

Cinkciarz and Conotoxia support #deletefacebook and delete accounts

Cinkciarz and [Conotoxia](#), companies from the Conotoxia Holding Group, join #deletefacebook and remove their brand profiles.

"We place the privacy of our customers' data at the forefront of our activities in the financial sector. As a result of the allegations regarding the leakage of data to Cambridge Analytica, I have decided to remove all our company accounts on Facebook," informs [Marcin Pióro, Cinkciarz CEO](#), founder and owner of Conotoxia Holding Group.

The campaign was initiated by internet users and was joined by such personalities of the business world and modern technologies as Brian Acton, the founder of WhatsApp and Elon Musk. SpaceX and Tesla have also been removed from popular social networking sites. The Conotoxia Group supports these decisions and also backs the #deletefacebook initiative.

Questions will be answered on the company's live chat at [Conotoxia.com](#).
