## NetEnt brings double the joy with the release of Twin Happiness

Delivering classic excitement with an Asian twist, NetEnt's proven linked reels feature comes to life again in Twin Happiness.

Promising to be a hit with players, the release of Twin Happiness adds a touch of Asia to a classic NetEnt slot.

Every single spin of the 5-reel, 3-row slot sees at least two of the reels synchronized and linked together. During the spin, the reels can expand to become triplet, quadruplet or even quintuplet reels on 243 ways pay configuration.

Twin Happiness also includes Wild symbols, which appear on reels 2, 3, 4 and 5 and substitute for all symbols.

“As our first authentically designed Asian slot, we are really happy with the results. The linked reel mechanics remain the core of this title, but the Asian-style graphics and sounds will appeal to old and new slot fans alike. We’re expecting it to be a go-to game for many players.” said **Bryan Upton, NetEnt Director of Games**.
