## Press conference, June 30: Polygiene ViralOff – from launch to category leader in 3 months

We would like to invite you to our orientation on ViralOff®, an opportunity to give you essential information and updates.

Polygiene CMO and PhD Mats Georgson will present the big picture, several new developments and launches. In addition, we will also look at the intricacies and importance of global testing parameters surrounding viruses and of course, Covid-19 in particular.

The key concept here is pandemic sustainability – taking care of both viruses as well as the planet means being tough on the former but nice to the latter.

We look forward to having you there!
