# NetEnt adds to its adventure-themed archive with launch of Mercy of the Gods™

Players return to Egypt as they aim to reel in the fortunes of the Pharaohs

An adventurous archaeologist has discovered an ancient pyramid and seeks to solve its mysteries and find its treasures in NetEnt's latest release, Mercy of the Gods™.

The game is a beautifully designed, 5-reel, 3-row, 20 winline video slot offering progressive jackpots with NetEnt's network of global operators.

In the game, Isis, the goddess of life and prosperity, awards Gift of Life Re-Spins with the added gift of Double Wilds. Scatter, or the eye of Ra, opens the way to Free Spins at the top of the pyramid, while collecting bonus symbols gives the chance to enter the realm of Anubis, and the possibility of winning the Gift of Wealth Jackpot.

“Built on top performing Divine Fortune game mechanics, our casino partners can expect a strong performance from our latest release. We've added some high variance and created a polished and beautiful Egyptian style art package. Mercy of the Gods is a top-quality proven performer and I'm looking forward to what our players think about it across our network.”  
**said Bryan Upton, NetEnt Director of Games.**
