

# Wilson Therapeutics hosts Capital Markets Day today at 13:30 CET/08:30 EDT

Wilson Therapeutics (publ) will host a Capital Markets Day in Stockholm today, March 21, 2018 for investors, analysts and media. The program will include an in-depth discussion on Wilson Disease and the company's candidate drug, WTX101, currently in Phase 3 development for Wilson Disease. During the event, pre-clinical data, data from the company's Phase 2 study and the design of the Phase 3 study will be described further. Furthermore, the company's market analysis and commercial planning will be presented.

Members from the senior management team will be joined by Dr. Frederick K. Askari MD, PhD, Associate Professor and Director of the Wilson Disease program at the University of Michigan.

The event will take place at GT30, Grev Turegatan 30, Stockholm. Registration onsite will be from 13:30 CET. The presentations will be held in English and will commence at 13:45 CET / 08:45 EDT and are expected to conclude at 16:15 CET / 11:15 EDT.

The event will be webcast live. A replay will be made available shortly after the event. The webcast can be reached on: <https://tv.streamfabriken.com/wilson-therapeutics-cmd-2018>.
