## Nobina wins new contract in Värmland

**Region Värmland has chosen to expand its collaboration with Nobina through a new contract for city transport in urban areas of Karlstad.**

The new contract starts in July 2025 and will extend over two years and six months and subsequently synchronise with other traffic contracts in the county, all of which will be renewed in 2027.

The contract comprises a total of 60 scheduled vehicles as well as three vehicles that will strengthen services during the times of the day when most people travel. Most of the vehicles are multi-axle buses, together with four electric articulated buses on the busiest routes. The electric buses will have frequent departures and dedicated traffic lanes, in line with the BRT concept. There are plans to develop this further during the contract period to improve accessibility and serve more passengers.

“I am pleased that Region Värmland wants to work together with us to create a sustainable public bus transport system with a passenger focus. We are proud of the trust shown in us and are looking forward to our collaboration,” says Martin Pagrotsky, Managing Director, Nobina Sweden.

The award decision can be appealed until 24 February 2023.

### **About Nobina**

This is Nobina. We are the Nordic region's largest public transport operator, with 13,000 employees across four countries. Every day, all year round, one million people choose to travel more sustainably with us. From north to south, in urban and in rural areas. To the next bus stop, or all the way home. Together with our passengers and clients, we are big enough to make a real difference. From a welcoming greeting and a comfortable bus journey, to new smart technology that contributes to more fossil-free travel. A unique opportunity to bring about change.

The Group operates in Sweden, Norway, Denmark and Finland and reported sales of almost SEK 13 billion in 2021/2022. In the Swedish and Danish markets, Nobina also operates service traffic under the Samtrans, Göteborgs Buss, Telepass and Ørslev brands, respectively.

Together, we keep society moving every day.
