February 2nd 2017

NetEnt games live in Mexico with Codere

After a successful integration process, a wide range of NetEnt's award-winning games are now live and available in Codere's online casino network in Mexico.

NetEnt recently signed a license agreement with Codere to enter the regulated online casino market in Mexico. Spanish-based gaming operator Codere is an existing customer of NetEnt and has a significant presence on the traditional land-based casino markets in Spain, Italy and Latin America. Codere is one of the largest casino operators in Mexico and has an operator license for both land-based and online casino operations. NetEnt can provide its games to Codere through Codere's existing operator license.

For more information about the agreement with Codere in Mexico, please see the press release from December 2016: <https://www.netent.com/en/netent-enters-mexico-with-codere/>
