

## Flowscape wins contract with Swedish governmental agency

A Swedish governmental agency with high security requirements selected Flowscape as their room booking solution. The order value for the first year is SEK 986,000 (EUR 88,130) including SEK 161,500 (EUR 14,450) annual recurring revenue

"We strengthen our position as a leading supplier to authorities and companies with the highest demands on safety and function. The customer decided us for our efficient and leading [room panel solution](#) which is completely delivered within the customer's own IT firewalls and does not need connection to a cloud service. Our solution for booking conference rooms is easy to expand with functions for the new [hybrid way of working](#) and to [measure office occupancy](#). I am proud that we can offer a unique solution for municipalities and authorities that have high security requirements and do not allow cloud solutions." says Peter Löfgren, Head of Sales Nordic for Flowscape.

### About Flowscape Technology AB

Flowscape is a SaaS company with a world-leading solution for the hybrid office, optimization of office space and a more efficient workday. The solution uses the latests sensor technology to create a state of the art SaaS solution for smart offices. The main function, Flowmap, gives companies an overview of the office and enables them to quickly find rooms, desks, office

equipment and colleagues as well as analysis of the use of the spaces. Flowscape also has a communication tool for efficient geo fence specific communication to people in a building or people within an area in the event of a crisis. Flowscape has offices in Stockholm (headquarters), Sofia, San Francisco and London.
