

## Flowscape wins order in Switzerland

A consulting company based in Switzerland and Germany chooses Flowscape for room booking and workplace booking.

The company decided to install Flowscape's solution at their head office in Zurich, Switzerland. The company has several offices in Germany and Switzerland, and the plan is to install Flowscape in these offices as well. The order value is 10,900 Euro (SEK 115,000) with recurring income of 5000 Euro (SEK 55,000).

*"The European market is now opening up after the pandemic. In many European countries, there is an important shift where employees will work more from home. The change is often greater than in Sweden since the change is from permanent workplaces or private office rooms. Now there is a change to flexible offices where employees need to book workplaces when they will work at the office. This change requires smart office solutions, which is positive for us. This order is a software as a service installation, which is well within our ambition to increase the proportion of software only and recurring revenue in our deliveries"* says Anders Malmström, Flowscape Europe.

The customer, with operations in Switzerland and Germany, chose Flowscape for room booking and booking of workplaces for its headquarters in Zurich. Flowscape was able to meet the customer's requirements for function, easy installation, and price

### **About Flowscape Technology AB**

Flowscape is a Prop-Tech company with a world-leading solution for social distancing in the office, optimization of office space and a more efficient workday. The solution uses the latest IoT sensors and indoor positioning technology to create a state of the art SaaS solution for smart offices. The main function, Flowmap, gives companies an overview of the office and enables them to quickly find rooms, desks, office equipment and colleagues as well as analysis of the use of the spaces. Flowscape also has a communication tool for efficient geo fence specific communication to people in a building or people within an area in the event of a crisis.

Flowscape has offices in Stockholm (headquarters), Sofia, San Francisco and London.
