GomSpace Secures 1.8 MEUR (19.9 MSEK) of Products order intake in Q1 2026

GomSpace has received orders from more than 25 customers for a total of 1.8 MEUR (19.9 MSEK), aligned with the target for the quarter.

Following 2.45 MEUR (27 MSEK) in Q4 2025—typically the strongest quarter—this performance confirms a solid pipeline and sustained growth in market demand for products and systems, setting a positive trajectory for 2026.

*“The growing demand reflects the value we deliver through advanced products and subsystems that help customers achieve their goals. Supporting their success is central to our mission, ‘Act for customer value,’ and drives our teams every day,” said **Carsten Drachmann, CEO of GomSpace**. “As a product manufacturer, our offerings form the foundation of our platform portfolio and end-to-end solutions, enabling customers to pursue their ambitions in space.”*

This Q1 performance sets the Products for year-on-year growth as planned and previously announced.

About GomSpace Group AB

Founded in 2007, GomSpace is a global provider of small satellite solutions with customers in more than 60 countries. The company’s business operations are mainly conducted through the wholly owned Danish subsidiary, GomSpace A/S, with headquarters and operational facilities in Aalborg, Denmark. GomSpace also has key operations in Luxembourg, France, and the United States. GomSpace develops and delivers advanced systems and services that enable governments, commercial enterprises, and research institutions to achieve their objectives in space. The company’s expertise covers satellite subsystems, complete small satellite missions, and satellite operations, providing solutions that support smarter, faster, and more affordable access to space.

The company is listed on Nasdaq First North Premier Growth Market in Stockholm under the ticker GOMX. FNCA Sweden AB is the Company’s Certified Adviser. For more information, please visit
