

ExpreS²ion will participate in key industry and investor events

Hørsholm, Denmark, August 15, 2022 – ExpreS²ion Biotech Holding AB's affiliate ExpreS²ion Biotechnologies ApS ("ExpreS²ion") will participate and hold presentations at key industry and investor events in the coming month. These include a presentation of Q2 2022 results (August 18), the LSX Nordic Investor Conference (September 6-7), and PIVAC-22, a forum covering the most recent advances in cancer immunotherapy (September 26-28).

By attending relevant industry and investor events, the company aims to increase the awareness of the ExpreS² technology platform and its exciting development pipeline, including the novel ES2B-C001 HER2-cVLP breast cancer vaccine. More information on each event and how to register is found below.

Presentation of Q2 2022 results at the H.C. Andersen Capital webinar, August 18 at 14:00 CET
ExpreS²ion CEO Bent U. Frandsen and CFO Keith Alexander will discuss the Q2 2022 results and answer investors' questions. More information and registration can be found on the [H.C. Andersen Capital events website](#).

LSX Nordic Congress, September 6-7, Copenhagen, Denmark

An opportunity for investors and potential partners to meet ExpreS²ion CEO Bent U. Frandsen and CFO Keith Alexander in 1-on-1 meetings. More information and registration can be found on the [LSX Nordic website](#).

Progress in Vaccination Against Cancer (PIVAC-22), September 26-28, Torino, Italy

Meet ExpreS²ion's VP of Preclinical Development, Dr. Mette Thorn, and hear the company's preclinical development partners from the University of Bologna present on "Prevention and therapy of metastatic HER-2+ mammary carcinoma with a human candidate HER-2 virus-like particle vaccine," in a forum covering the most recent advances in the field of cancer immunotherapy. More information and registration can be found on the [PIVAC-22 website](#).

About ExpreS²ion

ExpreS²ion Biotechnologies ApS is a fully owned Danish subsidiary of ExpreS²ion Biotech Holding AB with company register number 559033-3729. ExpreS²ion has developed a unique technology platform, ExpreS², for fast and efficient non-clinical development and production of complex proteins for new vaccines and diagnostics. ExpreS² is regulatorily validated for clinical supply. The platform includes functionally modified glycosylation variants for enhanced immunogenicity and pharmacokinetics. Since 2010, the Company has produced more than 500 proteins and virus-like particles (VLPs) in collaboration with leading research institutions and companies. ExpreS²ion develops novel VLP based vaccines in association with AdaptVac ApS, of which ExpreS²ion owns 34%. For additional information, please visit www.expres2ionbio.com.
