Sweco acquires Danish traffic planning specialist Via Trafik Rådgivning A/S

Via Trafik Rådgivning will strengthen Sweco's position within traffic analysis, planning and road design in Denmark. The acquisition will enable Sweco to integrate more relevant services in a unified consulting offering within mobility and infrastructure.

Via Trafik Rådgivning is Denmark's largest specialized consultancy within traffic and mobility. The company was founded in 2000 and employs 53 FTEs. The revenue for the financial year 1st July 2021 – 30th June 2022 was DKK 51 million.

"We see potential in transport and infrastructure over the next several years, and with Via Trafik Rådgivning as part of Sweco, we secure our capabilities to achieve success in that market. With Via Trafik Rådgivning, we are not only growing with 53 specialists with highly recognized expertise; we also complement our existing setup and competencies within traffic planning and road design. I am happy to be able to welcome Via Trafik Rådgivning to Sweco," says Dariush Rezai, Business Area President of Sweco Denmark.

Co-founder and partner at Via Trafik Rådgivning, Mogens Møller is excited to becoming part of Europe's leading architecture and engineering consultancy.

"We will become one of the most significant consultancies within traffic planning and road design in Denmark. I look forward to being part of a multidisciplinary consulting company that favours interdisciplinary collaboration and deep specialization".
