"We are very pleased with the passenger volume trend in July and are happy that so many people have chosen to travel on our vessels. It is especially nice that Rosella has set passenger records two months in a row. We see that there is a great interest in spending the holiday in neighbouring countries among our travellers, which reflects the social trend right now," says Viking Line's President and CEO, Jan Hanses.

\* An all-time record was set in 2017 with the addition of extra capacity with the catamaran Viking Faster on the Helsinki–Tallinn route.

\*\* This figure also includes passengers who travelled on the Stockholm–Tallinn and Mariehamn–Tallinn routes with Mariella/Gabriella
