

**Press release****18 September 2017****Nuevolution AB (publ) intends to move the listing of its shares to Nasdaq Stockholm's main market during the fiscal year 2017/18**

Stockholm, 18 September 2017 -- Nuevolution AB (publ), a leading small-molecule drug-discovery biotech company listed on Nasdaq Stockholm First North Premier (NUE.ST), today announced that the company intends to move the listing of its shares to the Nasdaq Stockholm's main market in fiscal 2017/18.

Following a review of Nuevolution's business strategy, the Board of Directors is of the opinion that the time is appropriate to move the listing of the Company's shares to a regulated market. This forms an important part of the Company's strategy "Grand plan - Reaching New Horizons".

'The listing of Nuevolution's shares on Nasdaq Stockholm's main market has been an outspoken ambition and target, ever since the shares were listed on Nasdaq First North Premier in December 2015. Today, we announce that we plan for this to happen in the fiscal year 2017/18. This is a natural progression of the Company's strategy laid out in connection with the IPO in 2015,' stated CEO Alex Haahr Gouliaev.

More details behind this decision and information about Nuevolution's "Grand Plan - Reaching New Horizons" can be found in the Annual report 2016/17, released today and available on the Company's homepage www.nuevolution.com

To support a successful change of listing, Nuevolution has engaged Carnegie Investment Bank as financial advisor, Advokatfirman Vinge as legal advisor and E&Y for a pre-IPO review.
