Starbreeze Publishing signs Mohawk Games strategy title “10 Crowns”

STOCKHOLM, SWEDEN (February 05, 2017) Starbreeze, an independent creator, publisher and distributor of high quality entertainment products, has signed a publishing agreement with Mohawk Games regarding the project currently under the working title *10 Crowns*.

10 Crowns is an epic-scale turn-based strategy game that lets players create the greatest dynasty in world history.

The industry veteran team behind Mohawk Games is led by Soren Johnson (Lead Designer of Civilization IV) and Dorian Newcomb (Art Director of Civilization V).

“As an avid Civilization IV fan and gamer, I couldn’t be more excited about 10 Crowns promise of refreshing the classic strategy genre. I’m greatly looking forward to working with Mohawk on the game”, said Bo Andersson-Klint, Starbreeze CEO.

“Everyone here at Mohawk is very excited to work with Starbreeze on 10 Crowns, going back to our game development roots to make a classic historical 4X strategy game with some important and radical innovations to the genre. I look forward to sharing more about the design with the strategy game community and involving them in development as early as possible”, said Soren Johnson at Mohawk Games.

10 Crowns is currently in prototyping stages of development.

About Starbreeze

Starbreeze is an independent creator, publisher and distributor of high-quality entertainment products. With studios in Stockholm, Paris, Los Angeles, Barcelona and Brussels, the company creates games and other virtual reality entertainment products, based on proprietary design and licensed content. Starbreeze most recent games include PAYDAY 2®, VR-shooter John Wick Chronicles, and upcoming survival co-op FPS OVERKILL's The Walking Dead. Under its publishing initiative, Starbreeze has together with Canadian studio Behaviour Digital successfully launched horror thriller Dead by Daylight.

Starbreeze has set out to develop truly immersive virtual reality experiences, by integrating software and hardware in its StarVR® head mounted display, which is produced together with Acer.
