 403,559 are marked with the symbol 2025A, 403,559 are marked with the symbol 2025B and 403,559 are marked with the symbol 2025C.

The shares subscribed for with the stock options to be issued will account for a total maximum of 0.62 per cent of all the company's shares and votes after possible share subscriptions if new shares are issued in the subscription. As a result of the share subscriptions made with the stock options, the number of shares in the company may increase by a total maximum of 1,210,677 shares if new shares are issued in the subscription. The share subscription price for stock options 2025A-C was 3.10 euros per share, which equals the value of the share on 1 March 2025.

The option program was terminated in accordance with the terms of the program and the termination agreement

of Oleg Zaslavsky's CEO position, and no new shares were subscribed for under the option program.

Restricted Share Unit Plan 2025-2028

Restricted Share Unit Plan was directed to Citycon's former CEO Oleg Zaslavsky. The value of the rewards to be paid on the basis of the plan correspond to a maximum total of 87,000 shares of Citycon Oyj, including also the proportion to be paid in cash. The rewards will be paid in three equal instalments in April 2026, April 2027 and April 2028. The reward is based on a valid director contract and on the continuity of service.

The reward will be paid partly in Citycon's shares and partly in cash. The cash proportion of the reward is intended to cover taxes and statutory social security contributions arising from the reward. As a rule, no reward will be paid if the director's contract terminates before the reward payment.

In accordance with the terms of the plan and the provisions of Zaslavsky's termination agreement, no share-based rewards were paid to him based on the share plan and the plan was terminated.

CEO Stock Option Plan 2024 A-C

The Option Plan 2025 A-C was directed to Citycon's former CEO Henrica Ginström. The maximum total number of stock options issued was 1,591,848 and they entitled their owners to subscribe for up to an equivalent number of new shares in total in the company or existing shares held by the company. The stock options were issued gratuitously. Of the stock options, 530,616 are marked with the symbol 2024A, 530,616 are marked with the symbol 2024B and 530,616 are marked with the symbol 2024C.

The shares subscribed for with the stock options to be issued will account for a total maximum of 0.85 per cent of all the company's shares and votes after possible share subscriptions if new shares are issued in the subscription. As a result of the share subscriptions made with the stock options, the number of shares in the company may increase by a total maximum of 1,591,848 shares if new shares are issued in the subscription. The share subscription price for stock options 2024A-C was 4.05 euros per share.

The option program was terminated in accordance with the terms of the program and the provisions of Ginström's termination agreement, and no new shares were subscribed for under the option program.

CEO Restricted Share Plan 2024-2027

The CEO Restricted Share Plan 2024—2027 was directed to Citycon's former CEO Henrica Ginström.

The value of the rewards to be paid on the basis of the plan corresponds to a maximum total of 75,000 shares of Citycon Oyj, including also the proportion to be paid in cash. The rewards will be paid in three instalments in April 2025, April 2026 and April 2027. The reward is based on a valid director contract and on the continuity of service. The reward will be paid partly in Citycon's shares and partly in cash. The cash proportion of the reward is intended to cover taxes and statutory social security contributions arising from the reward. As a rule, no reward will be paid if the director's contract terminates before the reward payment.

The share program was terminated in accordance with the terms of the program and the provisions of Ginström's termination agreement. The rewards paid under the plan in 2025 corresponded to the total value

of 25,000 shares, including a cash proportion to cover taxes and tax-related costs.

CFO Performance Share Plan 2024–2026

The CFO Performance Share Plan 2024—2026 was directed to the former CFO Sakari Järvelä.

The CFO Performance Share Plan 2024-2026 consists of three performance periods, covering the financial years 2024, 2024–2025 and 2024–2026 respectively.

In the plan, the CFO has an opportunity to earn Citycon Oyj's shares based on performance. The performance criteria of the plan are tied to the participant achieving the strategic individual criteria. The potential rewards from the plan will be paid after the end of each performance period. The value of the rewards to be paid on the basis of the plan corresponds to a maximum total of 30,000 shares of Citycon Oyj, including also the proportion to be paid in cash.

The potential reward will be paid partly in Citycon Oyj's shares and partly in cash. The cash proportion of the reward is intended to cover taxes and statutory social security contributions arising from the reward to the CFO. As a rule, no reward will be paid if the CFO's employment contract terminates before the reward payment.

The share program was terminated in accordance with the terms of the program and the provisions of Järvelä's termination agreement. The rewards paid under the plan in 2025 corresponded to the total value of 10,000 shares, including a cash proportion to cover taxes and tax-related costs.

Performance Share Plan 2020-2022

The Performance Share Plan 2020—2022 is directed to the members of the Corporate Management Committee, excluding the CEO.

The plan includes three performance periods, each three years, spanning from March 2020, 2021 and 2022 until the end of February 2023, 2024 and 2025, respectively. The rewards payable are based on the participants achieving the strategic individual criteria set for each performance period and a valid employment or service contract. The rewards to be paid correspond to a maximum total value of 150,000 shares including any cash proportion for taxes and tax-related costs.

The rewards paid under the plan in 2025 corresponded to the total value of 10,000 shares, including a cash proportion to cover taxes and tax-related costs.

Matching Share Plan 2022–2024

The Matching Share Plan 2022–2024 is directed to the members of the Corporate Management Committee (excluding the CEO).

The plan includes three matching periods, financial years 2022—2023, 2023—2024, 2024—2025. The prerequisite for participation in this plan and for reward payment is that a key employee invests in the company's shares a pre-determined percentage of the bonus earned from the company's performance bonus scheme during the calendar year preceding a matching period. If a key employee's Share Ownership Prerequisite is fulfilled and his or her employment or service is in force with a Citycon group company upon reward payment, he or she will receive free matching shares for shares subject to the share ownership prerequisite.

The rewards paid under the plan in 2025 corresponded to the total value of 8,017 shares. In addition, a cash proportion is included in the rewards to cover taxes and tax-related costs arising from the rewards to the participants in accordance with the terms and conditions of the plan.

Restricted Share Plan 2020—2022

The Restricted Share Plan 2020—2022 is directed to selected key employees, excluding the CEO and other members of the Corporate Management Committee.

The rewards from the plan may be allocated in 2020—2022. The reward will be based on a valid employment or service contract of a key employee upon the reward payment, and it may be paid partly in the company's shares and partly in cash, to be used for taxes and tax-related costs, after the end of a vesting period of 24 to 36 months.

The rewards to be paid on the basis of the plan in total correspond to a maximum total value of 60,000 shares, including any cash proportion for taxes and tax-related costs.

The rewards paid under the plan in 2025 corresponded to the total value of 14,000 shares, including a cash proportion to cover taxes and tax-related costs.

Option Plan 2024

Option Plan 2024 is directed to the members of the Corporate Management Committee. The maximum total number of stock options to be issued is 350,000 and they entitle their owners to subscribe for up to an equivalent number of new shares in total in the company or existing shares held by the company. The stock options are issued gratuitously. Stock options are marked with the symbol 2024. The Board resolved on

15 April 2024 to increase the maximum number of stock options distributed from the plan with 150,000 stock options, so the total maximum number of stock options will be 500,000 stock options.

The share subscription price for stock options 2024 is 4,05 euros per share. The share subscription price will be credited to the company's reserve for invested unrestricted equity. The share subscription period for stock options 2024 is from 1 March 2027 to 29 February 2028. The plan was discontinued in September 2025 in accordance with the terms and conditions of the plan, as there are no longer any participants.

CEO Stock Option Plan 2022–2025

The Option Plan was directed to Citycon's former CEO F. Scott Ball.

The stock options were issued gratuitously and entitle to subscribe a maximum total of 2,111,111 new shares in the company or existing shares held by the company. Of the stock options, 527,778 are marked with the symbol 2022A; 527,778 with the symbol 2022B; 527,778 with the symbol 2022C and 527,777 with the symbol 2022D. The subscription period for stock options 2022A is 31 January 2022 – 31 December 2025, for stock options 2022B 31 January 2023 – 31 December 2025, for stock options 2022C 31 January 2024 – 31 December 2025 and for stock options 2022D 31 January 2025 – 31 December 2025. The share subscription price for shares subscribed by virtue of the stock options was EUR 7.38 per share.

F. Scott Ball did not exercise any options in 2025. The options expired on 31 December 2025.

Further information

Further information on the long-term share-based incentive plans is available on the company's website at citycon.com/remuneration.

1.7. Other operating income and expenses

MEUR	2025	2024
Management fees	0.2	0.2
Management fee related expenses	-0.4	-0.4
Other operating income and expenses	-6.1	2.5
Total	-6.4	2.3

Accounting policy - management fees

Citycon manages some of the shopping centres owned by joint ventures and third parties and recognizes management fees over the contract period.

1.8. Earnings per share

Earnings per share (basic) is calculated by dividing the net profit/loss attributable to parent company shareholders by the share issue adjusted weighted average number of shares.

Earnings per share, basic

	2025	2024
Result for the period attributable to parent company shareholders (MEUR)	95,0	-37.9
Hybrid bond interests and expenses (MEUR)	-39,0	-33.1
Gains/losses and expenses on hybrid bond repayments (MEUR)	-2,7	-2.2
Weighted average number of ordinary shares (1,000)	183 905	182,316
Earnings per share (basic) (EUR)¹	0,29	-0.40

Earnings per share, diluted

	2025	2024
Result for the period attributable to parent company shareholders (MEUR)	95,0	-37.9
Hybrid bond interests and expenses (MEUR)	-39,0	-33.1
Gains/losses and expenses on hybrid bond repayments (MEUR)	-2,7	-2.2
Weighted average number of ordinary shares (1,000)	183 905	182,316
Adjustment for share-based incentive plans (1,000)	905	1,694
Weighted average number of ordinary shares, diluted (1,000)	184 810	184,009
Earnings per share (diluted) (EUR)¹	0,29	-0.40

¹ The key figure includes hybrid bond coupons (both paid and accrued not yet recognized), amortized fees and gains/losses and expenses on hybrid bond repayments.

Weighted average number of ordinary shares used in the calculation of Earnings per share (diluted)

	Days	Number of shares
Weighted average (daily) number of shares	365	184 810 123

Accounting policy - earnings per share (diluted)

Diluted Earnings per share is calculated by adjusting the weighted average number of shares to assume the conversion of all dilutive potential shares. The number of shares is increased by dilutive shares arising from stock options and long-term share-based incentive plans.

The share-based incentive scheme has a dilutive effect during the earning period when the performance conditions for the bonus have been fulfilled, and the shares have not yet been granted.

2. Property portfolio and assets

2.1. Investment properties and related liabilities

Accounting policy - investment properties in the financial statement

Investment property refers to land or a building, or part of a building, held to earn rental income or capital appreciation, or both. Under IAS 40, investment property is measured at fair value, with gains and losses resulting from fair value changes for investment properties are netted and stated as a separate item in the consolidated income statement.

The investment properties are measured initially at cost, including transaction costs such as consultant fees and transfer taxes. After their initial measurement investment properties are valued at fair value at the end of the quarter following the acquisition.

The fair valuation of the company's properties is conducted half-yearly by an independent external appraiser according to the International Valuation Standards (IVS) while on the first and third quarter of the year Citycon conducts the fair value measurement internally except for new acquired properties which are valued externally. When measuring the values internally, Citycon has based the valuations on market indications received from the external appraiser.

(Re)development projects are classified as investment properties and determined at fair value after an investment decision has been made and the external appraiser considers that sufficient information is available for a reliable valuation. In the fair value valuation on 31 December 2025 0 property (0) was classified as (re)development project. Capital expenditure on potential development projects relates to planning and zoning costs. Potential development projects are projects whose realization is uncertain. Therefore they have been left out of the valuation conducted by the external appraiser.

The fair value of Citycon's investment properties in the consolidated statement of financial position consists of the property portfolio's total value determined by the external appraiser, less transfers into investment properties held for sale, added by capital expenditure on potential development projects that are not taken into account by the external appraiser, as well as the value of new properties acquired during the reporting quarter if not possible measure at fair value, in regard to timing and reliable information available.

The fair value of Citycon's properties was measured by CBRE (Norway, Denmark, Estonia) and JLL (Finland, Sweden) for the financial statements for 2025 and 2024. The resulting fixed fees based on the 2025 valuations totaled EUR 0.2 million (0.2). The reconciliation between the fair value determined by the external appraiser and the fair value of investment properties in Citycon's balance sheet, is presented below:

EUR million	31 December 2025	31 December 2024
Fair value of investment properties determined by the external appraiser per 31 December	3,709.7	3,643.2
Capital expenditure on potential development projects	31.6	28.4
Right-of-use assets classified as investment properties (IFRS 16)	34.5	37.3
Transfer into assets held for sale	-510.0	-81.1
Acquisition cost of properties acquired during the last quarter of the year	-	-
Fair value of investment properties per 31 December	3,265.9	3,627.8

Accounting policy - fair value definition and hierarchy

In accordance with IFRS 13, the fair value is defined as the price that would be received from the sale of an asset in an orderly transaction between market participants at the measurement date.

Citycon uses valuation techniques that are appropriate under the existing circumstances, and for which sufficient data is available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. Input data used in valuation method to determine the fair value is categorized into three fair value hierarchy levels in accordance with IFRS 13. Investment property measured at fair value is categorised to the same fair value hierarchy level as the lowest level input, which is significant to the fair value measurement as a whole.

Yield requirement is an important input parameter in the valuation measurement and it is derived from comparable market transactions. Citycon has decided to categorise all property fair valuations as level 3, because properties and especially shopping centres are usually heterogeneous and transactions are infrequent. Transfers between levels in the hierarchy did not occur during the year.

Fair value measurement of investment properties, fair value measurement hierarchy

EUR million	31 December 2025	31 December 2024
Quoted prices (Level 1)	-	-
Observable inputs (Level 2)	-	-
Unobservable inputs (Level 3)	3,709.7	3,643.2
Total	3,709.7	3,643.2

Key estimates and assumptions - fair value of investment properties

Measuring the fair value of investment properties is a key accounting policy that is based on assessments and assumptions about future uncertainties. Yield requirement, market rents, vacancy rate and operating expenses form the key variables used in an investment property's fair value measurement. The evaluation of these variables involves Citycon management's judgment and assumptions. Also, the evaluation of the fair value of (re)development projects requires management's judgment and assumptions regarding investments, rental levels and the timetable of the project.

Accounting policy - fair value measurement

The fair value measurement of Citycon's investment properties is based on 10-year cash flow analysis, conducted separately for each property. The basic cash flow is determined by the lease agreements valid at the valuation date. Upon a lease's expiry, the market rent assessed by an external appraiser replace the contract rent. Potential gross rental income less vacancy assumption, operating expenses and investments equals cash flow, which is then discounted at the property-specific discount rate. The total value of the property equals to the value of the discounted cash flow, residual value and the value of the unused building rights. The total value of the property portfolio is calculated as the sum of the individual properties' fair values.

The valuation of on-going (re)development projects is based on a cash flow analysis, in which the capital expenditure on the (re)development project and the property's future cash flows are taken into account according to the (re) development project's schedule.

Inputs

31 December 2025	Finland & Estonia	Norway	Sweden & Denmark	Average
Yield requirement (%)	6.3	6.6	6.1	6.3
Market rents (EUR/sq.m./month)	30.1	21.7	25.6	26.2
Operating expenses (EUR/sq.m./month)	7.1	5.2	7.4	6.6

Change, basis points	-50	-25	±0	+25	+50
Vacancy	3,667.3	3,655.3	3,643.2	3,631.2	3,619.1
Yield requirement	3,995.9	3,811.3	3,643.2	3,489.6	3,348.6

Inputs

The segments' inputs used by the external appraisers in the cash flow analysis per 31 December 2025 and 31 December 2024 are presented in the following tables.

Sensitivity analysis

Sensitivity to change in the properties' fair value, or the risk associated with fair value, can be tested by altering the key parameters. The sensitivity analysis below uses the investment properties' fair value defined by the external appraiser as the starting value. Sensitivity analysis indicates that the market value is most sensitive to changes in market rents and yield requirement. A 10% increase in market rents increases the market value of the investment properties by approximately 13%. Correspondingly, a 50 bps decrease in the yield requirement results in an approximately 10% increase in market value.

The market value reacts to changes in vacancy and operating expenses, but their relative effect is not as great as changes to market rent and yield requirement. In sensitivity analyses one parameter is changed at a time. In reality, changes in different parameters often occur simultaneously. For example, a change in vacancy may connect to a change in market rents and yield requirement when they impact fair value simultaneously.

Investment property changes and classification

31 December 2025 MEUR	Investment properties under construction	Operative investment properties	Investment properties total
Balance at 1 January 2025	-	3,627.8	3,627.8

Changes in right-of-use assets classified as investment properties (IFRS 16)	-	4.2	4.2
Balance at 31 December 2024	-	3,627.8	3,627.8

Citycon divides its investment properties into two categories: Investment Properties Under Construction (IPUC) and Operative Investment Properties. On reporting date, there were no properties in the first mentioned category. On comparable period 31 December 2023, this category included Barkarby residentials in Sweden.

IPUC-category includes the fair value of the whole property even though only part of the property may be under construction.

Contractual obligations to purchase, construct or develop investment properties are presented below. Please see note 3.7. for information on pledges on investment properties.

Contingent liabilities related to investment properties

EUR million	2025	2024
Capital commitments	10.2	20.1
VAT refund liabilities	55.0	67.8

Capital commitments

Capital commitments relate mainly to on-going (re) development projects.

VAT refund liability

There are value-added tax refund liabilities arising from capitalised renovations and new investments in Citycon's investment properties. The VAT refund liabilities will realise if the investment property is transferred for non-VAT-liability use within 10 years.

2.2. Assets held for sale

Key estimates and assumptions

- assets held for sale

Classifying properties into investment properties or assets held for sale requires management's judgement.

MEUR	2025	2024
Acquisition cost January 1	81.1	0.0
Exchange differences	-0,1	-
Acquisitions	-	59.3
Investments	-	0.6
Disposals	-61.4	-389,9
Transfers from investment properties	490.3	411.1
Accumulated acquisition cost December 31	510.0	81.1

Assets held for sale on 31 December 2025 consisted of three investments properties in Finland & Estonia and three investment properties in Sweden & Denmark. On the comparison date 31 December 2024, assets held for sale consisted of one property in Norway segment and one property in Finland & Estonia segment. Citycon transferred one property in Norway back to investment properties during 2025.

Transfer from investment properties includes also fair value changes of investment properties in assets held for sale.

Citycon had no material liabilities directly associated with assets classified as held for sale or other assets than investment properties.

Accounting policy - assets held for sale

Non-current assets or a disposal group are classified as held for sale if their carrying amount will be recovered principally through the disposal of the assets and the sale is highly probable.

A sale is deemed highly probable when

- the management is committed to a plan to sell the property and an active programme to locate a buyer and complete the plan has been initiated
- the property is actively marketed for sale at a price that is reasonable in relation to its current fair value,
- the sale is being expected to qualify for recognition as a completed sale within one year.

Non-current assets or a disposal group are recognized at fair value less costs to sell.

Assets held for sale and material liabilities directly associated with the assets held for sale are presented as separate line items in the statement of financial position as held for sale items until the sale. In practice Citycon reclassifies the fair values of the investment properties to be sold to assets held for sale as this forms basically all of the concerned assets. Any deferred tax liabilities are not yet reclassified at this point.

2.3. Right-of-use assets

Accounting policy - right-of-use assets

Citycon Group has recognized right-of-use assets from the leases subject to the scope of the standard as part of the 'Investment properties' and 'Tangible assets' balance sheet items. The right-of-use assets recognized as part of investment properties consist of leases subject to Citycon Group's core business, such as the leases of shopping centres, shopping centre land areas and shopping centre machinery. The right-of-use assets recognized as tangible assets, on the other hand, have primarily been recognized for leases included in administrative expenses, such as office leases, IT assets and leased cars. The lease liability of Citycon Group has been valued by discounting the lease payment liabilities of the leases subject to the scope of the IFRS 16 standard to their present value using as the discounting factor the view of the company's management on the incremental borrowing rate at the starting time of the lease.

The majority of the leased right-of-use assets of Citycon Group are fixedly linked to Citycon's investment properties. As a result, Citycon measures right-of-use assets that qualify as investment property using the fair value model in IAS 40. Consequently, fair value changes rather than depreciations are recognised. Lease payments are allocated between principal and interest expenses according to IFRS 16. The impacts on profit pertaining to the right-of-use assets classified as 'Tangible assets' are disclosed in the profit and loss account as interest expenses and as depreciations included in the line item 'Administrative expenses'.

Citycon applies the recognition exemptions permitted by the standard and, hence, does not apply the standard to short-term leases with a duration of less than a year or leases of a low value, such as leases applicable to specific office equipment.

Right-of-Use assets

MEUR	2025	2024
1 January	37.8	42.3
Acquisitions & Additions	5.1	5.7
Depreciations & Impact of terminated contracts	-7.5	-5.1
Disposals	-1.0	-3.5
Exchange rate differences	0.4	-1.6
31 December	34.8¹	37.8²

¹ EUR 34.5 million classified as investment properties and EUR 0.3 million as property, plant and equipment.

² EUR 37.3 million classified as investment properties and EUR 0.4 million as property, plant and equipment.

Lease Liabilities

MEUR	2025	2024
1 January	35.3	38.8
Acquisitions & Additions	4.8	5.0
Lease liability amortization payments	-7.7	-7.0
Exchange rate differences	0.4	-1.4
31 December	32.8	35.3

MEUR	2025	2024
Depreciation in administrative expenses	-0.4	-0.5
Fair value change (IFRS 16)	-7.7	-7.4
Interest expense	-1.1	-1.2
Deferred tax	0.1	0.1

Total amount recognised in IFRS profit or loss	-9.2	-8.9
---	-------------	-------------

Key estimates and assumptions - right-of-use-assets

Assessing the probability of exercising extension options included in lease agreements requires judgement. At the commencement date, Citycon assesses whether it is reasonably certain that the entity will exercise an extension option included in the lease agreement. Citycon considers all relevant facts and circumstances that create an economic incentive for the entity to exercise, or not to exercise, the option.

The effect of IFRS 16 to calculation of key figures

When calculating loan to value (LTV), both the right-of-use assets classified as part of investment properties, as well as lease liabilities pertaining to these right-of-use assets, have not been taken into account. The LTV formula is presented in section Formulas for key figures and ratios.

Maturity profile of liabilities related to right-of-use assets

	2025	2024
Less than 1 month	0.6	0.6
1 to 12 months	6.6	6.7
1-5 years	22.1	22.7
over 5 years	3.4	5.2
Total	32.8	35.3

2.4. Investments in joint ventures and associates

Following table represents the Citycon Group's interest in the assets and liabilities, revenues and expenses of the joint ventures. The financial information presented in the table is based on the financial statements of the joint venture entities prepared in accordance with IFRS.

Accounting policy - investments in Associates and Joint Ventures

Citycon recognises its investment in joint ventures and associated companies using the equity method in the consolidated financial statements.

Joint ventures owned by Citycon are treated according to the IFRS 11 Joint Arrangements. In joint ventures, venturers have a contractual arrangement that establishes joint control over the economic activities of the entity. The most significant business and financing decisions regarding the joint ventures are made jointly among the owners.

An associated company is an entity over which the Group has significant influence. Significant influence is created usually when the Group owns over 20% of the voting rights of the company or when the Group has otherwise significant power over company, but not the control.

The Group presents the aggregated share of profit or loss from the associated companies and joint ventures on its statement of comprehensive income in line "Share of profit/loss of associated companies and joint ventures" and "Share of other comprehensive income of associated companies and joint ventures".

Kista Galleria shopping centre

On 29 February 2024 Citycon acquired 50% interest of Kista Galleria shopping centre located in Sweden from a Canadian partner (CPPIB). Citycon has managed the centre since 2012 and before the transaction owned 50% of the asset. After the acquisition, Citycon owns 100% of the Kista Galleria shopping centre.

Joint ventures in Norway

Citycon owns 50% of the shares of the residential real estate development company Klosterfoss Utvikling AS in Norway. Sandstranda Bolig AS, of which Citycon had 50% ownership, was liquidated in December 2024. Company was not included in the group balance sheet on 31.12.2024.

Associated company in Norway

On the reporting date 31.12.2025 and the comparison period 31.12.2024 Citycon has only one associated company, Torvbyen Drift AS in Norway, from which the group owns 38%.

The table presents summarised financial information of the Citycon's investments in associated company.

B) Investments in associated companies

MEUR	2025	2024
Investment properties	0.0	0.0

3. Financing

3.1. Equity

A) Description of funds and reserves included in the equity

Share capital

The company has single series of shares, each share entitling to one vote at General Meeting of shareholders. The shares have no nominal value and the share capital has no maximum value.

Share premium fund

Since the 2006 entry into force of the current Finnish Limited Liability Companies Act, no new items are recognised in the share premium fund. The share premium fund accumulated before 2007 due to option schemes and share issues.

Invested unrestricted equity fund

The invested unrestricted equity fund is credited, for instance, with that part of the subscription price of the shares that, according to the Memorandum of Association or the share issue decision, is not to be credited to the share capital. Incremental transaction costs (net of taxes) directly attributable to the issue of new shares or options are deducted from the proceeds.

Fair value reserve

The fair value reserve contains fair value changes of derivative instruments used to hedge cash flows.

Translation reserve

The translation reserve contains translation differences arising from the currency translation of foreign subsidiaries' financial statements.

Hybrid bond

Citycon has three hybrid bonds, issued in November 2019 (NC2025), June 2021 (NC2026) and in June 2024 (NC2029). In 2024 Citycon executed a partial exchange of the NC2025 hybrid bond into a new NC2029 hybrid bond. As at 31.12.2025 the hybrid nominals stand at NC2025: EUR 23.1 million, NC2026: EUR 321.0 million and NC2029: EUR 232.2 million. The hybrid bonds are treated as a part of shareholder's equity in the IFRS financial statements as the coupon payment of the hybrids are at the discretion of the issuer. Citycon has the right to postpone interest payment if it does not distribute dividend or any other equity to its shareholders. The hybrid bonds are unsecured, subordinated to all debt and senior only to ordinary share capital. A holder of hybrid bond notes has no shareholder rights. The hybrid bonds have fixed coupons until the first reset dates. For the NC2025 hybrid bond, the first reset date occurred on 22 February 2025, after which it bears a coupon of 7.074% until 22 February 2030, when it resets again at the 5 year swap rate plus 5.711% margin. The NC2026 bears a coupon of 3.625% until 10 September 2026 when it resets at the 5 year swap rate plus 4.179% margin and the NC2026 bears a coupon of 7.875% until 10 September 2029 when it resets at the 5 year swap rate plus 4.955% margin. Thereafter, coupons are reset five years after the first reset date with applicable 5 year swap rate plus an additional 25 bps to the first reset margin. There is a similar second coupon step-up twenty years after the the first reset date with applicable 5 year swap rate plus an additional 100 bps to the first reset margin. The bonds have no set maturity date, but the company has the right to redeem them after five years from the issue date and thereafter on every yearly interest payment date. Fees related to the hybrids are amortised in retained earnings and interest is recorded in retained earnings upon payment or when the commitment to

payment arises. Earnings per share includes the hybrid interests cost on accrual basis.

During the year, the company repurchased a total of EUR 36.6 million of its hybrid bonds at a price below their nominal value.

During the financial period, hybrid bonds accrued EUR 34.3 million in interest. EUR 37.4 million of the interest and the expenses for the issuance have been recognized as a reduction of retained earnings. EUR 33.7 million has been paid in interest on hybrid bonds. The hybrid loans have an off balance sheet accrued interest of EUR 10.6 million as of 31 December 2025 (EUR 11.0 million as of 31 December 2024).

Hybrid bonds nominals outstanding

MEUR	2025	2024
January 1	612.8	612.8
Repayment of hybrid bonds	-36.6	-265.7
Issuance of hybrid bonds	-	265.7
December 31	576.3	612.8

Treasury Shares

Where any group company purchases the company's equity share capital (treasury shares), the consideration paid, including any directly attributable incremental costs (net of income taxes) is deducted from equity attributable to the company's equity holders until the shares are reissued. Where such ordinary shares are subsequently reissued, any consideration received, net of any directly attributable incremental transaction costs and the related income tax effects, is included in equity attributable to the company's equity holders.

During the reporting period, the company held a total

of 694,801 of the company's own shares. The shares were cancelled on 14 July 2025. At the end of the period, the company or its subsidiaries held no shares in the company

B) Board proposal for dividend and return from the invested unrestricted equity fund

The Board of Directors proposes to the Annual General Meeting that no equity repayment will be distributed from the invested unrestricted equity fund from the financial period ending 31 December 2025, and that the result for the period is booked to the retained earnings. The Board of Directors will reassess the proposal in connection with the publication of the notice to the Annual General Meeting, which will be issued no later than three weeks before the meeting.

3.2. Net financial income and expenses

A) Recognised in the consolidated income statement

MEUR	2025	2024
Interest income on loans	1.5	1.5
Interest income on derivatives and other items	6.1	6.2
Foreign exchange gains	42.6	51.3
Fair value gain from derivatives	11.6	-
Other financial income	18.1	17.6
Financial income, total	80.0	76.5
Interest expenses on loans	-81.5	-75.8
Interest expenses on derivatives and other items	0.9	6.7
Foreign exchange losses	-42.9	-52.1
Fair value loss from derivatives	-43.9	-21.0
Development interest capitalised	0.4	0.4
Other financial expenses	-12.4	-9.7
Interest expenses on IFRS 16 lease liabilities	-1.1	-1.2
Financial expenses, total	-180.5	-152.7
Net financial income and expenses	-100.5	-76.1
Of which attributable to financial instrument categories:		
Interest-bearing loans and receivables	-90.7	-74.6
Lease liabilities (IFRS 16)	-1.1	-1.2
Derivative financial instruments	-30.9	-20.4
Other liabilities and receivables	22.2	20.0
Net financial income and expenses	-100.5	-76.1

Net financial expenses increased to EUR 100.5 million (Q1-Q4/2024: EUR 76.1 million). EUR 11.4 million increase relates to higher interest expenses on refinanced bond and higher net losses from hedging derivatives, which was partially offset by lower interest expenses on commercial paper and and higher net income from cash . In addition, an amount of EUR 32.3 million indirect net losses (Q1-Q4/2024: EUR 8.9 million loss) was booked related to fair value changes of derivatives not under hedge accounting, EUR 23.4 million more than during the comparison period. The company also recorded EUR 2.9 million gain on early redemption of debt (Q1-Q4/2024: EUR 0.8 million gain), EUR 2.1 million more than in the corresponding period. In addition, EUR 6.3 million more gain was recorded from closed equity FX hedges than in the comparison period.

Citycon's weighted average interest rate was 4.11% (3.60%) and the weighted average interest excluding derivatives was 4.42% (3.93%) as at 31 December 2025. Interest on development expenditure is capitalised at a rate of 4.22% (3.58%) as at 31 December 2025.

Citycon's interest expenses in the consolidated income statement contain interest expenses from interest-bearing debt as well as all interest expenses arising from derivative financial instruments used for hedging purposes. Additional information on Citycon's derivative financial instruments, their fair values and hedge accounting treatment can be found in Note 3.6. Derivative Financial Instruments.

Fair value gains and losses of derivatives relate to currency forwards, cross-currency swaps and interest rate options not under hedge accounting. Other financial expenses mainly consist of amortisations and write-downs of arrangement fees, costs related to bond repurchases, paid commitment fees and other bank fees.

B) Recognised in the other consolidated comprehensive income

MEUR	2025	2024
Gains/losses arising during the period from cash flow hedges	-1.3	0.2
Added (Less): interest income (expenses) recognised in the consolidated income statement on cash flow hedges	-	0.3
Net gains/losses on cash flow hedges	-1.3	0.5

Interest income

Interest income is recognised according to the time that has elapsed, using the effective interest method.

Dividend income

Dividend income is recognised when the right to receive a dividend is established.

Borrowing costs

Borrowing costs are usually expensed as incurred. However, borrowing costs, such as interest expenses and arrangement fees, directly attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of the cost of that asset. A qualifying asset is an asset that necessarily takes a substantial period of time to be ready for its intended use or sale. Capitalisation commences when the refurbishment of a property, or the construction of a new building or extension, begins and ceases

once the building is ready for lease. Capitalisable borrowing costs include costs of funds borrowed for a construction project or costs attributable to a construction project multiplied by the capitalisation rate. The capitalisation rate is the weighted average cost of Citycon's borrowings for the financial year. Borrowing costs arising from the purchase cost of land are also capitalised on the development project, but only when activities necessary to preparing the asset for development are in progress on the purchased land.

Loan-related transaction expenses clearly associated with a specific loan are included in the loan's cost on an accrual basis and recognised as financial expenses, using the effective interest method.

Expenses related to hybrid bonds are recognised in retained earnings, see note 3.1.

3.3. Classification of financial instruments

A) Classification of financial instruments and their carrying amounts and fair values

MEUR	Note	Carrying amount 2025	Fair value 2025	Carrying amount 2024	Fair value 2024

III Derivative contracts under hedge accounting					
Derivative financial instruments	3.6.	-	-	1.3	1.3

Financial assets and liabilities

Recognition and measurement

Financial assets are classified into the following categories for measurement purposes according to IFRS 9

1. financial assets at amortised cost or
2. financial assets at fair value through profit or loss.

The classification of a financial asset is determined based on the entity's business model for managing the asset and whether the assets' contractual cash flows represent 'solely payments of principal and interest' on the principal amount outstanding.

Assets classified at amortised cost include financial assets which the company has created by providing money, goods or services directly to the debtor. Initially recognised at fair value these assets under current and non-current assets are carried at amortised cost. Their balance sheet value is impaired by the amount of any credit loss. In the company's consolidated statements of financial position as at 31 December 2025 and 31 December 2024, financial assets held at amortised cost include rent and trade receivables, interest receivables, cash and cash equivalents and loan receivables, which are reported in the balance sheet within the following items "Trade and other receivables", "Cash and cash equivalents" and "Other non-current assets".

Citycon concludes derivative contracts for hedging purposes only. Derivative contracts not fulfilling the criteria set for hedge accounting, or for which Citycon has decided not to apply hedge accounting, are classified as financial assets or liabilities at fair value through profit or loss.

Financial liabilities are classified as

1. financial liabilities at fair value through profit or loss or
2. financial liabilities at amortised costs

Financial liabilities are initially recognised at fair value. Afterwards, financial liabilities excluding derivative debt are recognised at amortised cost using the effective interest method. In the company's consolidated statement of financial position, on 31 December 2025 and 31 December 2024, financial liabilities at amortised cost include loans, trade payables and interest payables which are reported in the balance sheet under the items "Loans" and "Trade payables and other payables". On 31 December 2025 Citycon had foreign exchange derivative contracts and cross currency swaps classified as financial assets and liabilities at fair value through profit or loss. Financial assets and liabilities are recognised in the statement of financial position on the basis of the settlement date.

B) The principles for determining the fair values of financial instruments

Citycon applies IFRS valuation principles when determining the fair values of financial instruments. The following presents the principles for determining the fair values of all financial assets and liabilities.

Cash and cash equivalents, investments, trade and other receivables, trade payables and other payables

Due to their short maturity, the fair value of cash and cash equivalents, trade payables and receivables and other short-term receivables and payables is regarded as corresponding to their carrying amount.

Derivative financial instruments

Derivative financial instruments are initially measured at fair value in the statement of financial position and subsequently re-measured at their fair value on each balance-sheet date. The fair value of interest rate swaps is calculated using the present value of estimated future cash flows. The fair value of Citycon's interest rate derivatives is determined based on customary valuation techniques used by market participants in the OTC derivative market. An interest rate curve is determined based on observable market rates. The curve is used to determine future interest payments, which are then discounted to present value.

The fair value of a currency forward agreement is based on the difference between the exchange rate of the agreement and the prevailing exchange rate fixing on each balance-sheet date as well as the currency basis spreads between the respective currencies. The fair value of derivative financial instruments is the estimated amount that Citycon would receive or pay to settle the

related agreements. The fair value of foreign exchange derivative contracts is based on quoted market prices.

The fair value of cross-currency swaps consists of the fair value due to the interest rate change and the fair value due to the currency rate. The interest rate fair value is determined by the counterparty banks in the same way as in interest rate swaps mentioned above and the reported values are based on the valuations of the counterparty banks. The currency fair value is determined in a similar way as in currency forward agreements.

The fair value of both interest rate and foreign exchange derivative financial instruments corresponds to level 2 of the fair value hierarchy according to IFRS13.72-90. For financial instruments that are recognised at fair value on a recurring basis, Citycon determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. During the period there was no transfers between the levels of the fair value hierarchy.

Loans from financial institutions

Citycon's loans from financial institutions are fixed rate loans which have a fair value equal to the nominal amount of the loan. The difference between the fair value and carrying amount is the unamortised capitalised arrangement fees of the loans. The fair value of loans from financial institutions corresponds to level 2 according to IFRS13.72-90.

Bonds

All bonds are loans which have fair values equal to the secondary market price of the bonds. The fair value of the bonds corresponds to level 1 according to IFRS13.72-90. All Citycon bonds are actively traded on secondary markets and therefore prices quoted on secondary markets can be considered accordance with level 1 of IFRS13.72-90. As of 31 December 2025 the secondary market price was EUR 50.9 million lower (Q1-Q4/2024: EUR 22.2 million lower) than the carrying value of the bonds.

3.4. Loans

All Citycon loans were interest-bearing liabilities on 31 December 2025 and 31 December 2024. These interest-bearing loans are explained here in detail.

Breakdown of interest-bearing liabilities

	Maturity	Effective interest rate (%)	Carrying amount 2025	Carrying amount 2024
Long-term interest-bearing liabilities				
Bonds				
Eurobond 1/2016	9/2026	1.26	-	349.1

Total	123.4	13.6

Currency split is including cross-currency swaps. Maturity of liabilities related to IFRS 16 right-of-use assets is presented in note 2.3.

3.5. Financial risk management

A) Financial risk management

The objective of financial risk management is to ensure that Citycon will reach its targets in financing and cost of finance and to identify and mitigate key risks which may threaten its ability to meet these targets before they realise.

The Board of Directors has approved a Treasury Policy which defines the objectives, responsibilities and risk management targets, responsibilities and indicators. The execution and controlling of financial risk management is performed by the Group Treasurer, under the supervision of the CFO. Group Treasurer reports compliance with the objectives, in conjunction with the interim and annual report, to the CFO, who reports to the Board's Audit and Governance Committee.

Financial risks have been identified as business critical risks for Citycon. Financial risk arises for Citycon in the form of financial instruments, which are mainly used to raise financing for operations. The Group uses interest rate and foreign exchange derivatives to manage interest rate and currency risks arising from operations and financing sources.

Citycon's identified, key financial risks include interest rate risk, liquidity risk, credit risk and foreign currency risk. These risks are summarised below.

Interest rate risk

One of Citycon's key financial risks is the interest rate risk of its interest bearing liabilities, whereby changes in money market interest rates lead to fluctuations in future interest cash flows on floating rate borrowings. Interest rate risk management aims to reduce or

eliminate the adverse effect of interest rate fluctuations on the company's profit and cash flow. The company aims at a loan portfolio with the right balance of fixed and variable rate debt.

As of 31 December 2025 all of Citycon's debt portfolio consist of fixed rate debt. Citycon has mainly raised funding from the bond markets but starting from 2023 the company has entered into mortgage debt financing. The mortgage debt is fixed-rate. Under the company's interest rate risk management policy, the target debt portfolio is one in which a minimum of 70% and a maximum of 90% of interest bearing liabilities are based on fixed interest rates over time. At year-end the ratio of fixed rate debt was 93.1% (31.12.2024: 85.1%).

The interest sensitivity of Citycon's loan portfolio at the end of 2025 is described by the fact that a one-percentage point rise in money market interest rates would increase its interest expenses by EUR 0.0 million on a yearly basis, while a fall of one-percentage point in such rates would decrease them by EUR 0.0 million.

Interest rate sensitivity

The following table shows interest expenses' sensitivity to a 100 basis point change in short term interest rates, assuming that all other variables remain constant. The impact is shown as a change in interest expenses resulting from changes in the interest rate related to floating rate debt.

Effect on interest expenses of an increase of 100 basis points

MEUR	2025	2024
Euro	-	1.4
Norwegian crown	-	-
Swedish crown	-	-
Total	-	1.4

The following table shows the consolidated shareholders' equity's sensitivity to a 100 basis point change in short term interest rates, assuming that all other variables remain constant. The impact is shown as a change in shareholders' equity resulting from changes in interest rates, which relate to interest rate derivatives under hedge accounting treatment.

Effect on shareholders equity of an increase of 100 basis points

MEUR	2025	2024
Euro	-	0.3
Norwegian crown	-	-
Swedish crown	-	-
Total	-	0.3

Liquidity risk

As a real estate company with a large balance sheet, Citycon needs both equity capital and debt financing. The Group uses cash-flow forecasts to continuously assess and monitor financing required for its business. Here, the goal is to arrange financing on a long term basis and avoid any large concentration of due dates for the loan agreements in the near term. Citycon aims to guarantee the availability and flexibility of financing, through sufficient committed unused credit limits and by using several banks and financing sources as sources of finance.

Citycon's financing policy states that all maturing debt, committed capital expenditures and committed acquisitions for the coming rolling 12 months period, not covered by Operating cash flow in approved budget or forecast or by committed disposals of assets must be covered by available liquidity consisting of cash and long-term committed credit limit facilities. On 31 December 2025, unused committed credit limits amounted to EUR 250.0 million, in addition Citycon had unused cash pool limits of EUR 15.0 million and unrestricted cash and cash equivalents of EUR 85.5 million.

In 2025 Citycon executed several financing transactions in order to strengthen the balance sheet and capital structure. During the first quarter, Citycon repaid EUR 150 million of its EUR 250 million secured term loan, which had an original maturity in April 2027. In addition, the company executed EUR 100 million tender of its bond maturing in September 2026 at a discount to its par value. During the second quarter, the company placed a 6.25-year EUR 450 million green bond. Following the bond issuance the company tendered EUR 100 million of the 2026 notes and repaid the remaining EUR 100 million nominal of the term loan maturing in April 2027. Futhermore, the company prepaid Kista Galleria's term loan of approximately 186 million, originally maturing in May 2029. Citycon also reduced its revolving credit facility from EUR 400 million to EUR 200 million to optimize costs of annual commitment fees. In addition, the company tendered EUR 100 million of its 2027 notes below par and repurchased EUR 1.9 million of its hybrid bond issued in 2019. During the third quarter, the company succesfully tendered EUR 34.7 million of its hybrid bonds. During the fourth quarter, the company refinanced and extended its secured and committed Revolving credit facility. The sustainability linked facility matures in October 2029 and it carries a

one year extension option to October 2030. The facility size was increased from EUR 200 million to EUR 250 million. The company also repurchased EUR 40 million of its 2026 and 2027 notes in the open market below par.

The next table summarises the maturity profile of the Group's financial liabilities, based on contractual payments. The table includes both principal and interest flows of loans and payments arising from derivative financial instruments. Future interest payments of floating rate loans have been determined based on the interest rate applicable on the balance sheet date, and are not discounted. Future interest payments for derivative financial instruments are based on discounted net present values and future interest rates are obtained through interpolation based on the yield curve prevailing on the balance sheet date.

Maturity profile of financial liabilities including interest flows

MEUR	Less than 1 month	1 to 12 months	1–5 years	Over 5 years	Total
31 December 2025					
Bonds	3.1	191.8	1,265.8	474.2	1,934.9
Loans from financial institutions	-	5.3	115.6	-	120.9
Derivative financial instruments	0.2	3.7	12.2	3.4	19.5
Financial liabilities within Trade and other payables	8.7	57.1	-14.8	-	51.0
31 December 2024					
Commercial paper	10.0	-	-	-	10.0
Bonds	9.5	33.8	1,417.2	367,5	1,828.0
Loans from financial institutions	3.9	30.0	494.5	94.1	622.4
Derivative financial instruments	0.3	2.5	1.3	0.5	4.6
Financial liabilities within Trade and other payables	15.4	27.1	2.1	-	44.6

Citycon's rent revision procedures, long leases and high occupancy ratio generate a stable long-term cash flow profile. Citycon expects to meet its short-term liabilities shown in the table above from this stable cash flow and undrawn committed credit facilities. In the long term, loan refinancings, new bond issues, or disposals of investment properties will be done. The table below shows the maturity profile of the undrawn committed credit facilities.

MEUR	Less than 1 month	1 to 12 months	1–5 years	Over 5 years	Total
31 December 2025					
Undrawn committed credit facilities	-	-	250.0	-	250.0
31 December 2024					
Undrawn committed credit facilities	-	-	400.0	-	400.0

The above mentioned credit facilities are freely available to Citycon based on the group's financing needs.

Changes in liabilities from financing activities

MEUR	1 January 2025	Cash flow	Foreign exchange movement	Change in fair values	Amortized fees	Other changes	31 December 2025

Credit risk

Citycon controls its receivables within the framework of the given credit limits and has not so far identified any major credit risk associated with them. Credit risk management caters for customer risk management, which is aimed at minimising the adverse effect of unexpected changes in the customers' financial standing on Citycon's business and financial results. Customer risk management is primarily based on the knowledge of the customers' business and active monitoring of customer data. Citycon's lease agreements include lease deposit provisions used to contribute to managing customers' risks. The maximum exposure from trade receivables is the carrying amount as disclosed in Note 4.4. Trade and other receivables.

Credit risk arising from cash and cash equivalents and certain derivative agreements relate to the default of a counterparty with a maximum exposure equal to the

carrying amount of these instruments. Citycon invests its liquidity in a manner which minimizes the risk and does not, for example, invest in equity markets. Citycon's cash and cash equivalents are primarily placed on bank accounts and in short term deposits, in which the counterparties are commercial banks participating in Citycon's credit agreements. Citycon's financing policy also sets forth approved financial instruments in which the company can invest, and includes counterparty limits for those investments.

Exchange rate risk

Citycon's presence in countries outside the eurozone exposes the company to exchange rate risk. Exchange rate risk stems from transaction risks resulting from the conversion of foreign currency denominated transactions into local currency, as well as from translation risks in the balance sheet and profit and loss statement associated with investments in foreign subsidiaries. The company

uses foreign exchange derivatives to manage the transaction risk on committed transactions. The company manages its exchange rate risk in the balance sheet by aiming to finance its foreign investments mainly in the local currency. Currently, the company's exchange rate risk relates to fluctuations in the Euro/Swedish crown and the Euro/Norwegian crown exchange rates.

Starting from 2024, Citycon has been hedging the translation risk related to equity investments made in Norwegian and Swedish crowns. The company uses foreign exchange derivatives to hedge the translation impact on group equity.

Foreign exchange sensitivity

The following table shows the sensitivity in the net financial expenses of the consolidated income statement to a 5% change in foreign exchange rates, assuming that all other variables remain constant. This impact is mainly attributable to the change in the fair value of financial instruments and the change in interest expenses paid in other currencies as the principals are fully hedged.

Effect of a five percent strengthening in foreign exchange rates on net financial expenses

MEUR	2025	2024
Swedish crown	-0.4	0.2
Norwegian crown	-0.4	-0.4
Total	-0.8	-0.2

B) Capital management and financial covenants

Capital management

The objective of the company's capital management is to support the strategy, maximise shareholder value,

comply with loan agreement provisions and ensure the company's ability to pay dividend. Citycon's capital structure is managed in an active manner and capital structure requirements are taken into account when considering various financing alternatives. The company can adjust the capital structure by deciding on the issuance of new shares, raising debt financing, raising hybrid financing, divesting investment properties or making adjustments to the dividend.

Citycon monitors its capital structure based on equity ratio and loan-to-value (LTV). The company's long term LTV target is 40–45%.

Equity ratio

MEUR	2025	2024
Total shareholders' equity (A)	1,899.3	1,858.5
Total assets	4,063.8	4,303.1
Less advances received	7.6	9.3
./ (Total assets - advances received) (B)	4,056.2	4,293.8
Equity ratio, % (A/B)	46.8%	43.3%

LTV (Loan to value) -%

MEUR	2025	2024
Interest-bearing debt total (Note 3.4.)	1,804.5	2,131.5
Less lease liabilities (IFRS 16, Note 2.3)	32.8	35.3
Less cash and cash equivalents (Note 3.8.)	92.1	358.5
Interest-bearing net debt (A)	1,679.6	1,737.8
Fair value of investment properties including properties held for sale and investments in joint ventures (Notes 2.1 and 2.2)	3,777.6	3,712.3
Less right-of-use assets classified as investment properties (IFRS 16, Note 2.3)	-34.5	-37.3
Fair value of investment properties (B)	3,743.1	3,675.0
LTV, % (A/B)	44.9%	47.3%

LTV decreased in 2025 as a result of lower net debt and higher property values. Loan to value is calculated excluding both hybrid debt and IFRS16 lease liabilities.

Financial covenants

Under a commitment given in the terms of the revolving credit facilities, the Group undertakes to maintain its net debt to total assets ratio under 0.60 and its interest coverage ratio at a minimum of 1.8. The net debt to total assets ratio is calculated by dividing the Group's consolidated net debt with total assets excluding advances received. The interest coverage ratio is calculated by dividing the EBITDA adjusted by extraordinary gains/losses, provisions and non-cash items, by net financial expenses. In addition, the loan-to-value in loan drawn under the secured RCF shall not

exceed 55 per cent. These covenants are measured quarterly.

Accordingly, net debt to total asset ratio on 31 December 2025 stood at 0.42 (Q1-Q4/2024: 0.41) and interest coverage ratio stood at 2.37 (Q1-Q4/2024: 2.74).

Under a commitment given in the terms of the Trust Deeds regarding all issued bonds Citycon undertakes to maintain the group's solvency ratio at under 0.65 and its secured solvency ratio at under of 0.25. The solvency ratio is calculated by dividing the Group's consolidated net debt with total assets excluding intangible assets. The secured solvency ratio is calculated by dividing the Group's consolidated secured debt with total assets excluding intangible assets. These covenants are measured bi-annually and total carrying amount of the bonds was EUR 1,679.6 million at 31 December 2025.

Accordingly, the solvency ratio on 31 December 2025 stood at 0.42 (Q1-Q4/2024: 0.42) and the secured solvency ratio at 0.02 (Q1-Q4/2024: 0.12).

In addition, the financing agreement of subsidiary level mortgage loan in Liljeholmstorget Galleria includes financial covenants related to the interest coverage ratio which should not be equal to or less than 1.75, and loan-to-value which should not be equal to or exceed 50 per cent. The interest coverage ratio is calculated by dividing projected net rental income by projected finance costs. As of 31.12.2025 loan-to-value stood at 36 per cent (Q1-Q4/2024: 36 per cent) and interest coverage ratio stood at 2.66 (Q1-Q4/2024: 2.83). These covenants are measured quarterly and the carrying amount of the loan was EUR 92.1 million at 31 December 2025.

3.6. Derivative financial instruments

Derivative contracts and hedge accounting

Derivative financial instruments are used in accordance with Citycon's Treasury Policy to hedge the interest rate risk of interest bearing liabilities and foreign currency risk. Derivatives are initially measured at fair value and re-measured at fair value on each statement of financial position date.

Citycon uses interest rate swaps to hedge the interest rate cash flow risk. These interest rate swaps hedge against volatility in future interest payment cash flows (cash flow hedging) resulting from interest rate fluctuations, and the resulting profit fluctuations. Hedged instruments consist of long term floating rate debt, which is expected to be refinanced upon maturity on similar terms. Citycon applies hedge accounting according to IFRS 9 to its interest rate swaps. Subsequently, the fair value change of the effective part of the derivative hedge is recognised in the fair value reserve in equity and correspondingly under other comprehensive income. Any significant fair value change resulting from an ineffective part of the derivative hedge is recognised in financial income and expenses. If the criteria for hedge accounting are not met, changes in fair value are recognised in full through profit or loss. At the moment, Citycon has no interest rate swaps, as all of its debt is fixed-rate.

Interest payments based on interest rate swaps are included in interest expenses. Fair value changes that are booked through profit or loss are recognised as financial expenses or income, if hedge accounting is not applied. The fair value of interest rate swaps is shown in current or non-current receivables or current and non-current liabilities in the statement of financial position. As of 31 December 2024 Citycon's interest rate swaps

were under hedge accounting. At the end of 2025, the company had no interest rate swap contracts in place.

In addition Citycon has used interest rate caps to hedge the floating interest of the term loan. Changes in fair values of these options are reported in the profit and loss statement as hedge accounting is not applied. In 2025, the term loans were repaid, and the company had no outstanding interest rate caps as of 31 December 2025.

The company uses foreign exchange derivatives like forwards and cross-currency swaps to hedge against exchange rate risk relating to financial assets and liabilities denominated in foreign currency. Fair value changes related to foreign exchange derivatives are recognised in the statement of consolidated comprehensive income, since fair value changes related to financial assets and liabilities denominated in foreign currencies are also recognised therein. The interest payments of cross-currency swaps and forward points of currency forwards are included in interest expenses.

As at 31 December 2025 Citycon does not apply hedge accounting to any of its cross-currency swaps.

In 2024 the company started using foreign exchange forwards and swaps to hedge the currency impact from NOK and SEK denominated line items on equity. These derivatives are accounted for in the same way as mentioned above and no hedge accounting is applied.

A) Nominal amounts and fair values of derivative financial instruments

	Nominal amount	Fair value	Nominal amount	Fair value
MEUR	2025	2025	2024	2024
Interest rate swaps				
Maturity:				
less than 1 year	-	-	-	-

less than 1 year	-	-	-	-
1–5 years	388.8	-10.5	388.8	14.9
over 5 years	183.7	-4.1	-	-
Subtotal	572.5	-14.5	388.8	14.9
Foreign exchange forward agreements				
Maturity:				
less than 1 year	108.4	0.4	924.5	2.6
Interest rate options				
less than 1 year	-	-	-	-
1–5 years	-	-	302.1	3.2
over 5 years	-	-	-	-
Subtotal	-	-	302.1	3.2
Total	680.9	-14.2	1,740.4	19.4

The fair value of a derivative financial instrument represents the market value of the instrument at the prices prevailing on the balance sheet date. See also note 3.3. Classification of financial instruments part B) for principles on determining fair values of derivatives.

The average fixed interest rate of the cross-currency swaps as at 31 December 2025 was 2.40% (1.48%).

B) Derivatives under hedge accounting

Interest rate swaps MEUR	Assets 2025	Liabilities 2025	Assets 2024	Liabilities 2024
Interest rate swaps, fair value	-	-	-	1.3

As at 31 December 2025, the group had no outstanding interest rate swap agreements designated for hedge accounting under IFRS 9. As at 31 December 2024, such interest rate swap agreements were outstanding. Fair value gains and losses were transferred to the statement of consolidated income when the forecast cash flows were realized and affected the statement of consolidated income.

Citycon has cross-currency swaps to effectively convert EUR debt into SEK and NOK debt, for these, hedge accounting is currently not applied as of 31 December 2025.

Hedge effectiveness requirements are assessed and documented in accordance with IFRS 9. There is an economic relationship between the hedged item and the hedging instrument since the critical terms of the interest rate derivatives have been negotiated to match the respective terms of the variable rate loans. Furthermore, credit risk does not dominate the value changes in the hedge according to Citycon's credit risk assessment and the hedge ratio is 1:1, meaning that the nominal of the hedge and the underlying are closely aligned. A possible source of ineffectiveness would be if reference rates are negative, whereas there could

be a gap between fair value changes in the hedging instrument, which has no interest flooring, and the hedged item which has 0% interest floor.

The cash flow from all hedged liabilities over time is the basis for determining the gain and loss on the effective portions of derivatives designated as cash flow hedges.

C) Impact of hedging instruments on the financial statements

Impact of hedging instruments under hedge accounting on the statement of financial position

MEUR	Nominal amount	Carrying amount	Line item in statement of financial position	Change in fair value used for measuring effectiveness for the period

3.7. Commitments and contingent liabilities

Pledges and other contingent liabilities

MEUR	2025	2024
Loans, for which mortgages are given in security and shares pledged		
Loans from financial institutions	94.3	516.1
Pledges for loans		
Mortgages on land and buildings	344.3	1,021.2
Fair value of properties pledged in mortgages	849.4	2,091.3
Bank guarantees and parent company guarantees	17.4	224.7

Mortgages on land and buildings

Mortgages relate to the credit facilities where the group has given securities on the loans via mortgages and pledged shares from certain subsidiaries.

Bank guarantees and parent company guarantees

Guarantees are mainly related to parent company guarantees on behalf of subsidiaries for third parties, or alternatively third party bank guarantees.

Capital commitments related to (re)development projects are presented in note 2.1.

3.8. Cash and cash equivalents

MEUR	2025	2024
Cash in hand and at bank	85.5	352.2
Restricted cash	6.6	6.2
Total cash	92.1	358.5

Cash and cash equivalents in the cash flow statement comprise the items presented above. Restricted cash mainly relates to gift cards, tax and rental deposits.

Cash and cash equivalents

Cash and cash equivalents consist of cash and bank deposits withdrawable on call. A maximum maturity of three months from the date of acquisition applies to cash and cash equivalents.

3.9. Other non-current assets

MEUR	2025	2024
Loan receivables	32.4	32.5
Other receivables	0.3	0.4
Total	32.7	32.9

Loan receivables consists of vendor notes given to third parties in property asset divestments.

4. Other notes to the accounts

4.1. Income taxes

MEUR	2025	2024
Current taxes	-0.7	-1.5
Taxes for prior periods	-0.6	-0.6
Deferred taxes	-29.9	11.2
Income tax	-31.2	9.2

Citycon did not recognise any current taxes directly in the equity during 2025 and 2024.

Reconciliation between tax charge and Group tax at the Finnish tax rate (20.0%):

MEUR	2025	2024
Profit before taxes	126.1	-47.0
Taxes at Finnish tax rate	-25.2	9.4
Share of result of joint-ventures	0.0	-0.1
Difference in foreign subsidiaries' tax rate	5.1	2.4
Utilisation of not previously recognized tax losses	4.7	1.0
Not recognized tax losses from financial year	-8.4	-3.1
Not recognized non-deductible interest expenses	-16.8	-7.8
Investment property tax value adjustments	0.0	-0.5
Goodwill write-down related to disposals	0.0	-3.8
Tax impact of deferred tax change booked to gain/loss on sale of investment properties	0.1	5.3
Hybrid bond interests	7.4	6.6
Gain/Loss on hybrid bond buybacks	0.5	0.4
Tax free income deducted by non-deductible expenses	0.0	0.0
Taxes from previous years	-0.6	-0.6
Other items	2.0	-0.2
Income taxes	-31.2	9.2

Accounting policy - income taxes

Income taxes include taxes based on the taxable income of Group companies for the financial period, adjustments for previous periods' taxes and changes in deferred taxes. Tax based on taxable income for the period is calculated in accordance with the tax legislation enacted in each country. If the recognition of deferred taxes is attributable to an item recognised in shareholders' equity, such as a change in the fair value of a derivative instrument used for hedging purposes, deferred taxes will also be recognised in shareholders' equity.

Key estimates and assumptions - income taxes

Citycon is subject to income taxation in several countries. The complexity of tax legislation, as well as constant changes in it and in the operating environment, require Citycon to use estimates and assumptions when preparing its tax calculations. Tax legislation specifically related to tax deductibility of interest expenses has changed and is changing in the countries Citycon operates in. Citycon monitors and analyses the impact of these changes as part of its normal operations.

Future taxable income is uncertain, and the final amount of taxes may deviate from the originally recorded amount. If final tax deviates from originally recorded amounts, such differences may affect the period's taxable profit, tax receivables or liabilities as well as deferred tax assets or liabilities.

4.2. Deferred tax assets and liabilities

Changes in deferred tax assets and liabilities in 2025:

MEUR	1 January 2025	Recognised in income statement	Recognised in income statement in gain/loss on sale of investment properties	Items recognised in equity	Exchange rate differences	Other changes	31 December 2025
Deferred tax assets							
Tax losses	16.0	-0.7	-	-	-	-	15.2
Other items	0.5	0.0	-	-	-	-	0.5
Deferred tax assets, total	16.4	0.0	-	-	-	-	15.7
Deferred tax liabilities							
Measurement of investment property at fair value ¹	203.8	30.2	-0.1	-	2.4	-	236.3
Contract values of managed and rented centre	0.4	-0.1	-	-	-	-	0.3
Temporary difference in financial expenses	4.2	-0.2	-	-0.9	-	-0.8	2.2
Deferred tax liabilities, total	208.4	29.9	-0.1	-0.9	2.4	-0.8	238.9

¹ Deferred tax liabilities are net of EUR 10.7 million of deferred tax assets arising from confirmed tax losses.

Unrecognised deferred tax assets from tax losses will mostly expire during the next 5-10 years. Deferred tax liabilities have not been recognised from Estonian non-distributed retained earnings as they are in Group's control.

Changes in deferred tax assets and liabilities in 2024:

MEUR	1 January 2024	Recognised in income statement	Recognised in income statement in gain/loss on sale of investment properties	Items recognised in equity	Exchange rate differences	Other changes	31 December 2024
Deferred tax assets							
Tax losses	15.9	0.0	-	-	-	-	16.0
Other items	0.6	0.0	-	-	-	-	0.5
Deferred tax assets, total	16.5	0.0	-	-	-	-	16.4
Deferred tax liabilities							
Measurement of investment property at fair value ¹	246.3	-10.4	-26.7	-	-5.3	-	203.8
Contract values of managed and rented centers	0.5	-0.1	-	-	-	-	0.4
Temporary difference in financial expenses	1.0	-0.7	-	2.6	-	1.3	4.2
Deferred tax liabilities, total	247.8	-11.2	-26.7	2.6	-5.3	1.3	208.4

¹ Deferred tax liabilities are net of EUR 11.4 million of deferred tax assets arising from confirmed tax losses.

Accounting policy - deferred tax assets and liabilities

Deferred tax assets and liabilities are calculated on temporary differences arising between the tax bases of assets and liabilities, and their carrying amounts. A major temporary difference arises between the fair value and taxable value of investment properties. In such a case, taxes are calculated on the difference between the property's fair value and residual tax value of the underlying asset. This rule applies even if the property is disposed by selling the shares of the property company and includes no assessment of likelihood of such tax consequences.

Other main temporary differences relate to among other things unused tax losses and financial instruments. Deferred tax assets are recognised to the extent that it appears probable that future taxable profit will be available, against which the temporary differences can be utilised.

On 31 December 2025, Group companies had confirmed losses of EUR 31.4 million for which deferred tax assets of EUR 6.3 million were not recognised, since these Group companies are unlikely to record a taxable profit, before the expiration of carry forwards of these losses, against which loss carry forwards can be utilised.

Key estimates and assumptions - deferred tax assets

When tax receivables are recognised for tax losses that have been confirmed in taxation, the company must evaluate whether it is probable that such tax losses can be used against a taxable profit arising in the future.

4.3. Intangible assets

MEUR	2025	2024
Acquisition cost January 1.	35.8	36.2
Additions during the period	0.3	1.0
Disposals during the period	0,0	-
Transfers between items	-0.5	-1.0
Exchange rate differences	0.1	-0.5
Accumulated acquisition cost December 31.	35.7	35.8
Accumulated depreciation and impairment losses, January 1.	-26.1	-25.5
Amortization during the period	-1.9	-2.1
Transfers between items	0.0	1.0
Exchange rate differences	-0.1	0.6
Accumulated depreciation and impairment losses, Dec 31.	-28.1	-26.1
Net carrying amount January 1.	9.7	10.7
Net carrying amount December 31.	7.6	9.7

Intangible assets consist of computer software and licenses. The contract values of rented centers are presented in Right-of-use assets according to IFRS 16.

Accounting policy

Intangible assets

An intangible asset is recognised in the statement of financial position, provided its historical cost can be measured reliably and it is probable that expected economic benefits will flow to the company.

Intangible assets are measured at cost less amortisation and any impairment losses.

The following depreciation periods apply:

- Software is amortised over their useful life on a straight-line basis over three to ten years.

Impairment of intangible assets

On each balance-sheet date, property, plant and equipment and intangible assets are assessed to determine whether there is any indication of impairment. If any indication of an impaired asset exists, the asset's recoverable amount must be estimated. Should the asset's carrying amount exceed its recoverable amount, it is impaired, and the resulting impairment loss is recognised in the consolidated income statement.

4.4. Trade and other receivables

MEUR	2025	2024
Rent and trade receivables	17.3	15.1
Expected credit losses	-6.9	-5.0
Rent and trade receivables (net)	10.4	10.1
Interest receivables	0.5	7.8
Financial assets total	10.9	18.0

Past due, 3–6 months	2.2	15.5%	0.3
Past due, 6–12 months	3.9	55.3%	2.1
Past due, 1–5 years	5.0	75.3%	3.8
Total	26.6		6.9

Ageing structure of rent and trade receivables:

MEUR	2024	Expected credit loss rate	Expected credit loss
NOT past due	2.7	0.2%	0.0
Past due, less than 1 month	2.0	2.1%	0.0
Past due, 1–3 months	1.0	14.9%	0.1
Past due, 3–6 months	1.5	15.7%	0.2
Past due, 6–12 months	2.4	60.2%	1.5
Past due, 1–5 years	5.6	55.2%	3.1
Total	15.1		5.0

Movement in expected credit loss

MEUR	2025	2024
At the beginning of the year	-5.0	-5.0
Exchange rate differences	0.0	0.1
Acquisitions	0.0	-1.3
Charge for the year	-4.7	-2.3
Utilised	2.6	2.9
Unused amounts reversed	0.3	0.6
Expected credit loss at the end of the year	-6.9	-5.0

Rent and Trade receivables are non-interest bearing and their payment terms vary between 2–20 days. The rent guarantee is equal to between 2–6 months of rent and other payments.

Accounting policy

Financial assets

Financial assets include trade receivables and other receivables not held for trading, which the company has created by providing money, goods or services directly to the debtor. Initially recognised at fair value these assets under current and non-current assets are carried at amortised cost. Their balance sheet value is impaired by the amount of any credit loss.

Impairment of financial assets

A financial asset is impaired if its carrying amount exceeds its estimated recoverable amount. If there is objective evidence that a financial asset measured at amortized cost is impaired, the resulting impairment loss must be recognized in the consolidated income statement. If the amount of impairment loss decreases during a subsequent financial period and this fall can be regarded as relating to an event after the date of impairment recognition, the asset's impairment will be reversed.

Key estimates and assumptions
- expected credit losses

IFRS 9 Financial Instruments standard includes guidelines pertaining to impairment losses recognised in financial assets. From Citycon Group's point of view, the key effect of the standard is that the credit risk applicable to rent and sales receivables should be taken into account in the valuation of receivables at the time of reporting for the full lifetime of the receivables.

In Citycon's view, the credit risk pertaining to the Group's receivables is for the material part already included in the carrying amount of the Group's rent and sales receivables as a result of the receivable-specific review of the rent and sales receivables carried out by the Group. However, according to IFRS 9 standard, Citycon Group also takes into account in its reporting the expected credit losses in its receivables base for the full lifetime, which does

affect especially the valuation of receivables that are still unmatured.

Citycon will estimate the amount of expected credit losses in its receivables base on the basis of the available historic data pertaining to the Group's accrued credit losses and expectations regarding the development of the economic situation. The expectations regarding the development of the economic situation are primarily based on statistics that provide references to the development of Citycon Group's operations and customers' financial situation.

When it comes to the estimation of expected credit losses, Citycon has applied the simplified method allowed by the standard. Due to the nature of the Group's business, the rent and sales receivables of Citycon Group do not include the significant financial component referred to in the IFRS 15 standard.

4.5. Trade and other payables

Trade and other payables

MEUR	2025	2024
Trade payables	5.0	10.3
Interest liabilities	46.0	34.2
Financial liabilities total	51.0	44.6
Short-term advances received	7.5	9.2

Due in 1–2 years	-9.4	2.5
Total	83.2	86.2

Accounting policy - financial liabilities

Financial liabilities include trade and interest liabilities, which are initially recognised at fair value. Afterwards, financial liabilities are recognised at amortised cost using the effective interest method.

5. Consolidation

Group accounting policies

The consolidated financial statements include Citycon Oyj and its subsidiaries, holdings in its associated, joint venture and joint operations companies.

Subsidiaries

Subsidiaries refer to companies in which the Group has control. The Group controls an investee if the Group has: power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee), exposure, or rights, to variable returns from its involvement with the investee, and the ability to use its power over the investee to affect its returns.

When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including contractual agreements with the other vote holders of the investee. The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Subsidiaries are consolidated from the date on which control is transferred to the Group, until the date on which said control ceases.

Intra-Group transactions and profit allocation are eliminated in the consolidated financial statements.

Joint operations

Mutual real estate companies in Finland, in which the ownership of Citycon is less than 100%, are treated as joint operations in accordance with IFRS 11 Joint Arrangements. The Group recognizes its assets and liabilities in relation to its joint operations, including its share of any assets held and liabilities incurred jointly. In addition, the Group recognizes its revenue and expenses in relation to its joint operations, including its share of revenue of the joint operation and expenses incurred jointly. The consolidation method described above applies to all joint operations of this kind.

Mutual real estate companies, in which the ownership is less than 50%, are treated as joint operations, as described above.

Foreign currency transactions

Transactions denominated in foreign currencies are measured at the exchange rate quoted on the transaction date. Any exchange rate differences resulting from currency translation are entered under financial expenses and income in the statement of comprehensive income.

Monetary assets and liabilities denominated in foreign currencies on the statement of financial position date are measured at the exchange rate quoted on the statement of financial position date. Non-monetary items denominated in foreign currencies

and measured at fair value are translated into euros using the exchange rates quoted on the valuation date, while other non-monetary items are measured at the exchange rate quoted on the transaction date.

Foreign subsidiaries' statement of comprehensive income have been translated into euros using average exchange rates quoted for the financial period and statement of financial positions using the exchange rate quoted on the statement of financial position date. Any resulting exchange rate difference is recognised as a translation difference under other comprehensive income. Translation differences resulting from the elimination of the historical cost of foreign subsidiaries and from items included in shareholders' equity following their acquisition, are recognised under shareholders' equity.

5.1. Acquisitions and disposals

Acquisitions

There were no acquisitions during the financial year 2025.

During the comparison year 2024, Citycon completed the transaction to acquire the remaining interest in Kista Galleria in Stockholm, Sweden. Citycon has managed the centre since 2012 and before the transaction owned 50% of the asset. After the transaction, Citycon has 100% ownership. Kista Galleria acquisition has been treated as an asset acquisition according to IAS 40 Investment Property, rather than a business acquisition. Judgement is made based on the fact that related asset management activities are already performed by Citycon prior to the acquisition. Cost allocation is on the basis of their relative fair values at the date of purchase [IFRS 3:2(b)]. Subsequent fair value change of investment property is presented in the net fair value gains/losses on investment property. Translation differences accumulated prior to acquisition have been reclassified through P&L. Deferred tax asset/liability is not recognized with initial recognition of the asset. Net cash outflow (EUR 3.5 million, including the total consideration paid and net cash at acquisition date) is presented in the consolidated cash flow statement on row acquisition of investment properties and subsidiaries, less cash acquired.

During the comparison year 2024, Citycon also completed back-to-back transaction related to upcoming residential property in Barkarbystaden, Stockholm, Sweden. Citycon signed a forward commitment agreement to acquire the property in 2022. Divestment of the asset was executed in December 2024 back-to-back, simultaneously with Citycon's purchase of the asset from the developer. Total

consideration paid in cash for the asset acquisition was EUR 59.3 million and it is presented in the consolidated cash flow statement on row acquisition of investment properties and subsidiaries, less cash acquired.

Disposals

During the last quarter of 2025, Citycon completed a deal to divest Lippulaiva residential housing companies in Espoo, Finland. The residential assets consist of 275 apartments totaling nearly 13,000 sqm, located next to Citycon's Lippulaiva shopping center. The assets were sold materially at their latest IFRS book value for a gross purchase price of EUR 61.5 million +/- small purchase price mechanisms impact, paid in cash.

During the comparison year 2024, Citycon completed the transaction to divest Kongssenteret shopping center in Kongsvinger, Norway. In Q3/2024, Citycon divested Trekanten shopping center in Oslo, Norway. In Q4/2024, Citycon divested three properties, a residential property in Stockholm, Sweden, Kristiine keskus shopping center in Tallinn, Estonia and Stopp Tune shopping center in Sarpsborg, Norway.

Norwegian disposals have been booked as sale of subsidiary according to IFRS 10 Consolidated Financial Statements. Total consideration received in cash from the sale of subsidiaries was EUR 100.6 million and it is presented in the consolidated cash flow statement on row sale of investment properties and subsidiaries. A total amount of EUR 32.5 million of vendor notes given to third parties related to Norwegian asset disposals are recognized in other non-current assets.

Sale of Kristiine Keskus in Estonia and sale of the residential property in Sweden have been booked as sale of investment properties according to IAS 40 Investment properties. Total consideration received in cash from the

sale of investment properties was EUR 182.0 million and it is presented in the consolidated cash flow statement on sale of investment properties and subsidiaries.

Net gains/losses on sale of investment properties and subsidiaries

MEUR	2025	2024
Investment properties disposed	-61.4	-389.9
Deferred tax liability disposed	-	26.7
Net of other items related to disposed assets	-0.5	-2.7
Reduction of goodwill allocated to disposed assets	-	-18.8

Transaction costs	-	-2.3
Consideration received	61.2	315.2
Adjustments to gains/losses related to sales in previous years	-0.7	0.7
Net gains/losses on sales total	-1.4	-79.3
Deferred payment (vendor notes given)	-	32.5
Cash received from current year disposal	61.2	282.6
Cash received from prior years disposals	-	17.3
Total cash flow impact	61.2	299.9

Accounting policy

Business and asset acquisitions

Citycon applies IFRS 3 Business Combinations to business acquisitions, whereby the acquisition cost is allocated to the acquired assets, liabilities and contingent liabilities at their fair value. Goodwill arises when the given consideration exceeds the fair value of the acquired net assets. Deferred tax liability or deferred tax asset is recognized according to IAS 12 when acquisition is business acquisition.

Citycon applies IAS 40 Investment Property to asset acquisitions. According to IAS 40 no deferred tax asset or liability is booked on the initial recognition of the asset.

Business and asset disposals

An investment property is reclassified in the financial statement in cases where the investment property is divested. For Citycon, the characteristics of a sale of a business include, for example, the sale of a major line of business or geographical area of operations that also involves the transfer of activities, staff and/or management essential to the business.

In the case of the sale of a business, IFRS 10 Consolidated Financial Statements standard based accounting treatment is applied.

Investment property disposals are usually structured so that Citycon sells the shares of the subsidiary, that owns the property. Hence, disposal is booked according to IFRS 10 Consolidated Financial Statements standard as a sale of subsidiary. If Citycon disposes an investment property, instead of subsidiary, the disposal is accounted according to IAS 40 Investment Property standard.

When investment property is disposed, translation differences that were recorded in equity are recognised in the income statement as part of the gain or loss on sale. Accordingly, if goodwill is booked related to disposal, the respective impairment is booked as part of gains/losses of investment properties and subsidiaries.

5.2. Goodwill

Accounting policy - goodwill

Goodwill arises when the given consideration exceeds the fair value of the acquired net assets. Goodwill has been allocated to cash generating units (CGUs). Goodwill is recognised at cost less any accumulated impairment losses.

Deferred tax liabilities are valued at nominal value (not fair value). On the acquisition of business deferred tax liabilities generate goodwill, if the nominal value of deferred tax liabilities is higher than their fair value at the time of acquisition.

To the extent that the deferred tax liabilities' difference between nominal value and fair value reduces later, for example, through a change in the tax circumstances, such as decrease in tax rate of the Group, the goodwill arising from the initial recognition of the deferred tax provision may become reduced.

In order to remove the tax effects where the goodwill arises solely from the recognition of deferred tax, at the point of acquisition, the goodwill is reduced by the deferred tax liability arising from fair value adjustments in a business combination when measuring any impairment. At future impairment testing dates, any remaining deferred tax liability at the impairment testing date that resulted in an increase in goodwill at the acquisition date is reduced from goodwill when determining the carrying value of the CGU.

If part of the CGU, to which goodwill has been allocated, is disposed, goodwill that has been allocated to that disposed part is booked in gains/losses on sale of investment properties and subsidiaries. Goodwill is allocated to the disposed part based on the relative values of the disposed operations and the portion of the retained part.

A) Business combinations and goodwill

MEUR	2025	2024
Acquisition cost January 1.1.	89.9	111.4
Change from exchange rate	-0.2	-2.8
Reduction in goodwill resulting from sales of assets in Norway	-	-18.7
Accumulated acquisition cost December 31.12.	89.7	89.9

Goodwill at the end of 2025 results fully from the acquisition of Norwegian business unit on 14.7.2015. The goodwill is allocated to the Norway business unit as a whole. In 2025, no shopping centers were sold from the Norway business unit. During the financial year 2024 three shopping centres were sold from the business unit.

Citycon did not acquire any businesses during financial years 2025 and 2024.

B) Impairment testing of goodwill

Accounting policy - impairment testing of goodwill

Goodwill is tested for impairment at least annually and when circumstances indicate that the carrying value may be impaired. Goodwill is not amortized. Impairment is determined for goodwill by assessing the recoverable amount of each CGU (or group of CGUs) to which the goodwill relates. When the recoverable amount of the CGU is less than its carrying amount, an impairment loss is recognised. Impairment losses relating to goodwill cannot be reversed in future periods.

Citycon determines recoverable amounts using value in use cash flows based on cash flows over a 10 year period and administrative expenses as well as other operating income and expenses according to budget approved by Board of Directors. Cash flows do not include restructuring activities that Citycon is not yet committed to or significant future uncommitted investments that will enhance the assets' performance of the cash generating unit being tested. The recoverable amount is sensitive especially to assumption of discount rate and net rental income.

Impairment testing is performed to the net amount of goodwill, the difference between nominal and fair value of deferred tax liabilities determined at the time of acquisition is reduced from goodwill.

MEUR	2025	2024
Total goodwill	89.7	89.9
Residual balance of deferred tax liability, in excess of the fair value, initially provided on acquisition	-44.5	-44.7
Goodwill tested for impairment	45.3	45.2

**Key estimates and assumptions
- impairment testing of goodwill**

Testing of goodwill for impairment involves the management’s judgement and assumptions especially in determining the recoverable amount, which is sensitive for instance to assumption of discount rate and net rental income.

Total carrying value including goodwill to be tested was approximately EUR 888.0 million (31 December 2024: EUR 850.5 million). The pre-tax discount rate applied to the cash flow projections was 7.77% (31 December 2024: 5.31% and yield 6.67%). The recoverable amount of Norway amounted to EUR 910.9 million (31 December 2024: EUR 939.6 million) with an impairment cushion of EUR 22.8 million (31 December 2024: EUR 89.1 million) to balance value, hence there is no need for goodwill impairment.

Key assumptions used in value in use calculations

The calculation of value in use is most sensitive to discount rate and assumptions used in net rental income projections. Net rental income is based on a 10 year cash flow analysis. Discount rate represents the current market assessment of the risks specific to Norway, taking into consideration the time value of money and individual risks of Norway. The discount

rate calculation is based on weighted average cost of capital (WACC). The calculation has been updated in 2025 so that WACC has been used also in determining the terminal value, while in the comparison period 2024 the terminal value was capitalized with the external appraiser’s yield assumption.

Sensitivity to changes in assumptions

The implications of the key assumptions for the recoverable amount are net rental income and WACC. Sensitivity has been analysed regarding net rental income and WACC separately. Asset’s total recoverable amount would fall below total carrying value if net rental income decreased more than 2.22% (31 December 2024: 8.52%) from current level. If WACC determined by the company 7.77% (31 December 2024: 5.31%) would increase more than 0.12% points, then total recoverable amount of asset would fall below total carrying value.

5.3. Acquisition of non-controlling interests

Citycon acquired no minority shares during 2025 and on comparable period 2024.

5.4. Related party transactions and changes in group structure

A) Related parties

Citycon Group's related parties comprise the parent company Citycon Oyj and its subsidiaries, associated companies and joint ventures; Board members; CEO and other Corporate Management Committee members; and the company's largest shareholder G City Ltd.

In total, G City and its wholly owned subsidiaries own 59.1% (31 December 2024: 49.5%) of the total shares and votes in the company (108,472,355 shares as of 31 December 2025).

B) Related party transactions
Group companies

Group companies have paid each other fees such as maintenance and financial charges, interest expenses, loan repayments and other administrative service charges.

Such income and expenses have been eliminated from the consolidated financial statements. There have been no other related party transactions between Group companies.

Management remuneration

Information on management remuneration is presented in notes 1.6. employee benefits and personnel expenses.

Transactions with G City Ltd.
Purchases of services and expenses charged forward

Over the reporting period, Citycon paid expenses EUR 0,1 million to G City Ltd and its subsidiaries. No expenses were paid during Q1-Q4/2024. Citycon invoiced EUR 0.0 million expenses forward to G City Ltd and its subsidiaries (Q1-Q4/2024: EUR 0.0 million).

Reporting to G City Ltd.

The company's main shareholder is G City Ltd. In total, G City and its wholly owned subsidiaries own 59.1% of the shares in the company. G City has announced that it has been applying IFRS in its financial reporting starting from 2007. G City Ltd. holds the view that it exercises a controlling interest, as defined in IFRS, in Citycon Oyj based on the fact that it has been able to exercise controlling interest in Citycon's shareholders' meetings pursuant to its shareholding. In accordance with an agreement concluded between the companies, Citycon will provide G City Ltd. with a more detailed breakdown of the accounting information it discloses in its interim and full-year reports, so that G City Ltd. can consolidate Citycon Group figures into its own IFRS financial statements.

5.5. Changes in IFRS and accounting policies
New IFRS standards as well as interpretations and amendments applied in 2025

Amendments to IAS 21 became effective from 1 January 2025. These amendments did not have any material impact to Citycon's consolidated financial statements or disclosures.

IFRS 18 - Presentation and Disclosure in Financial Statements, which replaces IAS 1 standard, will become effective from beginning of January 2027. Citycon continues evaluating the impact of IFRS 18 and expects that it will have a material impact on its financial statements and disclosures.

No other changes in accounting policies during 2025. Citycon expects that the other standard interpretations or amendments that will be implemented since 1 January 2026 or later, will have no material impacts to Citycon's consolidated financial statements or disclosures.

New standards as well as interpretations and amendments applied in 2024

Amendments to IAS 1, IFRS 16 and IAS 7 became effective from 1 January 2024. These amendments did not have any material impact to Citycon's consolidated financial statements or disclosures.

IFRS 18 - Presentation and Disclosure in Financial Statements, which replaces IAS 1 standard, will become effective from beginning of January 2027. Citycon was evaluating the impact of IFRS 18 and expects that it will have a material impact on its financial statements and disclosures.

Citycon changed its accounting policy regarding goodwill impairments made related to disposed units from the beginning of 2024. Citycon presents the goodwill write-down related to divestments as part of the net gains/losses on sale of investment properties

and subsidiaries row. Previously Citycon presented the goodwill write-downs in other operating income and expenses row.

No other changes in accounting policies during 2024

5.6. Events after the reporting date

The mandatory public cash tender offer published by G City Ltd for all shares and stock options issued by Citycon commenced on 2 January 2026.

As announced on 13 January 2026, Citycon's Board of Directors resolved on a one time equity repayment of EUR 0.20 per share. Based on the current total number of shares (183,569,011), the total amount of equity repayment is EUR 36.7 million. The repayment was paid to shareholders on 27 January 2026.

On 16 January 2026, Citycon announced that the Company's Board of Directors had issued its statement regarding the mandatory public cash tender offer made by G City Ltd. In its statement, the Board recommended that shareholders accept the offer.

On 23 January 2026, Citycon announced that it had signed a new financing arrangement consisting of a EUR 270 million secured loan and an additional EUR 250 million accordion option.

Notes to the parent company's financial statements, FAS

1. Accounting policies

The parent company's financial statements are prepared in accordance with the Finnish law.

Income statement format

The income statement is presented in accordance with the function-based format.

Non-current assets

Non-current assets are recognised in the balance sheet at acquisition cost less impairment losses and depreciation/amortisation.

Intangible assets

Intangible assets include IT software and other non-current assets, including office improvement expenses. IT software is depreciated over 3–10 years as straight line basis and office improvement expenses are depreciated over the term of the lease agreement.

Tangible assets

Tangible assets include machinery and equipment and construction in progress. Machinery and equipment is depreciated at over 3–7 years as straight line basis.

Pension schemes

The company's employee pension cover is based on statutory pension insurance.

Foreign currency receivables and payables

Receivables and payables denominated in foreign currencies as well as forward rate agreements are measured at the exchange rate quoted on the balance sheet date. Any exchange rate differences resulting from currency translations are recognised as exchange rate differences in the income statement.

Income taxes

Current taxes are recognised on an accrual basis.

Deferred taxes arising from temporary differences between the book and fiscal values have been recognised separately in the income statement and the balance sheet.

Derivatives

All derivatives are valued according to the Finnish bookkeeping act KPL 5.2a at fair value.

Important note

Individual figures and sum totals presented in the financial statements have been rounded to the nearest hundreds thousands of euros; this may cause minor discrepancies between the sum totals and the sums of individual figures as given.

2. Turnover

MEUR	2025	2024
Turnover by country:		
Finland	2.3	1.7
Other countries	3.6	4.6
Total	6.0	6.3

Parent company turnover includes the following administrative fees received from Group companies:

MEUR	2025	2024
Administrative fees from Group companies	6.0	6.3

3. Personnel expenses

MEUR	2025	2024
Average number of employees during period	36	39
Personnel expenses		
Wages and salaries	-7.1	-9.8
Pension charges	-0.8	-1.4
Other social charges	-0.7	-1.5
Total	-8.6	-12.7

The items presented above include CEO's statutory pension payments, EUR 0.0 million in 2025 (0.0).

Personnel expenses include the following management wages and salaries:

MEUR	2025	2024
CEO's wages and salaries	-1.0	-0.9
Board remuneration	-1.0	-1.1
Total	-2.0	-2.0

The wages and salaries of the CEO comprises a base salary and an annual performance-based bonus. In addition, the CEO is included in the Restricted Share Plan. No payments were made under this plan in 2025 (2024: EUR 1.2 million).

F. Scott Ball served as the interim CEO of Citycon Oyj from October 8, 2024 to February 28, 2025. Subsequently, Oleg Zaslavsky served as the company's CEO from March 1 to September 7, 2025. From September 7, 2025 onwards Eshel Pesti has served as the CEO of the company.

4. Depreciation and amortisation and impairments

The following depreciation and amortisation as well as impairments are included in the administrative expenses:

MEUR	2025	2024
Amortisation on intangible assets	-1.8	-2.0

10. Shares in subsidiaries

MEUR	2025	2024
Acquisition cost 1 January	1,132.6	1,286.3
Additions during the period	225.5	-
Decreases	-10.5	-85.6
Impairments	-118.5	-68.1
Net carrying amount 31 December	1,229.1	1,132.6

During the financial year, the carrying amount of shares in subsidiaries increased by EUR 225.5 million due to the conversion of intra-group loans into equity. In addition, impairment losses of EUR 118.5 million were recognised related to the impairment of subsidiaries fair values.

11. Long-term loan receivables and derivative contracts

MEUR	2025	2024
Loan receivables from Group companies	688.0	932.0
Derivative financial instruments, from outside the Group	19.5	26.8
Total other investments 31 December	707.5	958.8

Total investments 31 December	1,936.6	2,091.5
--------------------------------------	----------------	----------------

12. Subsidiaries and associated companies and related party transactions

Parent company's subsidiaries and associated companies are presented in the Note 5.4. Related Party Transactions in the Notes to the Consolidated Financial Statements.

Citycon Oyj's related parties comprise the subsidiaries, associated companies and joint ventures; Board members; CEO and other Corporate Management Committee members; and the company's largest shareholder G City Ltd. In total, G City and its wholly owned subsidiaries own 59.1% of the total shares and votes in the company.

B) Related party transactions

Transactions with G City Ltd.

Over the reporting period, Citycon Oyj paid expenses EUR 0,1 million to G City Ltd and its subsidiaries. No expenses were paid during Q1-Q4/2024. Citycon Oyj invoiced EUR 0.0 million expenses forward to G City Ltd and its subsidiaries (Q1-Q4/2024: EUR 0.0 million).

The parent company's intra-group receivables and liabilities consist of ordinary intercompany financing arrangements related to holding company activities. Details of the parent company's receivables and liabilities are presented in Notes 11, 13 and 15. The interest terms applied in intra-group financing are either 12-month Euribor + 2.1% margin or a fixed interest rate ranging from 1.575% to 7.05%. The terms have been determined in accordance with generally accepted transfer pricing principles.

13. Short-term receivables and cash and cash equivalents

Derivative financial instruments	34.0	12.7
Total long-term liabilities	2,175.5	2,448.2
Loans maturing later than 5 years	450.0	350.0

B) Short-term liabilities

MEUR	2025	2024
Short-term interest-bearing liabilities		
Commercial paper	-	9.9
Loans from Group companies	901.6	234.6
Total	901.6	244.6
Short-term non-interest-bearing liabilities		
Payables to outside the Group		
Accounts payable	0.3	1.3
Derivative financial instruments	1.1	2.7
Total other payables	1.1	2.7
Interest liability	6.7	15.7
Other accrued expenses and deferred income	2.9	7.2
Total accrued expenses and deferred income	9.6	22.9
Total	11.0	26.9
Payables to Group companies		
Accounts payable	0.1	0.5
Other payables	0.8	0.8
Interest liability	54.3	32.3
Total accrued expenses and deferred income	54.3	32.3
Total	55.2	33.6
Total short-term liabilities	967.8	305.0
Total liabilities	3,143.4	2,753.2

The company has a syndicated revolving credit facility, which matures in 2027. In addition, the company has three hybrid bonds issued in November 2019, June 2021 and June 2024, which are reported under long term liabilities. The hybrid bond is unsecured, subordinated to all debt and senior only to ordinary share capital. A holder of hybrid bond notes has no shareholder rights. Citycon has the right to postpone interest payment on its hybrid bonds if it does not distribute dividend or any other equity to its shareholders. The hybrids has no set maturity date, but the company has the right to redeem it after five years from the issue date and thereafter on every yearly interest payment date.

Derivative financial instruments are used in Citycon group in accordance with the Treasury Policy to hedge the interest rate risk of interest bearing liabilities and foreign currency risk. All Group external derivative financial instruments in Citycon are executed by the parent company Citycon Oyj. Citycon Oyj values derivatives according to the Finnish bookkeeping act KPL 5.2a fair value model and fair value changes are booked through profit and loss. The fair value definition of derivatives are presented in note 3.6 of the consolidated Financial Statements.

16. Contingent liabilities

A) Lease liabilities

MEUR	2025	2024
Payables on lease commitments		
Maturing next financial year	0.6	0.5
Maturing later	0.2	0.7
Total	0.8	1.1

Citycon's finance leases mainly apply to computer hardware, office rents and cars.

B) Guarantees given

MEUR	2025	2024
Guarantees	1,760.0	1,832.3
Of which on behalf of Group companies	1,760.0	1,832.3

Guarantees in 2025 and in 2024 mainly relate to issued bonds of subsidiaries which Citycon Oyj has guaranteed via parent guarantee or alternatively other parent company guarantees.

Signatures to the report by the Board of Directors and Financial Statements

Signatures to the Report by the Board of Directors and Financial Statements 1 January–31 December 2025

The financial statements, prepared in accordance with applicable accounting regulations, give a true and fair view of the assets, liabilities, financial position, and profit or loss of both the company and the group of companies included in its consolidated financial statements.

The report of the Board of Directors contains a fair review of the development and performance of the business operations of both the company and the group of companies included in its consolidated financial statements, as well as a description of the most significant risks and uncertainties and other aspects of the company's condition.

Auditor's report

(Translation of the Finnish original)

To the Annual General Meeting of Citycon Oyj

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Citycon Oyj (business identity code 0699505-3) for the year ended 31 December, 2025. The financial statements comprise the consolidated income statement, statement of comprehensive income, balance sheet, statement of cash flows, statement of changes in equity and notes, including material accounting policy information, as well as the parent company's income statement, balance sheet, statement of cash flows and notes.

In our opinion

- the consolidated financial statements give a true and fair view of the group's financial position, financial performance and cash flows in accordance with IFRS Accounting Standards as adopted by the EU.
- the financial statements give a true and fair view of the parent company's financial performance and financial position in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements.

Our opinion is consistent with the additional report submitted to the Audit and Governance Committee.

Basis for Opinion

We conducted our audit in accordance with good auditing practice in Finland. Our responsibilities under good auditing practice are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We are independent of the parent company and of the group companies in accordance with the ethical requirements that are applicable in Finland and are relevant to our audit, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

In our best knowledge and understanding, the non-audit services that we have provided to the parent company and group companies are in compliance with laws and regulations applicable in Finland regarding these services, and we have not provided any prohibited non-audit services referred to in Article 5(1) of regulation (EU) 537/2014. The non-audit services that we have provided have been disclosed in note 1.5 to the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have also addressed the risk of management override of internal controls. This includes consideration of whether there was evidence of management bias that represented a risk of material misstatement due to fraud.

Key audit matter	How our audit addressed the key audit matter
<p>Valuation of investment property Refer to Note 2.1 in the consolidated financial statements.</p> <p>The value of investment properties in the consolidated financial statements 31.12.2025 is 3.265,9 million euros (3.627,8 million euros).</p> <p>Investment properties are properties in accordance with the IAS 40 standard, which are measured at fair value as referred to in IFRS 13.</p> <p>Yield requirement, market rents, vacancy rate and operating expenses form the key variables used in an investment property's fair value measurement.</p> <p>The valuation of investment property has been considered as a key audit matter of consolidated financial statements because the evaluation of the fair value of investment properties involves management's judgement and assumptions.</p> <p>This matter is a significant risk of material misstatement referred to in EU Regulation No 537/2014, point (c) of Article 10(2).</p>	<p>In our audit, we have evaluated and challenged the principles and methods applied in determining fair values and evaluated the controls related to the valuation process.</p> <p>Among other things, we have carried out the following audit activities:</p> <ul style="list-style-type: none"> Assessing the appropriateness of valuation methods and the reasonableness of the assumptions used by management. Testing the mathematical accuracy of the valuation method used by the company. Comparison of the valuation of investment properties by region with external market information sources. Assessment of the accuracy of the valuation calculation parameters. Ensuring the competence and objectivity of an external evaluator used by management. <p>We have assessed the appropriateness of presentation in the consolidated financial statements.</p>
<p>Goodwill valuation Refer to Note 5.2 in the consolidated financial statements.</p> <p>Goodwill in the consolidated balance sheet is 89,7 million euros (89,9 million euros). The goodwill is allocated to the Norway business unit as a whole.</p> <p>Goodwill is tested for impairment at least annually. Impairment is determined for goodwill by assessing the recoverable amount of each CGU (or group of CGUs) to which the goodwill relates.</p> <p>Citycon determines recoverable amounts using value in use cash flows based on cash flows. The recoverable amount is sensitive especially to assumption of discount rate and net rental income.</p> <p>The valuation of goodwill has been considered as a key audit matter of the consolidated financial statements, as the testing of goodwill for impairment involves significant management judgement and assumptions, especially in determining recoverable amount.</p>	<p>In our audit, we have evaluated impairment testing models prepared by the management and approved by the Board of Directors and evaluated impairment testing controls.</p> <p>We have discussed with management of the bases used in the forecasts and evaluated significant assumptions used by management:</p> <ul style="list-style-type: none"> We have compared growth and profitability assumptions with historical development. We have compared the input data and estimates used in the calculations with the budgets approved by the Board of Directors. In assessing the accuracy of discount rates, we have compared the input data used to determine the discount rate with external sources and mirrored the change in interest rates to the previous year, assessing its accuracy. We have tested the mathematical accuracy of the impairment test calculation. <p>We have also assessed the appropriateness of the notes on impairment testing.</p>
<p>We have no key audit matters to report with respect to our audit of the parent company financial statements. There are no significant risks of material misstatement referred to in EU regulation No 537/241, point (c) of Article 10(2) relating to the parent company's financial statements.</p>	

Responsibilities of the Board of Directors and the Managing Director for the Financial Statements

The Board of Directors and the Managing Director are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with IFRS Accounting Standards as adopted by the EU, and of financial statements that give a true and fair view in accordance with the laws and regulations governing the preparation of financial statements in Finland and comply with statutory requirements. The Board of Directors and the Managing Director are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors and the Managing Director are responsible for assessing the parent company's and the group's ability to continue as going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting. The financial statements are prepared using the going concern basis of accounting unless there is an intention to liquidate the parent company or the group or cease operations, or there is no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance on whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with good auditing practice will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and

are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with good auditing practice, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the parent company's or the group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Board of Directors' and the Managing Director's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the parent company's or the group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report

to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the parent company or the group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events so that the financial statements give a true and fair view.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial

statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Reporting Requirements

Information on our audit engagement

We were first appointed as auditors by the Annual General Meeting on 19.3.2024, and our appointment represents a total period of uninterrupted engagement of 2 years.

Other Information

The Board of Directors and the Managing Director are responsible for the other information. The other information comprises the report of the Board of Directors and the information included in the Annual Report but does not include the financial statements and our auditor's report thereon. We have obtained the report of the Board of Directors prior to the date of this auditor's report, and the Annual Report is expected to be made available to us after that date.

Our opinion on the financial statements does not cover the other information.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

With respect to the report of the Board of Directors, our responsibility also includes considering whether the report of the Board of Directors has been prepared in compliance with the applicable provisions.

In our opinion, the information in the report of the Board of Directors is consistent with the information in the financial statements and the report of the Board of Directors has been prepared in compliance with the applicable provisions.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.
