

XMReality receives order from Toshiba America Business Solutions

XMReality Inc. has signed an annual subscription agreement with Toshiba America Business Solutions, Inc., a subsidiary of Toshiba TEC Corporation. They are a global leader within office printing and retail solutions and have offices across the U.S. and Latin America. Toshiba America Business Solutions will use XMReality to improve service resolution times while at the same time reducing travel.

"We are excited to see continued momentum in the U.S. market with a new relationship with a global technology leader. This is a great start of the year for our U.S. sales team. We look forward to supporting Toshiba America Business Solutions as they continue to provide their customers and dealers with world-class service." says Tim Koepl, President at XMReality Inc.

About XMReality Remote Guidance™

XMReality Remote Guidance is an AR-enabled knowledge sharing tool that lets you communicate with gestures, speech, chat and pointers with someone at a completely different place. It includes:

- A unique hands-overlay technology that lets you guide someone else's hands—as if you were there.
- A web portal to manage teams and users, and to measure usage
- Integration through client-side API's (Application Programming Interfaces)

About XMReality

XMReality AB (publ) develops and sells solutions that revolutionize knowledge transfer through so-called Augmented Reality (AR). The company is a market leader in remote guidance where you guide a person on site via AR to solve problems or prevent them from occurring. The product is used globally in more than 60 countries. Nestlé, Electrolux, Sidel, Heineken and Saab are examples of the more than 125 customers. XMReality is based in Linköping and in the U.S. and is listed on the Nasdaq First North Growth Market (ticker: XMR). XMReality Inc. is the company's wholly owned U.S. subsidiary.
