## Nobina AB (publ) to repurchase own shares

**The Annual General Meeting ("AGM") on 31 May 2017 resolved to authorise the Board of Directors to decide on repurchase of own shares. The Board of Directors has, based on the authorisation, decided to initiate the repurchasing programme. The main reason for the repurchasing programme is to secure the number of performance and matching shares that shall be delivered to participants in Nobina's share saving scheme. Repurchased shares may also be used for the purpose of covering costs for social security charges that may arise in connection with the share saving scheme.**

The repurchase of shares may only take place on Nasdaq Stockholm and only at a price within the price interval prevailing at any given time. Purchases may be made at one or more occasions up until the AGM in 2018, and by a maximum of 427,096 shares.

Nobina currently holds no own shares.
