## Nobina wins new contract in Denmark

**Nobina has been awarded a new contract by Midttrafik to operate and develop city transport services in Horsens and the surrounding areas. All services will be operated by electric buses from the start of the contract in June 2023. This represents a clear commitment to sustainability.**

The term of the agreement is ten years, with an option for a total of four extension years, and comprises a total of 17 scheduled electric buses. For the security and comfort of passengers, all buses will naturally be equipped with security cameras and both Wi-Fi and USB chargers.

"We are proud and pleased to again collaborate with Midttrafik. Together, and with shared ambitions, we have an opportunity to continue to develop sustainable and safe journeys," says Bram Lauwers, Business Area Director Nobina Denmark.

The award decision can be appealed until 10 June 2022.

### About Nobina

This is Nobina. We are the Nordic region's largest public transport operator, with 13,000 employees across four countries. Every day, all year round, one million people choose to travel more sustainably with us. From north to south, in urban and in rural areas. To the next bus stop, or all the way home. Together with our passengers and clients, we are big enough to make a real difference. From a welcoming greeting and a comfortable bus journey, to new smart technology that contributes to more fossil-free travel. A unique opportunity to bring about change.

The Group operates in Sweden, Norway, Denmark and Finland and reported sales of almost SEK 13 billion in 2021/2022. In the Swedish and Danish markets, Nobina also operates service traffic under the Samtrans, Göteborgs Buss, Telepass and Ørslev brands, respectively.

Together, we keep society moving every day.
