Based on the acclaimed *Vikings* TV series – a worldwide hit with viewers since it premiered in 2013 – *Vikings* Video Slot features star characters, including Ragnar Lothbrok (Travis Fimmel) and Lagertha (Katheryn Winnick), along with immersive footage and imagery inspired by the historical drama.

Players will be able to take out their sun compasses and set sail to the brutal and mysterious Dark Ages with the famous Norse clan as they battle for their plunder.

The 5-reel, 3-row, 243 betways video slot introduces new Hotspot and Shield Wall features, plus a Raid Spins symbol and Raid Spins mode, where the excitement is extended by boosting the game to a 7-reel, 5-row, 78,125 betways reel area.

“With its epic storytelling and loyal global fanbase, *Vikings* is an iconic franchise. It is a perfect brand for us to partner with and to bring to life for slots players,” **says Bryan Upton, NetEnt Director of Game Products.**

“Since first announcing the partnership at ICE in February the anticipation and excitement has been building all year. At NetEnt, we are huge fans of *Vikings* too and are delighted with the product we’ve created.”

The *Vikings* TV series is commissioned by HISTORY®, part of A+E Networks®, a global media and entertainment brand portfolio. A+E Networks is the exclusive licensor for *Vikings* gaming, gambling, and live event / experiential businesses.
